

281—15.6(256) School responsibilities. Each board of a school district or an accredited nonpublic school employing telecommunications for instruction shall develop policies relative to the use of telecommunications in the delivery of the educational program that are consistent with effective clinical practice. The school district or accredited nonpublic school shall report its use of telecommunications for instruction annually to the department on forms provided by the department. This report shall include:

1. To whom the instruction was delivered including class size, type of class (such as seminar or lecture), and grade level;
2. The course description and schedule of instruction;
3. The number, assignment, licensure including the licensing folder number, and the training received regarding effective practices which enhance learning by telecommunications of all staff involved in the teaching/learning process at both the origination and the receiving sites; and
4. The type of telecommunications used for course delivery, e.g., Internet, ICN, Polycom, etc.
