

645—265.2 (148G,152B,272C) Code of ethics.

265.2(1) The respiratory care practitioner or polysomnographic technologist shall practice acceptable methods of treatment and shall not practice beyond the competence or exceed the authority vested in the practitioner or technologist by physicians.

265.2(2) The respiratory care practitioner or polysomnographic technologist shall continually strive to increase and improve knowledge and skill and shall render to each patient the full measure of the practitioner's or technologist's ability. All services shall be provided with respect for the dignity of the patient, regardless of the patient's social or economic status or personal attributes or the nature of the patient's health problems.

265.2(3) The respiratory care practitioner or polysomnographic technologist shall be responsible for the competent and efficient performance of assigned duties and shall expose incompetent, illegal or unethical conduct of members of the profession.

265.2(4) The respiratory care practitioner or polysomnographic technologist shall hold in confidence all privileged information concerning the patient and refer all inquiries regarding the patient to the patient's physician.

265.2(5) The respiratory care practitioner or polysomnographic technologist shall not accept gratuities and shall guard against conflict of interest.

265.2(6) The respiratory care practitioner or polysomnographic technologist shall uphold the dignity and honor of the profession and abide by its ethical principles.

265.2(7) The respiratory care practitioner or polysomnographic technologist shall have knowledge of existing state and federal laws governing the practice of respiratory therapy or polysomnography and shall comply with those laws.

265.2(8) The respiratory care practitioner or polysomnographic technologist shall cooperate with other health care professionals and participate in activities to promote community, state, and national efforts to meet the health needs of the public.
