

**567—22.106(455B) Title V permit fees.**

**22.106(1) Fee established.** Any person required to obtain a Title V permit shall pay an annual fee based on the total tons of actual emissions of each regulated air pollutant, beginning November 15, 1994. Beginning July 1, 1996, Title V operating permit fees will be paid on or before July 1 of each year. The fee shall be based on actual emissions required to be included in the Title V operating permit application and the annual emissions statement for the previous calendar year. The department and the commission will review the fee structure on an annual basis and adjust the fee as necessary to cover all reasonable costs required to develop and administer the programs required by the Act. The department shall submit the proposed budget for the following fiscal year to the commission no later than the March meeting. The commission shall set the fee based on the reasonable cost to run the program and the proposed budget no later than the May commission meeting of each year. The commission shall provide an opportunity for public comment prior to setting the fee. The commission shall not set the fee higher than \$56 per ton without adopting the change pursuant to formal rule making.

**22.106(2) Fee calculation.** The fee amount shall be calculated based on the first 4,000 tons of each regulated air pollutant or contaminant emitted each year from each major source.

**22.106(3) Fee and documentation due dates.**

*a.* The fee shall be submitted annually by July 1. For emissions located in Polk County or Linn County, the fee shall be submitted with three copies of the following forms. For emissions in all remaining counties, the fee shall be submitted with two copies of the following forms:

1. Form 1.0 “Facility identification”;
2. Form 5.0 “Title V annual emissions summary/fee”; and
3. Part 3 “Application certification.”

*b.* For emissions located in Polk County or Linn County, three copies of the following forms shall be submitted annually by March 31 documenting actual emissions for the previous calendar year. For emissions in all other counties, two copies of the following forms shall be submitted:

1. Form 1.0 “Facility identification”;
2. Form 4.0 “Emission unit—actual operations and emissions” for each emission unit;
3. Form 5.0 “Title V annual emissions summary/fee”; and
4. Part 3 “Application certification.”

Alternatively, an owner or operator may submit the required emissions inventory information through the electronic submittal format specified by the department.

If there are any changes to the emission calculation form, the department shall make revised forms available to the public by January 1. If revised forms are not available by January 1, forms from the previous year may be used and the year of emissions documented changed. The department shall calculate the total statewide Title V emissions for the prior calendar year and make this information available to the public no later than April 30 of each year.

**22.106(4) Phase I acid rain sources.** No fee shall be required to be paid for emissions which occur during the years 1993 through 1999 inclusive, with respect to any Phase I acid rain affected unit under Section 404 of the Act.

**22.106(5) Operation in Iowa.** The fee for a portable emissions unit or stationary source which operates both in Iowa and out of state shall be calculated only for emissions from the source while operating in Iowa.

**22.106(6) Title V exempted stationary sources.** No fee shall be required to be paid for emissions until the year in which sources exempted under subrules 22.102(1) and 22.102(2) are required to apply for a Title V permit. Fees shall be paid for the emission year preceding the year in which the application is due and thereafter.

**22.106(7) Insignificant activities.** No fee shall be required to be paid for insignificant activities, as defined in rule 22.103(455B).

**22.106(8) Correction of errors.** If an owner or operator, or the department, finds an error in a Title V emissions inventory or Title V fee payment, the owner or operator shall submit to the department revised forms making the necessary corrections to the Title V emissions inventory or Title V fee payment.

Forms shall be submitted as soon as possible after the errors are discovered or upon notification by the department.
