1 5 <Sec. \_\_\_\_\_. CASE MANAGEMENT FOR THE FRAIL ELDERLY.  
1 6 1. The department of human services shall submit a  
1 7 medical assistance state plan amendment to the centers  
1 8 for Medicare and Medicaid services of the United  
1 9 States department of health and human services to  
1 10 provide for inclusion of case management for the frail  
1 11 elderly as a medical assistance covered service. The  
1 12 department of human services shall develop the medical  
1 13 assistance state plan amendment in consultation with  
1 14 the department of elder affairs.  
1 15 2. If the medical assistance state plan amendment  
1 16 is approved, the department of elder affairs shall use  
1 17 existing funding for case management as nonfederal  
1 18 matching funds. The department of elder affairs, in  
1 19 consultation with the department of human services,  
1 20 shall determine the amount of current funding that  
1 21 would be eligible for use as nonfederal matching funds  
1 22 so that sufficient funding is retained to provide case  
1 23 management services for frail elders who are not  
1 24 eligible for the medical assistance program.  
1 25 The department shall establish a reimbursement rate  
1 26 for case management for the frail elderly such that  
1 27 the amount of state funding necessary to pay for such  
1 28 case management does not exceed the amount  
1 29 appropriated to the department of elder affairs for  
1 30 case management for the frail elderly in the fiscal  
1 31 year beginning July 1, 2005. All state and federal  
1 32 funds appropriated or received for case management for  
1 33 the frail elderly shall be used for services to  
1 34 clients eligible for medical assistance. Any state  
1 35 savings realized from case management for the frail  
1 36 elderly shall be used to expand services to the frail  
1 37 elderly.  
1 38 3. The department of human services in  
1 39 consultation with the department of elder affairs  
1 40 shall determine whether case management for the frail  
1 41 elderly should continue to be provided through a sole  
1 42 source contract or if a request for proposals process  
1 43 should be initiated to provide the services. The  
1 44 departments shall submit their recommendation to the  
1 45 general assembly by January 1, 2006.>  
1 46 #2. By renumbering as necessary.
