41 principles during deliberation of all appropriate

45 state agency, local government, or other public entity  
46 beyond that which is authorized under chapter 6A or 6B:

47 1. *Collaboration.* Governmental, community, and

29 land, protects historic resources, promotes pedestrian

47 Planning, zoning, development, and resource management  
48 should emphasize protection, preservation, and  
49 restoration of natural resources, agricultural  
50 land, and cultural and historic landscapes, and

1 should increase the availability of open spaces and  
2 recreational facilities.

8 pollution through efficient use of land, energy, water,  
9 air, and materials.

10 10. *Transportation diversity.* Planning, zoning,  
11 development, and resource management should promote  
12 expanded transportation options for residents of  
13 the community. Consideration should be given to  
14 transportation options that maximize mobility, reduce  
15 congestion, conserve fuel, and improve air quality.
