1 Amend Senate File 366, as amended, passed, and
2 reprinted by the Senate, as follows:
3 1. By striking everything after the enacting clause
4 and inserting:
5 <Section 1. Section 97A.6, subsection 7, paragraph
6 a, subparagraph (1), Code 2015, is amended to read as
7 follows:
8 (1) Should any beneficiary for either ordinary
9 or accidental disability, except a beneficiary
10 who is fifty-five years of age or over and would
11 have completed twenty-two years of service if the
12 beneficiary had remained in active service, be
13 engaged in a gainful occupation paying more than
14 the difference between the member's net retirement
15 allowance and one and one-half times the current
16 earnable compensation of an active member at the same
17 position on the salary scale within the member's rank
18 as the member held at retirement, then the amount of
19 the retirement allowance shall be reduced, subject to
20 the requirements of this subparagraph, to an amount
21 such that the member's net retirement allowance plus
22 the amount earned by the member shall equal one and
23 one-half times the amount of the current earnable
24 compensation of an active member at the same position
25 on the salary scale within the member's rank as
26 the member held at retirement. Should the member's
27 earning capacity be later changed, the amount of the
28 retirement allowance may be further modified, subject
29 to the requirements of this subparagraph, provided
30 that the new retirement allowance shall not exceed the
31 amount of the retirement allowance originally granted
32 adjusted by annual readjustments of pensions pursuant
33 to subsection 14 of this section nor an amount which
34 would cause the member's net retirement allowance,
35 when added to the amount earned by the beneficiary, to
36 equal one and one-half times the amount of the current
37 earnable compensation of an active member at the same
38 position on the salary scale within the member's rank
39 as the member held at retirement. However, a member's
40 retirement allowance payable in a calendar year shall
41 not be reduced pursuant to this subparagraph to an
42 amount that is less than half of the member's ordinary
43 disability or accidental disability retirement benefit
44 allowance calculated without regard to this paragraph
45 "a", and otherwise payable to the member in a calendar
46 year. A beneficiary restored to active service at
47 a salary less than the average final compensation
48 upon the basis of which the member was retired at age
49 fifty-five or greater, shall not again become a member
50 of the retirement system and shall have the member's

1 retirement allowance suspended while in active service.
2 If the rank or position held by the retired member is
3 subsequently abolished, adjustments to the allowable
4 limit on the amount of income which can be earned in
5 a gainful occupation shall be computed in the same
6 manner as provided in subsection 14, paragraph "c",
7 of this section for readjustment of pensions when a
8 rank or position has been abolished. If the salary
9 scale associated with a member's rank at retirement is
10 changed after the member retires, earnable compensation
11 for purposes of this section shall be based upon the
12 salary an active member currently would receive at
13 the same rank and with seniority equal to that of the
14 retired member at the time of retirement. For purposes
15 of this paragraph, "*net retirement allowance*" means
16 the amount determined by subtracting the amount paid
17 during the previous calendar year by the beneficiary
18 for health insurance or similar health care coverage
19 for the beneficiary and the beneficiary's dependents
20 from the amount of the member's retirement allowance
21 paid for that year pursuant to this chapter. The
22 beneficiary shall submit sufficient documentation
23 to the board of trustees to permit the system to
24 determine the member's net retirement allowance for the
25 applicable year.>
