IOWA TELECOMMUNICATIONS AND TECHNOLOGY COMMISSION

Meeting. The Iowa Telecommunications and Technology Commission (ITTC) met on August 15, 2019.

ICN Agency Updates. The Iowa Communications Network (ICN) continues to work on a number of initiatives.

- The new Managed Voice System (MVS) is expected to reach completion by the end of September 2019. To date, 141 active sites, including over 7,500 phones, have been added to the MVS. Upon completion of the project, approximately 8,000 phones will have been transferred to the MVS. The final sites yet to be migrated from ICN's legacy system to the MVS are as follows:
 - Office of the Chief Information Officer
 - Iowa Department for the Blind
 - Department of Corrections, Iowa State Penitentiary
 - Department of Corrections, Iowa Correctional Facility for Women
 - Iowa National Guard Joint Forces Headquarters
- ICN will continue to work with Iowa Homeland Security and Emergency Management to strengthen Iowa's 911 services by enhancing location services as well as building in additional redundancies to ensure system stability.

ICN Carrier Updates. The Commission experienced five cuts to fiberoptic lines statewide in the last month.

Contract Limitation Amount Adjustment. Notice will be published in the next administrative rules bulletin regarding an increase in the Commission's contract limitation amount. The current contract limitation amount is approximately \$2.42 million. It will be increased by approximately \$40,000 to \$2.46 million.
