FUTURE READY IOWA TEXTING PROGRAM PROVIDES SUPPORT TO COLLEGE-BOUND STUDENTS

Program Launch. The College Student Aid Commission launched the Future Ready Iowa Texting Program on January 2, 2020. The introductory message was met with a good response rate, including many questions about financial aid.

The Program will provide support to college-bound and new college students, as well as access to one-on-one coaches. Students who opt in will receive tips and reminders about applying for financial aid and making a smooth transition to college. The Program targets prospective and current Future Ready Iowa Last-Dollar Scholarship and Future Ready Iowa Grant recipients, but it will be available to all Iowa students.

More Information. For more information, go to iowacollegeaid.gov/texting.
