## IOWA RACING AND GAMING REVENUE REPORTS

The Iowa Racing and Gaming Commission publishes monthly reports on [gaming revenue](#) and [sports wagering](#) across Iowa casinos. This report is based on that information.

### Casino Adjusted Gross Receipts

Adjusted gross receipts (AGR) consist of the total amount wagered less the winnings paid and represent the amount subject to wagering tax. The fourth quarter of FY 2025 decreased in AGR compared to the same quarter of FY 2024 but increased in AGR compared to the third quarter of FY 2025. Compared to the same months in FY 2024, AGR decreased by 1.9% in April, increased by 0.5% in May, and decreased by 2.7% in June.

2021 Iowa Acts, chapter [177](#) (Taxation and Other Provisions Act), amended the definition of AGR to include all promotional play receipts on gambling games from the beginning of FY 2022 to the end of FY 2026, with a gradual phaseout of the tax on promotional play receipts during this time. Beginning July 1, 2026, AGR will exclude promotional play receipts. Iowa Code section [99F.1](#) defines "promotional play receipts" as the total sums wagered on gambling games with tokens, chips, electronic credits, or other forms of cashless wagering provided by the licensee without an exchange of money. Promotional play may result in instances where State tax collected is lower than AGR would indicate.

### Casino Gaming State Tax

Compared to the same months in FY 2024, there was a 4.4% decrease in State tax in April, a 2.1% decrease in May, and a 5.9% decrease in June.
