**CRIMINAL AND JUVENILE JUSTICE PLANNING ADVISORY COUNCIL MEETING**

**Meeting.** The Criminal and Juvenile Justice Planning (CJJP) Advisory Council met May 17, 2017, in the Legislative Dining Room in the Iowa State Capitol.

**Division Update.** Sarah Fineran from the CJJP reported on several items:

- **State Budget – CJJP:** The FY 2017 budget was reduced mid-year by \$72,272 (5.7%) and maintained at this same level for FY 2018. Due to the budget reduction, a vacant Justice System Analyst position will not be filled at this time.
- **Correctional Impact Statements:** The CJJP completed approximately 109 correctional and racial impact statements for bills filed during the 2017 Legislative Session. Approximately 21.0% (23 out of 109) of the correctional impact statements were able to generate precise correctional impact estimates. Four of those impact statements described a decrease in correctional admissions for prisons, jails, and community supervisions. Approximately 12 impact statements provided precise estimates indicating a positive or negative racial impact.
- **Evaluations:** The research staff is continuing to conduct evaluations on projects implemented by other agencies including: Department of Corrections, Judicial Branch, State Public Defender, Community Corrections – 8th Judicial District, and Iowa Department of Public Health.

**Legislative Updates.** The Council discussed relevant signed legislation from the 2017 session and the plan to monitor resultant conviction data.

**Issues for Next Meeting.** The Council discussed the need for an update of the Results First model, which has not been updated since 2012. The Council plans to prepare a report with the budgetary costs of updating the model. In addition, the Council discussed the possibility of having a presentation on Results First to orient new members to the project.

**Next Meeting.** The Council is scheduled to meet Wednesday, September 20, 2017, at a location to be determined.
