AUDIT REPORT — IOWA DEPARTMENT FOR THE BLIND

Audit Report. The State Auditor's Office released a report on August 31, 2017, on the Iowa Department for the Blind for the year ending June 20, 2016.

Findings. The audit produced no findings regarding the single audit or internal controls.

Recommendation and Response. The audit found that the Department had not set a procurement goal for certified targeted small business (TSB) that exceeded the previous year's actual TSB spending. This put the Department out of compliance with Iowa Code section [73.16](#). The auditor recommended that the Department adjust the TSB goal or seek legislative change. The Department responded it would establish a procurement goal for TSB that exceeded the previous fiscal year procurement level.
