31 EXPLANATION

32 The inclusion of this explanation does not constitute agreement with
33 the explanation's substance by the members of the general assembly.

34 This bill relates to the Iowa appraisal standards and
35 appraiser certification law.

1 Current law provides that Code chapter 543D shall be known
2 as the Iowa voluntary appraisal standards and appraiser
3 certification law. The bill provides that Code chapter 543D
4 shall be known as the Iowa appraisal standards and appraiser
5 certification law.

6 The bill defines "appraisal review" as developing and
7 communicating an opinion under the uniform standards of
8 professional appraisal practice review standards regarding
9 the quality of an appraiser's work product prepared as part
10 of an appraisal assignment. The bill defines "federally
11 related transaction" as any financial transaction related to
12 real estate which a federal financial institutions regulatory
13 agency engages in, contracts for, or regulates, and which
14 requires the services of an appraiser pursuant to federally
15 related transaction regulations. The bill defines "federally
16 related transaction regulations" as regulations established
17 by the comptroller of the currency, the board of governors
18 of the federal reserve system, the federal deposit insurance
19 corporation, or the national credit union administration
20 pursuant to sections 1112, 1113, and 1114 of Tit. XI of
21 the federal Financial Institutions Reform, Recovery, and
22 Enforcement Act, 12 U.S.C. §3341 - 3343. The bill modifies
23 the definition of "review appraiser" to mean a person who is
24 responsible for conducting an appraisal review.

25 The bill provides that the purpose of Code chapter 543D is
26 to establish a procedure for the mandatory certification of
27 real estate appraisers performing appraisals for federally
28 related transactions and voluntary certification of real estate
29 appraisers performing appraisals that are not related to
30 federally related transactions.

31 The bill requires a person to be a certified real estate
32 appraiser or a registered associate real estate appraiser
33 acting under the direct supervision of a certified real estate
34 appraiser if the person performs an appraisal for a federally
35 related transaction as it relates to real estate located in

1 this state.

2 Current law provides that a person who is not a certified
3 real estate appraiser may appraise real estate if certification
4 is not required by Code chapter 543D or any other state or
5 federal law. The bill provides that, notwithstanding that
6 provision, in connection with an appraisal of real estate
7 located in this state, the title certified real estate
8 appraiser, associate real estate appraiser, or any other
9 similar title shall only be used by an individual who holds a
10 certificate or registration under Code chapter 543D.

11 The bill provides that the real estate appraiser examining
12 board may recognize on a temporary basis the certification or
13 license of an appraiser issued by another state. An appraiser
14 who has been recognized on a temporary basis is required to
15 register with the board and is governed by the laws and rules
16 administered by the board.

17 The bill provides that the title certified real estate
18 appraiser, associate real estate appraiser, or any similar
19 title shall only be used to refer to individuals who hold
20 the appropriate certificate or registration. Additionally,
21 the bill provides that, in connection with an appraisal
22 assignment performed on real estate located in this state, the
23 title certified real estate appraiser, associate real estate
24 appraiser, or any other like title shall only be used to refer
25 to individuals who hold a certificate or registration under
26 Code chapter 543D.

27 Current law does not require registration with the board
28 of those who appraise real estate where certification is not
29 required by Code chapter 543D or any other state or federal
30 law, and who are not assisting a certified real estate
31 appraiser in the development of an appraisal assignment that is
32 required by Code chapter 543D or any other state or federal law
33 to be performed by a certified real estate appraiser. The bill
34 provides that, notwithstanding that provision, in connection
35 with an appraisal of real estate located in this state, the

1 title associate real estate appraiser or any other similar
2 title shall only be used to refer to or by an individual who
3 holds a certificate or registration under Code chapter 543D.
4 The bill authorizes civil penalties against a person who is
5 not certified under Code chapter 543D for a violation of Code
6 section 543D.3, subsection 1A, 2, or 3, or for a violation of
7 Code section 543D.20, subsection 5. The maximum civil penalty
8 that may be imposed is \$1,000 for each violation.
