EXPLANATION

1           The inclusion of this explanation does not constitute agreement with  
2           the explanation's substance by the members of the general assembly.

3           Under current law, Code section 321.276 prohibits the use of  
4 hand-held electronic communication devices to write, send, or  
5 view electronic messages while driving a motor vehicle. This  
6 bill expands Code section 321.276 to prohibit any use of an  
7 electronic device while driving. The bill defines the terms  
8 "electronic device" and "voice-activated or hands-free mode".  
9 The bill allows the use of an electronic device if the vehicle  
10 is at a complete stop off the traveled portion of the roadway,  
11 or as far away from the center of the roadway as is practicable  
12 if the vehicle cannot be entirely removed.

13          The bill provides exceptions for the use of an electronic  
14 device in a voice-activated or hands-free mode, for members of  
15 a public safety agency performing official duties, for health  
16 care professionals in the course of emergency situations, for  
17 the purpose of receiving safety-related information, for the  
18 purpose of reporting an emergency situation, for certain radio  
19 operators, for members of a public transit system performing  
20 official duties while in a vehicle that is not in motion, for  
21 utility maintenance employees or contractors for the purpose of  
22 providing utility services, for transportation network company  
23 drivers engaged in a prearranged ride while the vehicle is not  
24 in motion, and for persons using an electronic device for the  
25 purpose of accessing or using a fleet management system.

26          The scheduled fine for a violation of Code section 321.276  
27 remains \$45. The bill makes a violation of Code section  
28 321.276 a moving violation. Under current law, a moving  
29 violation can be considered for purposes of administrative  
30 suspension of a driver's license or to establish habitual  
31 offender status. However, a peace officer is required to issue  
32 a warning memorandum in lieu of a citation for violations that  
33 occur during the period between the effective date of the bill  
34 and January 1, 2024.

35          Under Code section 321.482A, if a person is convicted for a

1 violation and the violation causes a serious injury, a court  
2 could impose an additional fine of \$500 or suspend the person's  
3 driver's license for not more than 90 days, or both. If a  
4 person is convicted for a violation and the violation causes  
5 a death, a court could impose an additional fine of \$1,000 or  
6 suspend the person's driver's license for not more than 180  
7 days, or both. By operation of law, a person issued a warning  
8 memorandum under the bill is not subject to the enhanced  
9 penalties under Code section 321.482A.

10 The bill makes corresponding changes to Code sections  
11 321.238 (preemption of local legislation) and 707.6A (homicide  
12 or serious injury by vehicle) to align those provisions to the  
13 provisions of Code section 321.276 as amended by the bill.  
14 The bill also makes corresponding changes to Code sections  
15 321.178, 321.180B, and 321.194, by striking provisions relating  
16 to the use of electronic communication devices while driving  
17 by persons under the age of 18 who are issued certain types  
18 of driver's licenses, thereby making Code section 321.276 as  
19 amended by the bill applicable to such persons.
