12 also provides that if the person accepts a completed voter
13 registration form within three days of a voter registration
14 deadline, the person must submit the form to the appropriate
15 commissioner within 24 hours of accepting the form, and not
16 later than the registration deadline for the next election.
17 By operation of current law, failure to timely submit such a
18 form would constitute a simple misdemeanor. The bill also
19 makes it a simple misdemeanor to violate any provision of Code
20 chapter 48A, related to voter registration, for which another
21 penalty is not provided. A simple misdemeanor is punishable by
22 confinement for no more than 30 days or a fine of at least \$65
23 but not more than \$625 or by both.

24 Division I requires county commissioners to cancel the voter
25 registration of a registered voter if the registered voter
26 is not a resident of Iowa or submits jury service-related
27 documentation that indicates that the voter is not a citizen of
28 the United States.

29 Division I of the bill also requires the state registrar of
30 vital statistics to produce and transmit certain lists to the
31 state registrar of voters (secretary of state) without charge.

32 Division I changes the time period to apply for an absentee
33 ballot from not more than 70 days before the election to not
34 more than 120 days before the election. The bill further
35 provides that an application received more than 120 days

1 before the election shall be returned to the applicant along
2 with notification of when the applications will be accepted.
3 Current law requires the commissioner to retain the application
4 and process it with other applications received within the
5 appropriate time period.

6 The bill requires that an application for an absentee ballot
7 contain the applicant's voter verification number, defined in
8 the bill as the voter's identification number assigned by the
9 state commissioner, driver's license number, or nonoperator's
10 identification card number. Under the bill, a person's
11 voter identification number, driver's license number, or
12 nonoperator's identification number is considered to be a voter
13 verification number, which is required to be kept confidential.
14 The bill also changes the absentee ballot application deadline
15 from the Friday before the election to the same deadline as
16 voter registration for a given election under Code section
17 48A.9, which is either 11 or 10 days before the election.

18 Division I prohibits a voter from voting or offering to
19 vote a ballot in the commissioner's office or at a satellite
20 absentee voting station that was not furnished to the voter
21 by the commissioner. The bill also prohibits a voter from
22 taking or removing any ballot from the commissioner's office
23 or a satellite absentee voting station. Current law expressly
24 prohibits these actions at precinct polling places.

25 Division II of the bill relates to identity and signature
26 verification for certain voter registrants and voters. The
27 bill changes the requirements for establishing identity and
28 residence for persons registering to vote in-person absentee or
29 on election day by adding veterans identification cards issued
30 by the United States to the list of acceptable photographic
31 identification for establishing identity.

32 Division II of the bill requires the state registrar of
33 voters to compare lists of voters who registered to vote during
34 the preceding week with the department of transportation's
35 driver's license and nonoperator's identification card

1 files. Under the bill, the state registrar is required
2 to issue a free voter verification card, including a voter
3 identification number, to be used only for voting and voter
4 registration purposes, to registrants whose names do not appear
5 in the department's files. Under the bill, providing voter
6 verification cards is contingent upon adequate appropriations.

7 Division II of the bill also requires election officials
8 to verify a voter's identity before furnishing a ballot
9 to the voter. A voter at the polling place is required to
10 present the official with a voter verification card, an Iowa
11 driver's license, an Iowa nonoperator's identification card, a
12 United States passport, a United States military or veterans
13 identification card, or a voter acknowledgment card issued by
14 the county commissioner in order to verify the voter's identity
15 before the voter can receive a ballot. Under the bill, a voter
16 may also present the forms of identification required for
17 election day and in-person absentee voter registration or have
18 their identity and residency attested to by another registered
19 voter in order to verify the voter's identity. Under the bill,
20 a registered voter is allowed to attest to the identity and
21 residency of not more than two other voters on election day.
22 If the voter fails to establish the voter's identity by the
23 methods provided in the bill, the voter may vote a provisional
24 ballot. A voter may also vote in the usual manner by signing
25 an oath attesting to the voter's identity at any election
26 conducted prior to January 1, 2019.

27 The bill also requires that county commissioners include
28 information on the verification of voter identities in the
29 notice of each election published under Code section 49.53.

30 Division II requires precinct election officials to examine
31 a voter's identification to determine whether the person
32 offering to vote matches the identification card, including
33 the voter's signature. The bill requires an election official
34 to challenge a person offering to vote if it appears to the
35 official that the signature on the person's identification

1 was signed by someone other than the person offering to
2 vote. If the challenge is not withdrawn, the voter may vote a
3 provisional ballot.

4 Related to absentee voting, division II of the bill provides
5 that a county commissioner may dispute an application for
6 an absentee ballot if it appears to the commissioner that
7 the signature on the application has been signed by someone
8 other than the registered voter, in comparing the signature on
9 the application to the signature on record of the registered
10 voter named on the application. If the commissioner disputes
11 a registered voter's application under this subsection, the
12 commissioner is required to notify the registered voter and
13 the registered voter is permitted to submit a new application
14 and signature or update the registered voter's signature
15 on record. The bill also requires county commissioners to
16 consider absentee ballots to be defective if it appears to
17 the commissioner that the signature on the envelope marked
18 with the affidavit has been signed by someone other than the
19 registered voter, in comparing the signature on the envelope to
20 the signature on record of the registered voter named on the
21 envelope.

22 Under the bill, the provisions of division II and their
23 application are severable.

24 Division II of the bill applies to elections held on or after
25 July 1, 2017.

26 Division III of the bill relates to polling places by
27 creating an electronic poll book program and revolving loan
28 fund and by regulating the use of photographic devices and the
29 display of voted ballots.

30 Division III creates an electronic poll book program and
31 revolving loan fund in the state treasury. Under the bill,
32 the state commissioner of elections (secretary of state)
33 is required to administer the fund. The bill appropriates
34 \$550,000 from the state general fund to the revolving loan
35 fund. Moneys in the fund may also include moneys allocated

1 from the state commissioner's budget and any other moneys
2 obtained or accepted by the state commissioner for deposit in
3 the revolving loan fund. The state commissioner is allowed to
4 loan moneys in the revolving loan fund to county commissioners
5 to purchase or update electronic poll book technology. Under
6 the bill, the state commissioner is allowed to spend 30 percent
7 of the moneys in the revolving loan fund to administer polling
8 place technology.

9 Division III also provides that interest or earnings on
10 moneys in the revolving loan fund are credited to the fund and
11 moneys in the revolving loan fund that remain unencumbered or
12 unobligated at the close of a fiscal year remain available in
13 the revolving loan fund.

14 Division III strikes a provision of current law that
15 prohibits the use of all cameras, cellular telephones, pagers,
16 or other electronic communications devices in a voting booth
17 and provides that the use of photographic devices and the
18 display of voted ballots is prohibited if that use or display
19 is for purposes of election misconduct, interferes with other
20 voters, or interferes with the orderly operation of the polling
21 place.

22 Division IV of the bill requires each county commissioner
23 to place on file a certification that the county met voting
24 equipment testing, election personnel training, polling place
25 accessibility, publications, and certain administrative rule
26 requirements at each general election. The certification
27 is also required to include a copy of the results of
28 election audits, described in division IV of the bill. The
29 county commissioner is also required to file a copy of the
30 certification with the state commissioner. The bill further
31 requires the commissioner to promptly notify the state
32 commissioner of each suspected incidence of election misconduct
33 that the commissioner has referred to other agencies or law
34 enforcement for investigation.

35 Division IV of the bill also requires the state commissioner

1 to complete a post-election audit of each general election.
2 The bill requires the state commissioner to determine the
3 number of counties and precincts to be audited and to select
4 precincts to be audited in a county, by lot. The audit is
5 required to be a hand count of ballots for the office of
6 president of the United States or governor, as the case may be,
7 and shall include an audit of the official canvass of votes.
8 Division IV of the bill provides that the results of an audit
9 shall not change the results, or invalidate the certification,
10 of an election.
