IOWA VETERANS TRUST FUND CALENDAR YEAR 2018 REPORT

Per Iowa Code Chapter 35A.13
Annual Report to the Iowa General Assembly
January 15, 2019

OVERVIEW OF THE IOWA VETERANS TRUST FUND

This report fulfills the requirements of Iowa Code 35A.13, section 9:

*The commission shall submit an annual report to the general assembly by January 15 of each year concerning the veterans trust fund created by this section. The annual report shall include financial information concerning the moneys in the trust fund and shall also include information on the number, amount, and type of expenditures, if any, from the fund during the prior **calendar year** for the purposes described in subsection 7.*

Veterans must meet specific income and asset guidelines to qualify for Trust Fund assistance. Initially, the veteran and their family must have less than \$15,000 in liquid assets and have a household income below 200% of the Federal Poverty Guidelines (FPG). Some areas of assistance have a lower qualifying asset level. This is to prevent over utilization of the fund and to ensure that the veteran has either contributed some of their assets to their situation, or are truly in need.

Some veterans are only eligible for one category of assistance, such as unemployment assistance, while other applicants apply for and are eligible for multiple areas of assistance based on their needs. For example, a veteran requesting housing repair could also qualify for dental assistance. Applications for assistance may be deferred because the veteran has not provided sufficient evidence to warrant approval or denial, but have indicated they will provide the needed eligibility evidence.

The Iowa General Assembly has determined areas of eligible expenditures for Iowa veterans:

- Travel expenses for service-related medical care
- Unemployment or underemployment assistance due to service-related causes
- Job training or tuition assistance
- Assistance with vision, hearing, dental care, durable medical equipment, and prescription drugs
- Counseling and substance abuse services
- Emergency vehicle and housing repair
- Transitional housing in an emergency
- Emergency room and ambulance transportation assistance
- Funding to determine whether a deceased veteran is the father or mother of a child
- Funding for family support groups
- Grants for providing honor guard services at veteran's funerals
- Matching funds to veterans service organizations to provide for accredited veteran service officers

SEE IOWA ADMINISTRATIVE CODE 801, CHAPTER 14 FOR ADDITIONAL DETAILS ON THESE AREAS OF ASSISTANCE.

Trust Fund applications have substantially increased, due in part to the current economic conditions and publicity from the Iowa Lottery. During 2011, the trust Fund interest balance was depleted and a waiting list was implemented. Legislative action in the 2012 session corrected this situation.

During the 2008 Legislative Session, HF 2359 was signed into law. This bill authorized the creation and sale of four new Iowa Lottery tickets to benefit the Iowa Veterans Trust Fund. In early July of 2008 the first scratch-off ticket was introduced and later that month the first pull tab ticket was introduced. First quarter sales met expectations, and in October 2008, \$992,771.80 was deposited into the principle balance of the Trust Fund account. It is anticipated that these tickets will provide between \$2 - \$3 million dollars annually in additional principle revenue.

The following information is provided by the Iowa Lottery:

Lottery Proceeds to Veterans Trust Fund Near \$30 Million

Fiscal year 2019 has seen the grand total in lottery proceeds to the Iowa Veterans Trust Fund pass the halfway point in the long-stated goal for the Trust Fund's total to reach \$50 million.

With the Iowa Lottery's FY 2019 transfer, the total in lottery proceeds to the Trust Fund now stands at nearly \$27.4 million. A portion of lottery proceeds began to be dedicated to the Veterans Trust Fund in 2008.

"We're proud to see the lottery's total to the Trust Fund continuing to climb and to know the difference those proceeds are making in terms of support for the men and women who have served our country, and their families," said Mary Neubauer, the lottery's vice president of external relations. "From our perspective, the public understands clearly that a portion from the sale of all lottery tickets is dedicated to the IVTF and supports that cause."

Each year, \$2.5 million in Iowa Lottery proceeds is dedicated to the Veterans Trust Fund. The lottery continues to spread the word about the proceeds it provides to the IVTF through its advertising and other information. The lottery's annual transfer to the IVTF is made in late October each year.

EXPENDITURES

Trust Fund expenditures can be separated into two separate categories: (1) Assistance to veterans and spouses, and (2) Honor Guard reimbursement.

In April 2009, the Iowa Veterans Commission temporarily suspended several areas of assistance due to lack of funding. After the 2012 legislative action, the Commission was able to reinstate all categories of assistance. (Assistance categories are established in **Iowa Code 35A.13** and rules are further defined in **Iowa Administrative Code 801, Chapter 14**.)

A breakdown of assistance per category is illustrated in the tables below.
