

Iowa Department of Veterans Affairs Performance Report for Fiscal Year 2018

MISSION: TO SERVE VETERANS AND THEIR FAMILIES

We are dedicated to ensuring that Iowa's veterans and their dependents receive the full measure of county, state, and federal benefits to which they are rightfully entitled.

INTRODUCTION:

This report contains information about the services provided to veterans and their families by our Department in state Fiscal Year 2017.

The mission of the Iowa Department of Veterans Affairs is to serve our veterans and their families. Our office is responsible for disseminating information to veterans regarding benefits and services available to them, maintaining military service records of Iowa veterans, and assisting veterans with benefit applications. We also administer several programs that provide direct assistance to veterans and their families.

We recognize our veterans' sacrifices and commitments as well as the honor that they have brought upon themselves, their families, communities, and the State of Iowa. Our Department works with the 99 county veterans' affairs offices and other agencies to assist and ensure that our veterans receive the federal, state, and local benefits they have earned.

The Department operates and maintains the Iowa Veterans Cemetery. The Cemetery is Iowa's only state-owned and operated cemetery. Honorably discharged veterans of any service in the armed forces, qualified spouses, and eligible dependents may be interred at the cemetery. They need not be Iowa residents. We are very proud of the services that we provide at the Iowa Veterans Cemetery.

Ours is a very small agency. However, our highly qualified and motivated staff strive to provide the very best service to our veteran community. Veterans have served their nation and state, and we are proud and honored to stand ready to serve them.

Sincerely,

Steven F. Lukan

Executive Director, Iowa Department of Veterans Affairs
