11/2/2018	\$ 17,708.33	Chaves Consulting Inc
11/2/2018	\$ 17,708.33	Chaves Consulting Inc
11/7/2018	\$ 17,708.33	Chaves Consulting Inc
12/6/2019	\$ 17,708.33	Chaves Consulting Inc
1/10/2019	\$ 17,708.33	Chaves Consulting Inc
2/15/2019	\$ 17,708.33	Chaves Consulting Inc

Expenditures to Chaves Consulting consist of following general categories, examples within category:

Cybersecurity: Two factor authentication updates, improved "roles", daily e-pollbooks

Usability: New administrative reports, "quit withing saving" warnings messages

Infrastruture: Patches, software updates

The first phase of the project consisted of updates to existing I-Voters software to ensure infrastructure and cybersecurity enhancements were in place in time for 2018 General Election.

The next phase will consist of development towards implementation of new voter registration system and 2020 General Election enhancements.
