

## Infrastructure Appropriations Status Report (Iowa Code 8.57C) Veterans Affairs

Prepared for:  
Legislative Services Agency  
Department of Management

Date: 01/14/2020

### TECHNOLOGY REINVESTMENT (FUND 0943/R18)

**Project description:**

Funding for replacement of five personal computers at the Veterans Affairs main office and the Veterans Cemetery office at Van Meter. The goal is to establish a 3-5 year life cycle on PC replacement to maintain efficient operational performance.

**Progress of work:**

New PCs have been purchased and installed to bring the agency into compliance with the DPD IT goal of new machines every 3-5 years. This will allow for security patches to be installed on the new machines whereas some of the older ones would no longer accept the security upgrades.

Estimated completion date: Completed Oct 2019
