

IOWA PUBLIC EMPLOYEES' RETIREMENT SYSTEM

Gregory S. Samorajski, CFA
Chief Executive Officer

Kim Reynolds
Governor

Adam Gregg
Lt. Governor

September 30, 2020

Honorable W. Charles Smithson,
Secretary of the Senate
Honorable Meghan Nelson,
Chief Clerk of the House
General Assembly of the State of Iowa
Des Moines, IA 50319

Dear Mr. Smithson and Ms. Nelson:

Enclosed is the Iowa Public Employees' Retirement System's report for the fiscal year ended June 30, 2020, on divestment activities related to companies doing business in Iran. This annual report is required by Iowa Code section 12H.5.

The report describes IPERS' implementation of the Iran divestment program and provides information on IPERS divestment activities and costs. The report also includes the list of prohibited companies that was in effect as of June 30, 2020.

Sincerely,

Gregory S. Samorajski
Chief Executive Officer

Enclosure

**IOWA PUBLIC EMPLOYEES' RETIREMENT SYSTEM
ANNUAL REPORT
ON IRAN DIVESTMENT
For the Fiscal Year Ended June 30, 2020**

Iowa Code chapter 12H requires the Iowa Public Employees' Retirement System (IPERS) to scrutinize companies with business operations in Iran, and under certain circumstances, to restrict its purchases of, and/or divest of, holdings of any company determined to have active business operations in Iran. Chapter 12H specifies certain procedures to be followed in engaging companies doing business in Iran, and requires IPERS to annually report to the General Assembly on its activities concerning the Iran divestment law.

Implementation

IPERS develops its list of scrutinized companies using the research and findings of ISS-Ethix (ISS). ISS is a research firm that specializes in researching and monitoring the activities of companies against various types of environmental, social and governance screens. ISS uses the criteria established in Chapter 12H to screen various sources of publicly available information in order to provide IPERS with a list of scrutinized companies. ISS also assists IPERS in evaluating any follow-up responses from scrutinized companies.

IPERS sends a letter to each company believed to have active business operations in Iran and asks them to discontinue their operations in Iran. Companies are given the opportunity to provide evidence that contradicts ISS's findings. The letter also notifies the company that IPERS will prohibit further investment and/or divest of its holdings in the company's securities if the company does not meet the requirements of the law. If the company does not respond, or fails to provide convincing evidence within the time period established by law, then IPERS places the company on its prohibited companies list. The prohibited companies list is updated quarterly, and is provided to the public on IPERS' web site at www.ipers.org.

IPERS' investment managers are prohibited from purchasing securities issued by companies on the prohibited companies list. Investment managers that have any existing direct holdings¹ of a prohibited company must sell (divest) the position within 18 months of the date the company was first notified. An investment manager has the discretion to decide when to sell its holdings within the 18-month period.

¹ It is important to note that chapter 12H makes a distinction between direct holdings and indirect holdings. *Direct holdings* are securities directly owned and held in IPERS' name. *Indirect holdings* refer to situations where IPERS may indirectly own an interest in a security because of its ownership of shares in a commingled investment vehicle, such as a mutual fund. The General Assembly recognized that it may not be possible to efficiently divest of prohibited companies held in a commingled fund, and exempted indirect holdings from many provisions of chapter 12H. IPERS is required to analyze the prudence of moving its indirect holdings to Iran-free commingled funds if such an option exists. See section on Indirect Holdings.

Chapter 12H requires IPERS to engage only those scrutinized companies in which it has direct holdings. However, IPERS has opted to send letters to all scrutinized companies, and will place a scrutinized company on the prohibited companies list if warranted, regardless of whether or not IPERS has any direct holdings in the company. This is done because IPERS prefers to engage a company and determine whether it is a prohibited company pursuant to the law’s criteria before an investment manager purchases any securities of such company. IPERS’ investment managers want to know if a company is prohibited before buying it - not afterwards.

Chapter 12H also requires IPERS to contact companies that have inactive business operations in Iran. However, the purpose of such letter is to encourage them to keep their business activities inactive until state-sponsored terrorism stops in Iran. IPERS uses information from ISS to determine which companies may have inactive business operations in the Iran. Currently, no companies have inactive business operations in Iran as defined in Chapter 12H.

Fiscal Year 2020 Engagement Activity

The following chart summarizes the numbers of companies contacted by IPERS in fiscal year 2020 pursuant to chapter 12H.

Time Period	Number
Sept. 30, 2019	1
Dec. 31, 2019	0
Mar. 31, 2020	0
June 30, 2020	0

Letters were sent to one company under scrutiny for active business operations. IPERS received responses from none of these companies. During fiscal year 2020, one company was added to the prohibited companies list, and nine companies were removed. The companies were removed because IPERS, with the assistance of ISS, concluded that they no longer met the criteria established in Chapter 12H. IPERS’ prohibited companies list in effect as of June 30, 2020 is included as Appendix A to this report.

Chapter 12H also requires IPERS to send reminder letters to companies on the prohibited companies list and encourage them to transform their operations to inactive operations. This task was completed in September 2020 for the thirty nine companies on IPERS’ prohibited companies list on August 14, 2020.

Fiscal Year 2020 Divestment Activity

At the close of fiscal year 2019, IPERS' only prohibited holdings were \$24,400,960.14 of CNOOC Ltd. stock and \$6,046,126.96 of CNOOC Ltd. bonds. This was an existing holding that was recently added to the prohibited list. IPERS' investment managers had until August 13, 2020 to divest of these holdings. These holdings were all sold before September 30, 2019.

Hyundai Motors was a prohibited holding when an investment manager purchased 517,000 par of Hyundai Motors bonds on February 5, 2020 and another 923,000 par on February 10, 2020. The entire position of 1,440,000 par was sold on April 23, 2020. The manager reimbursed IPERS for its trading loss of \$70,348.87 on September 15, 2020.

Gazprom OAO was a prohibited holding when an investment manager purchased 280,000 par of Gazprom OAO bonds on January 2, 2020 and another 140,000 par on March 25, 2020. The entire position of 420,000 par was sold on May 20, 2020. Since there was a gain of \$23,912.00, no reimbursement was necessary.

Indirect Holdings

As noted earlier, chapter 12H makes a distinction between direct and indirect holdings. IPERS held seventeen indirect holdings in the stock of companies listed on the prohibited companies list on June 30, 2020. They were valued at \$49,165,135.17. IPERS indirectly held one bond of companies listed on the prohibited companies list at June 30, 2020 worth \$96,616.92. In total, IPERS had \$49,261,752.09 worth of indirect holdings as of June 30, 2020, which comprised approximately 0.14% of the total IPERS fund.

While indirect holdings are generally exempt from most of the provisions of the law, IPERS is required by law to evaluate the prudence and potential costs associated with moving its indirect investments to funds that will comply with chapter 12H, if any such vehicles exist. Based on potential trading costs and fees, IPERS does not believe it is prudent to take such action given the relatively small indirect exposures to prohibited companies.

Fiscal Year 2020 Program Costs

IPERS incurred third party costs of \$1,667.00 for research services in fiscal year 2020, and did not incur any staff overtime costs to implement the program.

For More Information

Updates of IPERS' Iran prohibited list and holdings can be found on IPERS' Web site at <https://www.ipers.org/about-us/investments/iran-investment-restrictions> quarterly throughout the year. IPERS staff can be reached by e-mail at investments@ipers.org or by telephone at 515-281-0030.
