

15H.7 Iowa reading corps program

FY2023 Annual Report to the General Assembly and the Department of Education

The purpose of the Iowa reading corps program is to provide Iowa reading corps AmeriCorps members with a data-based, problem-solving model of literacy instruction to use in tutoring students from prekindergarten to third grade who are not proficient in reading or who are at risk of becoming not proficient in reading. The program shall use models of early literacy instruction reviewed and approved by the Iowa department of education pursuant to Iowa Code section 256.9(53)“c.” Iowa reading corps grants will give support, on a competitive basis, to AmeriCorps programs in Iowa that utilize AmeriCorps funding awarded by the commission and other funds received in the community programs account established pursuant to 2015 Iowa Acts, House File 488, section 2. The program is established under the authority of the Iowa commission on volunteer service in collaboration with the Iowa department of education pursuant to Iowa Code chapter 15H as amended by 2015 Iowa Acts, House File 488.

In FY2022, two Iowa reading corps programs were certified, but no state funding was appropriated:
