Re: Section 8.62 Report of Moneys Expended

This report is submitted in accordance with Section 8.62, Code of Iowa. This is the report relating to expenditures of FY 2023 Training and Technology (T&T) dollars carried forward for expenditure during FY 2024. Section 8.62 requires that copies of the report be distributed to the Administration and Regulation Appropriations Subcommittee, the Legislative Services Agency, and the Fiscal Committee of the Legislative Council. A copy is to be submitted to the Department of Management.

The Department's divisions (Administration, Administrative Hearings, and Investigations) were able to retain a total of \$268,501.62 with the carry forward of fifty percent of eligible reversion funds. The divisions spent a total of \$268,501.62 for equipment replacement, and general technology upgrades.

These funds were available for reversion and carry forward due primarily to the delay in reimbursements from the federal government and other state agencies for services provided by our Department during the last quarter of the fiscal year, temporarily vacant positions, and other economies achieved during the year.

Those Department's attached units are as follows:

- The Iowa Civil Rights Commission did not have any carry forward funds.
- The Employment Appeal Board was able to carry forward \$5,975.54, and spent \$5,975.54 for technology equipment replacement and general technology.
- The Racing and Gaming Commission does not have carry-forward authority.
- The State Public Defenders' Office is submitting a separate report.

Sincerely,

Larry Johnson, Jr.

Director

CC: Department of Management
