Re: Annual Report for 2023 for the Iowa Prosecutor Intern Program

Dear Chief Justice Christensen, Secretary Smithson, and Chief Clerk Nelson:

In accordance with Iowa Code section 13.2(1)(l), our office is pleased to submit this report on the operation of the Iowa Prosecutor Intern Program during 2019.

Since 1977, Iowa's law schools, county attorney offices, and the Iowa Attorney General's Office have partnered to provide second and third-year law students the opportunity to serve as prosecutor interns around the state. Students in the program become involved in all aspects of a county attorney's responsibilities including courtroom experience. Past interns have litigated simple misdemeanor cases, argued in suppression hearings, and worked with the county attorneys to research complex legal issues.

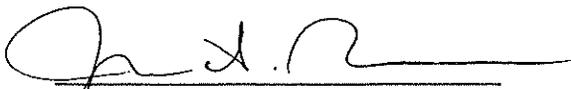

To become eligible for the internship, a student must complete either a certification course at the University of Iowa College of Law or pay tuition and receive course credit through Drake University Law School. In either case, the student is under the supervision of a faculty supervisor during his or her summer internship. In addition to training and intern supervision, the in-state law schools provide administration assistance to help match county requests for interns with students interested in the program. Then the respective county governments hire and pay eligible interns who work in the county attorney offices. Summer internships are a major component of the program but some counties retain interns during parts of the academic year as well.

Each summer as a part of the internship, the Iowa Attorney General's Office hosts a day-long seminar in Des Moines. This year, interns were able to personally participate in the simulator at the Polk County Sheriff's Office, tour the Polk County Jail and tour the Iowa Division of Criminal Investigation Criminalistics Laboratory.

For 2023, this office again provided a partial reimbursement of summer prosecutor intern wages for counties who submitted applications. This year, seven counties qualified for partial reimbursement of intern wages: Linn, Calhoun, Scott, Woodbury, Johnson, Fayette, Clinton, and Story. It is anticipated that the reimbursement program will continue in the summer of 2024, with funding provided by the Iowa Attorney General's asset forfeiture fund administered pursuant to Iowa Code Chapter 809A.

Just as it has over the forty years, the Iowa Prosecutor Intern Program makes important contributions to the criminal justice system. We look forward to its continued successful operation into the future.

Sincerely,

Jessica A. Reynolds
Prosecuting Attorney Training Coordinator
Iowa Attorney General's Office
