
State Of Iowa Legislative ICN Savings Report for SFY 2011

Iowa National Guard – Department of Public Defense

The Iowa National Guard is comprised of nearly 9,400 soldiers (approximately 7400 Army and 2000 Air National Guard soldiers) based at 48 armories, 3 air bases, and 3 aviation support facilities throughout the state. Nearly 1,800 of those soldiers are full-time employees; the remainders are traditional weekend drilling soldiers. The Army Guard soldiers are aligned into 3 major commands encompassing 13 battalions. Battalions encompass units which reside in armories in various cities within the battalion boundaries. The Air Guard soldiers are based at air bases in 3 cities around the State. The advent of affordable and extremely useful technology, such as the ICN, has allowed a widely dispersed organization such as the Iowa National Guard to better conduct our daily business and meets our training and readiness goals.

Under supervision of the Iowa National Guard's Deputy Chief of Staff of Information Management (G6), the State Audio/Visual Support Officer oversees the management of a regional ICN coordinator, 1 ICN technician and 51 ICN classrooms located across the state. The Guard ICN coordinators are State employees responsible for the management, scheduling, maintenance, training, access and front line technical support for all the Guard's ICN classrooms. National Guard ICN classrooms are available to all authorized ICN users, which is mandated by the State Legislature.

Our volume of ICN use differs from other authorized ICN users in that a significant amount of travel and work are conducted after normal business hours and weekends. For instance, unit

personnel may need to travel locally or over 100 miles to an armory on a weeknight for a unit-training meeting. Depending on military budgets, the soldiers may or may not get paid for their time. None of the soldiers are paid for the mileage they put on their own vehicles.

Overall usage has steadily decreased since 2001 due to several factors:

- 1) An increasing number of ICN classrooms throughout the state are available to users on the network,
- 2) Many civilian sites can operate without charging for use of their classrooms
- 3) The terrorism threat and homeland security levels caused by the events of September 11th, 2001 caused an increase in security measures at National Guard sites. These measures proved to be a hindrance for many users and deterred them from using our facilities of which we have never recovered.
- 4) The Iowa National Guard was deployed with the highest numbers of soldiers since operations in World War II. Soldiers were involved in operations in Iraq and Afghanistan. This greatly affected the staffing and man-power at local facilities.
- 5) Newer and more cost-effective video communications methods have come about: Defense Connect Online (DCO), CISCO MeetingPlace, National Guard Bureau audio and video systems.

The Iowa National Guard will continue to use the ICN for some of its day-to-day business, training and readiness needs. Innovative ways to use the ICN are constantly being sought and planned for on the network by the Iowa National Guard.

Total Guard ICN sessions	228
<i>Number of Iowa National Guard Soldiers Used the ICN</i>	<i>6225 soldiers</i>
<i>Total number of Iowa National Guard ICN session hours</i>	<i>2407 hours</i>
<i>Total number of miles of travel saved</i>	<i>109,117 miles</i>
<i>National Guard ICN Savings</i>	<i>\$601,346.04</i>

Data sources for this report are based on Iowa National Guard ICN classroom usage reports, VOSS/ICN billing reports, and the ICN Savings database figures. Final calculations are estimated based on these sources. Sources are available for review upon request. Total session hours include non-billable sessions which were conducted.
