Re: IPRT Annual Report

Dear Mr. Dickinson:

Pursuant to 2010 Iowa Acts, Chapter 1188 §10(4), the attached summary highlights activities for the Institute for Physical Research and Technology (IPRT) at Iowa State University for FY 2011. The attached spreadsheets include FY 2011 Matching Funds, Expenditures, and Industry Awards. This report is being sent to you for distribution to the Joint Appropriations Subcommittee on Economic Development.

If there are any questions concerning this report, please don't hesitate to contact this office.

Sincerely,

Robert Donley

January 11, 2012

**FY11 Progress Report on Institute for the Physical Research and Technology Industrial Incentive Program FUNDS**

FY11 funding in the amount of \$145,000 was provided by the Institute for Physical Research and Technology for the Iowa Industrial Incentive Program. In FY11, nine IIP projects were funded: four projects with small businesses and five with larger businesses, industrial foundations, or trade associations. All nine projects were funded for directed contract research. FY11 IIP expenditures on FY09 & FY10 carry-forward projects (\$60,968.) and FY11 new projects (\$96,947) equaled \$157,915. FY11 revenue (match) from businesses, industrial foundations, and trade associations totaled \$189,059. The proportion of revenue received as match from small businesses in FY10 was 84 percent.

A summary of project evaluation data clearly shows that Iowa companies with technical problems and research and development needs continue to find important technical help through the services of IPRT Company Assistance. Companies report positive impacts affecting their sales, investments, and operating costs despite the economic recession of 2010-2011. Of the IPRT clients responding to the survey, the estimated annual impact over the last 5 years is \$12.1 million per year. Companies also estimated thirty jobs were created or retained each year from 2006-2010, with an estimated 72 jobs retained or created from projects surveyed in the past year when many employers were cutting jobs. The satisfaction rating given by clients during this five year period is 4.7 (1-5 scale, with "1" being "not satisfied" and "5" being "very satisfied").

George Kraus, Director of IPRT
