

FY26 Report on Nonreversion of Funds

December 2025

This report is in response to the requirements found in 2025 Iowa Acts Chapter 169 Section 38.

Sec. 38. REPORT ON NONREVERSION OF MONEYS. The department of health and human services shall report the expenditure of any moneys for which nonreversion authorization was provided for the fiscal year beginning July 1, 2024, and ending June 30, 2025, to the general assembly on a quarterly basis beginning October 1, 2025.

This report details all General Fund balances that carried forward from FY25 to FY26. Much of the funding that carried forward is a result of variation (decrease) in typical utilization patterns for some programs and pandemic-related increased FMAP funding. The Agency anticipates use of most of these funds over the next year.

The amount spent reflects actual FY26 expenditures through November 2025.

In some appropriations, the carry-forward balance will not be spent until current year funds are exhausted. In these cases, spending of the carry-forward balance will not occur until later in the fiscal year.

Authority: 2024 Iowa Acts Ch. 1157 Sec. 22.2.

Description: \$99,897,418 was carried-forward from FY25 and is available in FY26. \$99,603,932 will be used to offset general program expenditures and is primarily due to the COVID-19 increased FMAP savings. \$293,486 is the portion of the former State Supplementary Assistance (SSA) appropriation balance reserved for the SNAP reinvestment obligation.

Description: \$43,753,176 was carried-forward from FY25 and is available in FY26. This balance has accumulated over multiple years and is primarily due to COVID-19 increased FMAP savings, higher IV-E participation rates in adoption, lower caseloads, and lower performance-related payments to vendors.

Description: \$11,886,396 was carried-forward from FY25 and is available in FY26. This balance has accumulated over multiple years and is primarily due to lower cases in the Family Investment Program (FIP) and PROMISE JOBS. Most of these funds are reserved for one-time projects.

A complete list of these projects is provided in **Attachment 2**.

The remaining balance of \$6,886,146 is primarily due to the COVID-19 increased FMAP savings at the state resource centers and the receipt of Rebuild Iowa Infrastructure Funds for the Voldeng project at CCUSO which freed up General Funds previously obligated.
