Tim McDermott, Director  
Legislative Services Agency  
State Capitol

Dear Mr. McDermott:

This letter provides an update on the central debt collection program for the quarter ending December 31, 2025. This report is required quarterly by Iowa Code Chapter 421.17(27) (h) regarding collection results, costs, and positions added.

### **Debt Collection Program**

The Central Collections Unit (CCU) provided debt collection services related to the following:

- Department of Health and Human Services (HHS) Child Support Services
- HHS Health & Wellness Premiums
- HHS Medicaid Provider Overpayments
- Department of Natural Resources (DNR) (various liabilities)
- Iowa Department of Revenue (IDR) (various liabilities)
- Iowa Insurance Division (IID)
- Iowa Judicial Branch (IJB) (various liabilities)

Each agency placing accounts with the CCU may also undertake additional collection efforts beyond those reflected in this report.

CCU collections can be assigned to one of two stages, CCU-TSI or CCU-IDR. CCU-TSI includes all non-tax debt and any tax debt determined to be better worked by an outside collection agency. Today, IDR partners with TSI, Transworld Systems, Inc., on debt collection. CCU-IDR includes all other tax debt and reserves the right to recoup collection cases if CCU-TSI's attempts to establish a payment agreement prove unsuccessful. Advanced collection actions may take place on collection cases placed with CCU-IDR.

### **Collections by Quarter**

Tax debt collections for the quarter ending December 31, 2025 totaled \$138.03 million, up \$75.63 million compared to the same quarter last year (see Table 2). This amount includes tax collection efforts by CCU-TSI, CCU-IDR, Accounts Receivable activities, Setoffs, and Non-filer payments. Non-filer payments are up \$54.25 million year over year. Non-filer payments are defined as payments received on periods that are marked delinquent or receive a non-filer notice, before any notice of assessment is sent.

For the quarter ending December 31, 2025, the IDR State Setoff Program intercepted 2,578 eligible payments to obligors, and sent a total of \$1,610,445 to the respective agencies participating in the program. These payments resulted in fees of \$18,046 collected by IDR. In the same period, IDR intercepted 1,328 eligible payments for a total of \$1,222,330 that were applied to delinquent tax debt.

Collections for Iowa Judicial Branch totaled \$1.9 million for the quarter, up \$412k from the same period last year. Collections for HHS Child Support totaled \$121,097, down \$79k from the same period last year. Finally, total collections for all other partners were \$6,312, down \$4,844 from the same period last year.

The tables and figures provided reflect only the efforts of the CCU.

Please note, while every effort has been made to maintain consistency in reporting across fiscal years and between IDR's legacy and modernized systems, some changes and improvements are unavoidable. As of November 15, 2023, several data sets have transitioned into IDR's modernized systems. Significant changes in reporting and system capabilities may result in variances when comparing reported values before and after this date.

### Cost

The CCU is self-supporting and charges for all direct and indirect costs that are properly allocable to CCU activities. CCU costs for the last three fiscal years, and an estimate of the total receipts to be retained by the Department to pay for FY2026 salaries, support, maintenance, services, and other costs incurred are provided in Table 1.

**Table 1. Centralized Collection Unit Costs, FY 2023 – FY 2026**

	FY 2023 Actual	FY 2024 Actual	FY 2025 Actual	FY 2026 Estimated
Cost Incurred	\$19,742,027	\$19,395,522	\$16,784,091	\$21,403,169

If you have any questions regarding this information, please let me know.

Respectfully,

*Mary Mosiman*
