

**IOWA PUBLIC EMPLOYEES' RETIREMENT SYSTEM
ANNUAL REPORT
ON COMPANIES THAT BOYCOTT ISRAEL DIVESTMENT
For the Fiscal Year Ended June 30, 2026**

Iowa Code chapter 12J requires the Iowa Public Employees' Retirement System (IPERS) to scrutinize companies that may be boycotting Israel, and under certain circumstances, to restrict its purchases of, and/or divest of holdings of any company determined to be boycotting Israel. Chapter 12J requires IPERS to annually report to the General Assembly on its activities concerning companies that boycott Israel.

Implementation

IPERS utilizes the services of ISS-ESG (ISS) to search for companies that meet the criteria of chapter 12J. If a company is identified by ISS as meeting the criteria, IPERS sends a letter to the company asking them to discontinue their boycott of Israel. Companies are given the opportunity to provide evidence that contradicts ISS' findings. The letter also notifies the company that IPERS will prohibit further investment and divest of its holdings in the company's securities if the company does not meet the requirements of the law. If the company does not respond or fails to provide convincing evidence within the time period established by law, IPERS will place the company on its prohibited companies list. The prohibited companies list is updated annually and is provided to the public on IPERS' website at www.ipers.org.

IPERS' investment managers are prohibited from purchasing securities issued by companies on the prohibited companies list. Investment managers that have any existing direct holdings¹ of a prohibited company must sell (divest) the position within 18 months of the date the company was first notified. An investment manager has the discretion to decide when to sell its holdings within the 18-month period.

Fiscal Year 2026 Engagement Activity

During fiscal year 2026, two companies were added to the prohibited companies list, and two companies were removed. Companies can be removed if they provide information that ISS-ESG believes indicates the companies are not boycotting Israel. IPERS' prohibited companies list as of June 30, 2026, follows this report.

Additionally, IPERS' staff sent annual reminders to the six companies on the prohibited list on June 30, 2026. These notices encouraged the companies to cease their active boycotting of Israel operations.

¹ It is important to note that chapter 12J makes a distinction between direct holdings and indirect holdings. *Direct holdings* are securities directly owned and held in IPERS' name. *Indirect holdings* refer to situations where IPERS may indirectly own an interest in a security because of its ownership of shares in a commingled investment vehicle, such as a mutual fund. The General Assembly recognized that it may not be possible to efficiently divest of prohibited companies held in a commingled fund and exempted indirect holdings from many provisions of chapter 12J. IPERS is required to analyze the prudence of moving its indirect holdings to commingled funds that do not contain companies that boycott Israel if such an option exists.

Fiscal Year 2026 Divestment Activity

There was no divestment activity in fiscal year 2026.

Indirect Holdings

As noted earlier, chapter 12J makes a distinction between direct and indirect holdings. IPERS had indirect stock holdings valued at \$8,853,760 and no bond holdings on June 30, 2026. Together, IPERS' holdings in prohibited securities were valued at \$8,853,760, which was approximately 0.017% of the total IPERS Fund value.

While indirect holdings are generally exempt from most of the provisions of the law, IPERS is required to evaluate the potential costs associated with moving its indirect investments to funds that will comply with chapter 12J, if it is prudent to do so. IPERS does not believe it is prudent to expend trading costs to move to a different commingled fund to eliminate relatively small indirect exposures.
