Iowa Department of Veterans Affairs Annual Report to Governor and Iowa General Assembly

As required in Iowa Code Chapter 35A.5 (14) regarding County Commissions of Veterans Affairs and the County Allocation Program authorized in Iowa Code Chapter 35A.16

BACKGROUND:

The 2008 Iowa Acts, Chapter 1130, section 2 created the county commission of veterans affairs fund. The purpose of this fund is to assist county commissions of veterans affairs in complying with legislative requirements for employing a county veteran service officer who is accredited through the Iowa Department of Veterans Affairs or nationally accredited through a national service organization; who is occupied in veterans affairs for a minimum number of hours; and who maintains an office in a location owned or leased by the county.

Funding is appropriated annually to the department for the program, and the department disperses the funds to the counties by check. The Iowa General Assembly has appropriated \$990,000 annually to fund the program.

The department annually allocates \$10k (or the appropriation amount divided by 99) to each county from the fund. In order to qualify for the allocation, a county must agree to expend the allocation for the administration and maintenance of the county commission of veterans affairs office, and the county must agree to maintain its current level of spending from the previous fiscal year.

Iowa Code requires each participating county to submit a detailed report to the department at the end of the fiscal year in which the allocation was received. The department then analyzes the information to determine how services to veterans have been increased. This information is then used to prepare a report to the Governor and Iowa General Assembly.

FINDINGS:

The most beneficial use of these funds has been the opportunity for county service officers to be trained (to receive initial accreditation and continuing education) even if they need to travel, as county travel budgets are limited. The funds have provided the opportunity for the improved expertise needed to file federal benefit claims and appeals.

These funds have been instrumental in providing outreach to veterans in all counties, computer equipment, internet access, copy machines, paper and postage supplies, and office furniture in order to conduct interviews and file claims for veterans.

The funds are also used for the important task of advertising office location and hours, new benefit information, and opportunities to attend information sessions.

RECOMMENDATIONS:

This program has been in place for nearly 19 years, so the time is right for the Iowa General Assembly to review the effectiveness of the program. It is difficult for the department to measure “increased services to veterans” that can be attributed to this program. There are many variables that impact how well veterans are served in each county.

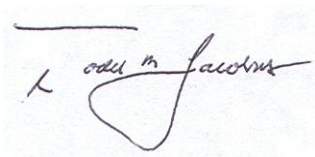

The department recommends a significant change that would provide greater flexibility to the county while also ensuring accountability at the county level. This change would include code language to outline the authorized expenditures for this specific appropriation. Since every county has different needs, this would provide the broad legislative intent and leave the decision making to the county officials.

SEE ATTACHED SPREADSHEET FOR COUNTY SPECIFIC INFORMATION.

INDIVIDUAL COUNTY REPORTS ARE AVAILABLE UPON REQUEST.

Notes:
Expenditures by county are rounded to the nearest dollars.
**Due to data limitations, total medical expenditures allocated to Alaska are not available at the county level. The total amount for Medical Care (column H) is missing \$44 million; the Total Indirect Expenditure (column D) is also missing \$44 million.
Memorial Benefits -- FY2024 is the first year that Memorial Benefits expenditures are included in GDx. Expenditure data by place of performance for Memorial Benefits come from the NCA Office of Finance Service.
Construction -- Construction includes expenditures for "major" and "minor" constructions for the fiscal year. Expenditure data and their "place of performance" were provided by the Office of Construction & Facilities Management (CFM).
Education & Vocational Rehabilitation/Employment (EVRE) -- EVRE expenditures category includes Montgomery GI Bill Active Duty (Ch.30), Post-9/11 GI Bill (Ch.33), Veterans Education Program (VEAP-Ch.32), Survivors and Dependents Educational Program (Ch.35), Montgomery GI Bill Selected Reserves (MGIB-SR-Ch.1606), Veteran Rapid Retraining Assistance Program (VRRAP), Veteran Readiness and Employment (VRE-Ch.31). Expenditure data by county come from VBA PA&I.
Loan Guaranty (LGY) -- LGY expenditure data by county come from VBA PA&I.
Medical Care - Expenditures for Medical Care by county and Congressional District (CD) come from VHA Allocation Resources Center (ARC) and Financial Management System (FMS). The medical care includes patient care as well as expenditures for health care research, prosthetics, and canteen services. **Due to data limitations, total medical expenditures allocated to Alaska are not available at the county level.
Specially Adapted Housing (SAH) and Automobiles and Adaptive Equipment - Specially adapted housing, special housing adaptation, and automobiles and adaptive equipment expenditure data by county come from VBA PA&I.
Other US Territories include American Samoa, Northern Mariana Islands and US Virgin Islands. They were not identified in previous GDx. US Virgin Islands did not have an expenditure data in FY2024.
Freely Associated States (FAS) include the Marshall Islands, Palau, and the Federated States of Micronesia. They were not identified in previous GDx. Micronesia did not have any expenditure data in FY2024.
