

HOUSE FILE 2527 REPORT

Enrollments, Credits, Revenue, and Instructor of Record for Secondary Students Enrolled in Community College Credit Courses through Postsecondary Enrollment Options Act and Shared Supplementary Weighting

The Department of Education (DE) complies and submits to the chairpersons and ranking members of the joint appropriations subcommittee on education and the legislative services agency the following information submitted by the Iowa Community Colleges:

1. Total revenue received from local school districts through Postsecondary Enrollment Options Act enrollees.
2. Total revenue received from local school district through Shared Supplemental Weighting plans.
3. Unduplicated headcount of students enrolled under the Postsecondary Enrollment Option Act.
4. Unduplicated headcount of students enrolled through Shared Supplemental Weighting plans.
5. Total credits earned, career/technical and arts and science, under the Postsecondary Enrollment Option Act.
6. Number of courses offered through Shared Supplementary Weighting and the portion of those courses that are taught by an instructor who is employed by a local district for a portion of the school day.

The data submitted by the colleges was compared with the FY2007 Management Information System (MIS) Reports received in August 2007. This comparison was conducted to insure accuracy since the MIS Data submitted by the colleges goes through a state required audit process.

The opportunity for high school students to take postsecondary credit courses in Iowa Community Colleges, while they are still enrolled in high school, is available in three different types of arrangements. Local secondary districts can approve and support participation under the Postsecondary Enrollment Options Act (PSEO) and through 28E agreements with the use of Shared Supplementary Weighting plans. High school students can also enroll in postsecondary courses by paying their own tuition which may or may not be in cooperation with their local secondary district.

In Fiscal Year 2007, from data received from the community colleges and the MIS, over 33,000 high school students took the opportunity to participate through the three different types of arrangements. Students served under PSEO and through Shared Supplementary Weighting Plans were from 407 different high schools across the state.

Postsecondary Enrollment Options Act:

The number of students participating under the Postsecondary Enrollment Options Act totaled 5,389 from 374 different high schools across the state. These students earned 27,724 postsecondary credits. The following chart summarizes the data submitted by each community college.

SUMMARY OF POSTSECONDARY ENROLLMENT OPTIONS ACT

College*	(1)	(2)	(3)		(4)	(5)		(6)
	Number of Local School Districts	(A) Total Revenue From Local School District	(B) Headcount of HS Students			(C) Total Credits Earned by HS (Duplicated)

9916	11	\$ 44,250.00	129	177		91.00	444.00	
Total = 374		\$ 2,224,510.23	5389	9453		2,973.25	24,751.50	

Shared Supplementary Weighting;

The 28E agreements, through Shared Supplementary Weighting plans, served 25,549 students from 374 different high schools. These students completed 8007 courses. The following chart summarizes the data submitted by each community college.

SUMMARY OF SHARED SUPPLEMENTARY WEIGHTING PLANS

Note: For purposes of this report, DE is treating "shared Supplementary weighting plans" as 28E agreements for the community colleges who have entered into with local school districts

College*	(1)	(2)	(3)		(4)	(5)	(6)
	Number of Local School Districts	(A) Total Revenue From Local School District	(B) Headcount of HS Students			(C) Courses HS Students Enrolled	
			Unduplicated	Duplicated		# of Courses	% Taught by HS Instructor
9901	24	\$ 554,504.69	1914	4318		341	75.20
9902	24	\$ 766,038.95	924	2238		335	19.10
9903	39	\$ 1,452,868.64	856	2289		750	18.26
9904	11	\$ 333,574.70	587	1684		314	16.20

9915	11	\$ 182,053.61	406	826		66	46.97
9916	13	\$ 714,793.02	712	1559		474	7.17
Total = 407		\$ 11,914,260.71	25549	59762		8007	

total courses (6) = 4049 divided by total courses (5) =50.57%

Summary of Findings:

The Department of Education submits the following summary on FY 2007 data collected from Iowa Community Colleges for the H.F. 2527 Report:

1. Total revenue received from local school districts through Postsecondary Enrollment Options Act enrollees **\$2,224,510.23**.
2. Total revenue received from local school district through Shared Supplemental Weighting plans was **\$11,914,260.71**.
3. Unduplicated headcount of students enrolled under the Postsecondary Enrollment Option Act was **5,389**.
4. Unduplicated headcount of students enrolled through Shared Supplemental Weighting plans was **25,549**.
5. Total credits earned, under the Postsecondary Enrollment Option Act, was **2,973.25** for career/technical and **24,751.50** for arts and science.
6. Number of courses offered through Shared Supplementary Weighting was **8007** and **50.57%** those courses were taught by an instructor who is employed by a local district for a portion of the school day.
