CHESTER J. CULVER, GOVERNOR

RACING AND GAMING COMMISSION
JACK P. KETTERER, ADMINISTRATOR

March 1, 2008

The Honorable Chet Culver
Governor, State of Iowa
State Capitol
Des Moines, IA 50319

Dear Governor Culver:

As chair of the Iowa Racing and Gaming Commission, I am pleased to have the opportunity to submit the 2007 Annual Report. This has been a challenging and exciting year with both highlights and concerns.

The highlights of 2007 include the opening on June 30, 2007 of the newest casino, Isle of Capri Waterloo, the expansion of Diamond Jo Worth, the opening of the golf course on August 11 at Riverside Casino and Golf Resort, a new land-based casino facility in Burlington which opened June 11, 2007, and the completion of the Isle of Capri-Bettendorf's new \$40 million hotel tower. Three of the four new casinos whose licenses were granted on May 11, 2005 were in operation for the entire 12 months of 2007. Riverside Casino and Golf Resort and Wild Rose Casino and Resorts met their revenue and admissions projections for the first full calendar year of operations. Diamond Jo-Worth with its expansion significantly increased admissions and adjusted gross revenue numbers.

The Economic Impact reports provide a glimpse of the magnitude of what the gaming industry means to the state contributing over \$1 billion to the state's economy. The Commission focuses on whether a substantial amount of goods and services are purchased from Iowa vendors. The facilities purchased \$294 million of equipment, supplies and services from Iowa vendors during 2007. Facilities paid \$304.8 million to the state of Iowa in gaming taxes representing a substantial impact on state revenues. Salaries, wages and employee benefits totaled nearly \$280 million. Nonprofit groups and local governments were the recipients of \$80 million in charitable donations.

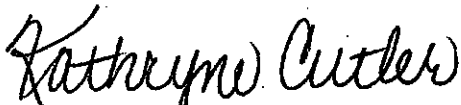

Concerns include a decline in admissions at Prairie Meadows Racetrack and Casino as well as at Harrah's Council Bluffs Casino & Hotel, Ameristar II, Isle of Capri-Marquette, Diamond Jo (Dubuque), Mississippi Bell II (Clinton), Rhythm City (Davenport), Isle of

Capri-Bettendorf, and Terrible's Lakeside Casino in Osceola. Catfish Bend Casino suspended operations in Fort Madison for an indefinite period of time on November 15, 2007.

The Commission addressed several issues not included above. These included review of the sanctions for violations of the state-wide voluntary self-exclusion program, acquisition of Harrah's Entertainment, Inc. by Apollo Management and Texas Pacific Group, legislative removal of the water requirements for casinos, contract negotiations with the horsemen and track and horse safety at Prairie Meadows Racetrack and Casino, and questions regarding opening a discussion for new license applications.

As always, there are not enough words to express the Commission's appreciation of its administrator, Jack Ketterer. Even with the retirement of several key staff members, Jack and his staff provide the commissioners, the industry and the public accurate, thorough and timely information and analysis. Jack and his staff's dedication, competency, integrity, and professionalism set a standard for the industry.

With warmest personal regards,

Kathryne Cutler
Chair

LIFETIME VOLUNTARY SELF-EXCLUSION PROGRAM

This program was required by the 2004 General Assembly as part of HF2302. The Commission adopted an administrative rule requiring implementation by the licensed casino operators which became effective on November 3, 2004. The licensed casino operators launched the program on the same date.

Information on persons entering the program must be disseminated to all other licensees in Iowa. The individual is banned at every licensed casino in Iowa and if the individual is discovered in any licensed casino, any winnings will be forfeited and sent to the Iowa Gambling Treatment Fund.

To date, approximately 2,300 people have entered the program and in excess of \$500,000 has been forfeited and sent to the Gambling Treatment Fund.

LABORATORY TESTING

The Iowa Racing and Gaming Commission, through comprehensive drug testing of participating animals, strives to protect the integrity of the sport of racing in Iowa. Iowa's urine and blood testing program is the backbone of the agency's policing functions. The drug testing program was conducted by Iowa State University Veterinary and Diagnostic Laboratory, the Commission's racing chemist.

Through chemical analysis of urine and blood samples collected from racing animals at the tracks, the Commission ensures that foreign substances are not being administered to racing animals pursuant to Iowa Code Chapter 99D.25.

The following is a summary of the samples tested and positive tests reported by the Laboratory in 2007 for the Commission.

IOWA BREEDERS' FUND

The Department of Agriculture maintains a database of thoroughbred, standardbred and quarterhorses that have qualified to be Iowa-foaled horses, as well as greyhounds that have qualified as Iowa-whelped dogs according to Iowa Code Chapter 99D.22 and Administrative Rules of the Department of Agriculture and Land Stewardship.

An amount equal to 12% of the winner's share of any purse won by an Iowa-foaled horse or Iowa-whelped dog is withheld by the licensee from the breakage and paid at the end of the race meeting to the Department of Agriculture and Land Stewardship for redistribution as breeders' awards.

Iowa Code Chapter 99D.11 and 12 authorize distribution of the remaining breakage as follows:

At horse tracks, 2% of the remaining breakage is distributed to the Horse Promotion Fund and the balance of the breakage at horse tracks is distributed as purse supplements to the owners of winning Iowa-bred horses.

The remainder of the breakage at greyhound tracks is divided, with 25% funding a stakes race restricted to registered Iowa-whelped greyhounds, 2% funding the Dog Promotion Fund and 73% distributed as purse supplements to the owners of winning Iowa-whelped greyhounds.

One percent of the exotic wagers, including 3 or more horses, dogs or races, is distributed as provided in 99D.12 above.

The amounts created from the total breakage and a portion of the casino revenues as statutorily required, were paid out as follows in 2007:

IOWA'S WAGERING DOLLAR

IOWA'S PARI-MUTUEL DOLLAR

Actual percentage withheld from each wagering dollar depends on the type of wager. Chapter 99D.11(5) authorizes takeout up to 18% on win, place, and show wagers; 24% on doubles (two dogs/horses/races); and 25% on triples (3+dogs/horses/races). Pari-mutuel taxes may range from 0 to 6% on live races based on increasing levels of mutuel handle. Simulcast wagering is taxed at 2% of the pari-mutuel handle. (Chapter 99D.15)

Breakage (the odd cents by which the amount payable on each dollar wagered in a pari-mutuel pool exceeds a multiple of ten cents) is distributed to the owners and breeders of Iowa-foaled horses and Iowa-whelped dogs.

IOWA'S GAMING DOLLAR

Iowa's gaming industry consists of slot machines, table games, and other games of chance as authorized by the Commission. Slot machine statistics are kept on the total amount wagered and adjusted gross revenue. Each slot machine must have at least an 80% pay-out to the patron. Available data for table games includes the drop and the ratio of drop to the adjusted gross revenues.

The tax based on adjusted gross revenues from gambling games is: Up to \$1,000,000, 5%; above \$1,000,000 to \$3,000,000, 10%; above \$3,000,000 Excursion gambling boat – 22%; Racetrack enclosure in the same county as other licensees and not issued a table games license – 22%; Racetrack enclosure in the same county as other licensees and issued a table games license but with adjusted gross receipts of less than \$100 million – 22%; Racetrack enclosure in the same county as other licensees, issued a table games license and with adjusted gross receipts of more than \$100 million – 24% and Racetrack enclosures with no other licensees in the same county – 24%.

This tax is distributed 1/2% each to the city and county, 4/5% to the County Endowment Fund, 1/2% to gambler's treatment, 1/5% to the State Miscellaneous Fund and the remainder to designated state funds.
