**Iowa State Operating Fund
Annual Report
On Iran Divestment
For The Fiscal Year Ended June 30, 2018**

Purpose

This is the seventh annual report required by Iowa Code Chapter 12H regarding restrictions on Iran-related investments by the Iowa State Operating Fund (SOF). In response to the support that Iran has provided for acts of international terrorism, the General Assembly passed HF484, which places restrictions on investments in certain companies that have active business operations in Iran. Effective beginning March 1, 2012, this law intends for state funds not to be invested in companies that provide power production-related services, mineral extraction activities, oil-related activities, or military equipment to the government of Iran.

Chapter 12H applies to SOF in the following ways:

The system must identify and make available to the public a quarterly updated list of scrutinized companies, which have active or inactive business operations in Iran. SOF uses the research services of IW Financial, Inc. to assist in developing the list of scrutinized companies to comply with this requirement.

SOF is prohibited from directly investing in scrutinized companies with active business operations listed on the most current quarterly list. The fund was required to divest from any company with active business operations that were directly held by the fund as of March 1, 2012, after sending written notification to the company.

Any company owned indirectly through a fund is not subject to divestment, but still requires that SOF send written notification. Further, SOF is required to send written correspondence to the investment managers of funds with scrutinized company holdings urging the managers to divest of the scrutinized companies or start a separate fund free of Iran-related holdings.

Scrutinized Companies List

SOF's FY 2018 quarterly scrutinized company list is attached. As of June 30, 2018 SOF does not hold, either directly or indirectly, any companies on the list of scrutinized companies.

Written Notices

During the fiscal year, no companies on the scrutinized company list were held either directly or indirectly by SOF.

Divestment

As SOF did not have any direct or indirect holdings of scrutinized companies, no divestment was required.

Purpose

Written Notices

As per the requirements of the law, PORS sent a letter to the scrutinized company, urging them to cease all business operations in the country of Sudan. A letter was also sent to the investment manager to inform them that investment must be divested no sooner than ninety days, but no later than eighteen months, following the first written notice sent to the scrutinized company.

The investment manager will divest of Royal Dutch Shell by October 27, 2018, in accordance with the 18 month policy.
