HOUSE OF REPRESENTATIVES

Dear Mr. Brandsgard:

I respectfully submit to you the first annual reports from the Treasurer of State regarding fiscal year 2008 investment activity related to Iowa Code 12F 'Restrictions on Sudan-Related Investments'. Attached are reports for the State Operating Fund, the Iowa Judicial Retirement System, and the Iowa Peace Officers' Retirement, Accident and Disability System.

Respectfully Yours,

Iowa Peace Officers' Retirement, Accident and Disability System
Annual Report
On Sudan Divestment
For The Fiscal Year Ended June 30, 2008

Purpose

This is the first annual report required by Iowa Code Chapter 12F regarding restrictions on Sudan-related investments by the Iowa Peace Officers' Retirement, Accident and Disability System (PORS). In response to the ongoing human rights situation in the Darfur region of the country of Sudan, the General Assembly passed SF361, which places restrictions on investments in certain companies that have active business operations there. Effective beginning July 1, 2007, this law intends for state funds not to be invested in companies that provide power production-related services, mineral extraction activities, oil-related activities, or military equipment to the government of Sudan.

Chapter 12F applies to PORS in the following ways:

The system must identify and make available to the public a quarterly updated list of scrutinized companies, which have active or inactive business operations in Sudan. PORS solely uses information published by the Sudan Divestment Task Force to comply with this requirement.

PORS is prohibited from directly investing in scrutinized companies with active business operations listed on the most current quarterly list. The fund is also required to eventually divest from any company with active business operations that were directly held by the fund as of July 1, 2007 after sending written notification to the company.

Any company owned indirectly through a fund is not subject to divestment, but still requires that PORS send written notification. Further, PORS is required to send written correspondence to the investment managers of funds with scrutinized company holdings urging the managers to divest of the scrutinized companies or start a separate fund free of Sudan-related holdings.

Scrutinized Companies List

PORS' FY 2008 quarterly scrutinized companies list is attached. As of June 30, 2008 PORS does not hold, either directly or indirectly, any companies from the quarterly divestment list.

Written Notices

PORS international exposure is solely in a commingled investment fund. So no companies on the scrutinized company list were held directly. However, there was one company with active business operations that was held in the commingled fund. As per the requirements of the law, PORS sent a letter to Weatherford International urging them to cease all active business operations in the country of Sudan.

A letter was also sent to the investment manager that held the scrutinized company securities for PORS. This manager was notified of the law and urged to divest of Weatherford International or start a separate fund that PORS could invest in that would be free of any Sudan-related investments.

Divestment

As PORS did not have any direct holdings of scrutinized companies, no divestment was required. Indirect investments do not require divestment.

Weatherford International, the only company held indirectly by PORS dropped off the scrutinized companies list and was no longer subject to the restriction by the end of FY 2008.

Report Availability

This report, along with any other quarterly scrutinized company list can be obtained by contacting the Treasurer's office at 515-281-6878 or kyle.rice@iowa.gov.
