The Election Law compilation is updated annually by the issuance of replacement pages containing amendments and new enactments.

## PREFATORY STATEMENT

"The official printed versions of the Iowa Code, Code Supplement, and session laws published under authority of the state are the only authoritative publications of the statutes of this state. No other publications of the statutes of the state shall be cited in the courts or in the reports or rules of the courts." [Iowa Code §2B.17(3)]

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for ensuring the integrity and reliability of financial data. This section also outlines the various methods used to collect and analyze data, highlighting the need for consistency and precision in all reporting.

### Financial Statement Analysis

The second part of the document provides a detailed analysis of the company's financial performance over the past year. It includes a comprehensive review of the income statement, balance sheet, and cash flow statement. The analysis identifies key trends and areas of concern, providing valuable insights into the company's overall financial health and operational efficiency.

### Conclusion and Recommendations

A city shall not join an entity created under this chapter for the purpose of financing electric power facilities unless that city had established a municipal electric utility as of July 1, 1984. Power supplied by a municipal power agency shall not be furnished to a municipal utility not existing as of July 1, 1984.

After July 1, 1981, a city shall not join an entity created under this chapter or any separate administrative or legal entity created pursuant to chapter 28E for the purpose of utilizing the provisions of this chapter for financing electric power facilities until the proposal for the city to join such an entity has been submitted to and approved by the voters of the city.

The proposal shall be submitted at any city election by the council on its own motion. If a majority of those voting in the city does not approve the proposal, the same or a similar proposal may be submitted to the voters no sooner than one year from the date of the election at which the proposal was defeated.

ENHANCED 911 EMERGENCY  
TELEPHONE SYSTEMS

**34A.6 Referendum on E911 in proposed service area.**

1. Before a joint E911 service board may request imposition of the surcharge by the administrator, the board shall submit the following question to voters, as provided in subsection 2, in the proposed E911 service area, and the question shall receive a favorable vote from a simple majority of persons submitting valid ballots on the following question within the proposed E911 service area:

Shall the following public measure be adopted? YES   
NO

Enhanced 911 emergency telephone service shall be funded, in whole or in part, by a monthly surcharge of (an amount determined by the local joint E911 service board of up to one dollar) on each telephone access line collected as part of each telephone subscriber's monthly phone bill if provided within (description of the proposed E911 service area).

2. The referendum required as a condition of the surcharge imposition in subsection 1 shall be conducted using the following electoral mechanism:

At the request of the joint E911 service board a county commissioner of elections shall include the question on the next eligible general election ballot in each electoral precinct to be served, in whole or in part, by the proposed E911 service area, provided the request is timely submitted to permit inclusion. The question may be included in the next election in which all of the voters in the proposed E911 service area will be eligible to vote on the same day. The county commissioner of elections shall report the results to the joint E911 service board. The joint E911 service board shall compile the results if subscribers from more than one county are included within the proposed service area. The joint E911 service board shall announce whether a simple majority of the compiled votes reported by the commissioner approved the referendum question.

3. The secretary of state, in consultation with the administrator, shall adopt rules for the conduct of joint E911 service referendums as required by and consistent with subsections 1 and 2.

The board shall submit the question of the surcharge to voters in the same manner as provided in section 34A.6. If approved, the surcharge may be collected for a period of twenty-four months. At the end of the twenty-four-month period, the rate of the surcharge shall revert to one dollar per month, per access line.

93 Acts, ch 125, §3

**34A.7 Funding — E911 service surcharge.**

When an E911 service plan is implemented, the costs of providing E911 service within an E911 service area are the responsibility of the joint E911 service board and the member political subdivisions. Costs in excess of the amount raised by imposition of the E911 service surcharge provided for under subsection 1, shall be paid by the joint E911 service board from such revenue sources allocated among the member political subdivisions as determined by the joint E911 service board. Funding is not limited to the surcharge, and surcharge revenues may be supplemented by other permissible local and state revenue sources. A joint 911 service board shall not commit a political subdivision to appropriate property tax revenues to fund an E911 service plan without the consent of the political subdivision. A joint 911 service board may approve a 911 service plan, including a funding formula requiring appropriations by participating political subdivisions, subject to the approval of the funding formula by each political subdivision. However, a political subdivision may agree in advance to appropriate property tax revenues or other moneys according to a formula or plan developed by an alternative chapter 28E entity.

A joint E911 service board may adjust its E911 service surcharge within the monetary limitation approved by referendum as provided under this subsection by a simple majority vote of the voting members. As a result of the adjustment, the E911 service surcharge, per month, per access line, on each access line subscriber, except as provided in subsection 5, shall not exceed the lowest amount of the following:

a. One dollar.

b. An amount less than one dollar, which would fully pay both recurring and nonrecurring costs of the E911 service system within five years from the date of the adjustment.

**47.6 Election dates — conflicts — public measures.**

1. The governing body of any political subdivision which has authorized a special election to which section 39.2 is applicable shall by written notice inform the commissioner who will be responsible for conducting the election of the proposed date of the special election. If a public measure will appear on the ballot at the special election the governing body shall submit the complete text of the public measure to the commissioner with the notice of the proposed date of the special election.

If the proposed date of the special election coincides with the date of a regularly scheduled election or previously scheduled special election, the notice shall be given no later than five p.m. on the last day on which nomination papers may be filed with the commissioner for the regularly scheduled election or previously scheduled special election, but in no case shall notice be less than thirty-two days before the election. Otherwise, the notice shall be given at least thirty-two days in advance of the date of the proposed special election. Upon receiving the notice, the commissioner shall promptly give written approval of the proposed date unless it appears that the special election, if held on that date, would conflict with a regular election or with another special election previously scheduled for that date.

A public measure shall not be withdrawn from the ballot at any election if the public measure was placed on the ballot by a petition, or if the election is a special election called specifically for the purpose of deciding one or more public measures for a single political subdivision. However, a public measure which was submitted to the county commissioner of elections by the governing body of a political subdivision may be withdrawn by the governing body which submitted the public measure if the public measure was to be placed on the ballot of a regularly scheduled election. The notice of withdrawal must be made by resolution of the governing body and must be filed with the commissioner no later than the last day upon which a candidate may withdraw from the ballot.

2. For the purpose of this section, a conflict between two elections exists only when one of the elections would require use of precinct boundaries which differ from those to be used for the other election, or when some but not all of the registered voters of any precinct would be entitled to vote in one of the elections and all of the registered voters of the same precinct would be entitled to vote in the other election. Nothing in this subsection shall deny a commissioner discretionary authority to approve holding a special election on the same date as another election, even though the two elections may be defined as being in conflict, if the commissioner concludes that to do so will cause no undue difficulties.

The registrar shall maintain a log, which is a public record, showing all lists and reports which have been requested or generated or which are capable of being generated by existing programs of the data processing services of the registrar. In the execution of the duties provided by this chapter, the state registrar of voters shall provide the maximum public access to the electoral process permitted by law.

2. The registrar shall offer to each county in the state the opportunity to arrange for performance of all functions referred to in subsection 1 by the data processing facilities of the registrar, commencing at the earliest practicable time, at a cost to the county determined in accordance with the standard charges for those services adopted annually by the registration commission. A county may accept this offer without taking bids under section 47.5.

3. Any county may use its own data processing facilities for voter registration record keeping and utilization functions, if the system design and the form in which the registration records are kept conform to specifications established by rules promulgated by the registration commission. Each county exercising the option to maintain its own voter registration records under this subsection shall provide the registrar, at the county's expense, original and updated voter registration lists in a form and at times prescribed by the registrar.

4. Not later than July 1, 1984, information listed in section 48A.11 contained in a county's manual records but not on the county's computer readable records shall be provided to the registrar in a form specified by the registrar. The registrar shall require that any information supplied under section 48A.11, except the signature and attestation of the registrant, be provided to the registrar in a form specified by the registrar.

## PROCESSING VOTER REGISTRATION RECORDS

**48A.26 Acknowledgment of registration form.**

1. Within seven working days of receipt of a voter registration form or change of information in a voter registration record the commissioner shall send an acknowledgment to the registrant at the mailing address shown on the registration form. The acknowledgment shall be sent by nonforwardable mail.

2. If the registration form appears on its face to be complete and proper, the acknowledgment shall state that the registrant is now a registered voter of the county. The acknowledgment shall also specify the name of the precinct and the usual polling place for the precinct in which the person is now registered. The acknowledgment may include the political party affiliation most recently recorded by the registrant.

3. If the registration form is missing required information, the acknowledgment shall advise the applicant what additional information is required. The commissioner shall enclose a new registration by mail form for the applicant to use. If the registration form has no address, the commissioner shall make a reasonable effort to determine where the acknowledgment should be sent.

4. If the acknowledgment is returned as undeliverable by the United States postal service, the commissioner shall follow the procedure described in section 48A.29, subsection 1.

5. If a registrant has not supplied enough information on a registration form for the commissioner to determine the correct precinct and other districts, the commissioner shall obtain the information as quickly as possible either from the registrant or other sources available to the commissioner.

6. An improperly addressed or delivered registration form shall be forwarded to the appropriate county commissioner of registration within two working days after it is received by any other official. 7. When a person who is at least seventeen and one-half years of age but less than eighteen years of age registers to vote, the commissioner shall maintain a record of the registration so as to clearly indicate that it will not take effect until the registrant's eighteenth birthday and that the person is registered and qualifies to vote at any election held on or after that date.

1. Any voter registration form received by any voter registration agency, driver's license station, including county treasurer's offices participating in county issuance of driver's licenses under chapter 321M, or the commissioner shall be considered as updating the registrant's previous registration.

2. *a.* A person who is registered to vote may request changes in the voter's registration record at any time by submitting one of the following, as applicable:

(1) A written notice to the county commissioner.

(2) A completed Iowa or federal mail registration form to the county commissioner.

(3) On election day, a registration form to the precinct election officials at the precinct of the voter's current residence.

(4) A change of address form to the office of driver services of the state department of transportation, or to a county treasurer's office that is participating in county issuance of driver's licenses under chapter 321M.

(5) A change of address notice for voter registration submitted to any voter registration agency.

*b.* If a change of name, telephone number, or address is submitted under this subsection, the commissioner shall not change the party affiliation in the elector's prior registration other than that indicated by the elector.

3. The commissioner shall make the necessary changes in the registration records without any action by the registrant when any of the following events occur:

*a.* Annexation of territory by a city. When an existing city annexes territory, the city clerk shall furnish the commissioner a detailed map of the annexed territory. The commissioner shall change the registration of persons residing in that territory to reflect the annexation and the city precinct to which each of those persons is assigned. If the commissioner cannot determine the names and addresses of the persons affected by the annexation, the commissioner shall send each person who may be involved a letter informing the person that the person's registration may be in error, and requesting that each person provide the commissioner with the information necessary to correct the registration records.

*b.* Change of official street name or house or building number by a city or county. When the city or county changes the name of a street or the number of a house or other building in which a person resides, the city clerk or county board of supervisors shall inform the commissioner of the change, and the commissioner shall change the registration of each person affected.

*c.* Incorporation or discontinuance of a city. When a new city is incorporated or an existing city is discontinued, the city clerk shall notify the commissioner. The commissioner shall change the registration of each person affected.

*d.* Change of rural route designation of the residence of the registered voter. The commissioner shall request each postmaster in the county to inform the commissioner of each change in rural route designation and the names of the persons affected, and the commissioner shall change the registration of each person as appropriate.

4. *a.* A commissioner, either independently or in cooperation with the state registrar of voters, and in accordance with rules of the state voter registration commission, may enter into an agreement with a licensed vendor of the United States postal service participating in the national change of address program to identify registered voters of the county who may have moved either within or outside the county.

*b.* If the information provided by the vendor indicates that a registered voter has moved to another address within the county, the commissioner shall change the registration records to show the new residence address, and shall also mail a notice of that action to both the former and new addresses. The notice shall be sent by forwardable mail, and shall include a postage prepaid preaddressed return form by which the registered voter may verify or correct the address information.

*c.* If the information provided by the vendor indicates that a registered voter has moved to an address outside the county, the commissioner shall make the registration record inactive, and shall mail a notice to the registered voter at both the former and new addresses.

The notice shall be sent by forwardable mail, and shall include a postage paid preaddressed return card on which the registered voter may state the registered voter's current address. The notice shall contain a statement in substantially the following form: "Information received from the United States postal service indicates that you are no longer a resident of, and therefore not eligible to vote in (name of county) County, Iowa. If this information is not correct, and you still live in (name of county) County, please complete and mail the attached postage paid card at least ten days before the primary or general election and at least eleven days before any other election at which you wish to vote. If the information is correct and you have moved, please contact a local official in your new area for assistance in registering there. If you do not mail in the card, you may be required to show identification proving your residence in (name of county) County before being allowed to vote in (name of county) County. If you do not return the card, and you do not vote in an election in (name of county) County, Iowa, on or before (date of second general election following the date of the notice) your name will be removed from the list of voters in that county. To ensure you receive this notice, it is being sent to both your most recent registration address and to your new address as reported by the postal service."

*d.* If the information provided by the vendor indicates the registered voter has moved to another county within the state, the notice required by paragraph "c" shall include a statement that registration in the county of the person's current residence is required.

e. If a registered voter returns a card sent pursuant to this subsection and confirms that the registered voter has moved to a new residence outside the county, the commissioner shall cancel the registration of the voter.

f. If a registered voter returns a card sent pursuant to this subsection and states that the registered voter's residence address has not changed for the purpose of voter registration, the commissioner shall reinstate the record to active status, making any other changes directed by the registrant in the notice.

5. The commissioner shall keep a record of the names and addresses of the registered voters to whom notices under this section are sent and the date of the notice. When the return card from a notice is received by the commissioner, the commissioner shall record the date it was received and whether the registrant had moved within the county, moved to an address outside the county, or had not changed residence.

Either or both of the methods described in this section may be used.

2. A commissioner may participate in the United States postal service national change of address program, as provided in section 48A.27. The state voter registration commission shall adopt rules establishing specific requirements for participation and use of the national change of address program.

A commissioner participating in the national change of address program, in the first quarter of each calendar year, shall send a notice and preaddressed, postage paid return card by forwardable mail to each registered voter whose name was not reported by the national change of address program and who has not voted, registered again, or reported a change to an existing registration during the preceding four calendar years. The form and language of the notice and return card shall be specified by the state voter registration commission by rule. A registered voter shall not be sent a notice and return card under this subsection more frequently than once in a four-year period.

3. For a commissioner who is not participating in the national change of address program, in February of each year the commissioner shall mail a confirmation notice to each registered voter in the county. The notice shall be sent by forwardable mail. The notice shall include a preaddressed, postage paid return card for the use of the registered voter or the recipient of the notice. The card shall contain boxes for the recipient to check to indicate one of the following:

a. That the recipient is the registered voter named on the card, and is still a resident at the address listed.

b. That the recipient is the registered voter named on the card, but is no longer a resident of the address listed.

c. That the recipient is not the registered voter named on the card, and the registered voter named on the card is not a resident of the address listed.

The form and language of the notice and return card shall be specified by the state voter registration commission by rule.

The notice shall be sent by forwardable mail, and shall include a postage paid preaddressed return card on which the registered voter may state the registered voter's current address. The notice shall contain a statement in substantially the following form: "Information received from the United States postal service indicates that you are no longer a resident of (residence address) in (name of county) County, Iowa. If this information is not correct, and you still live in (name of county) County, please complete and mail the attached postage paid card at least ten days before the primary or general election and at least eleven days before any other election at which you wish to vote. If the information is correct, and you have moved, please contact a local official in your new area for assistance in registering there. If you do not mail in the card, you may be required to show identification proving your residence in (name of county) County before being allowed to vote in (name of county) County. If you do not return the card, and you do not vote in some election in (name of county) County, Iowa, on or before (date of second general election following the date of the notice) your name will be removed from the list of voters in that county."

2. When a detachable return card originally attached to a confirmation notice is returned indicating that the registered voter is still a resident of the address shown on the registration records, the commissioner shall make a record of the date the card was received.

3. When a detachable return card originally attached to a confirmation notice is returned by anyone other than the registered voter indicating that the registered voter is no longer a resident of the registration address, the commissioner shall make the registration record inactive, and shall mail a notice to the registered voter at the registered voter's most recent mailing address, as shown by the registration records.

The notice shall be sent by forwardable mail, and shall include a postage paid preaddressed return card on which the registered voter may state the registered voter's current address. The notice shall contain a statement in substantially the following form: "Information received by this office indicates that you are no longer a resident of (residence address) in (name of county) County, Iowa. If the information is not correct, and you still live at that address, please complete and mail the attached postage paid card at least ten days before the primary or general election and at least eleven days before any other election at which you wish to vote. If the information is correct, and you have moved within the county, you may update your registration by listing your new address on the card and mailing it back. If you have moved outside the county, please contact a local official in your new area for assistance in registering there. If you do not mail in the card, you may be required to show identification proving your residence in (name of county) County before being allowed to vote in (name of county) County. If you do not return the card, and you do not vote in some election in (name of county) County, Iowa, on or before (date of second general election following the date of the notice) your name will be removed from the list of registered voters in that county."

The list shall be submitted according to the specifications of the state registrar of voters, who shall determine whether each listed decedent was registered to vote in this state. If the decedent was registered in a county which uses its own data processing facilities for voter registration recordkeeping, the registrar shall notify the commissioner in that county who shall cancel the decedent's registration. If the decedent was registered in a county for which voter registration recordkeeping is performed under contract by the registrar, the registrar shall immediately cancel the registration and notify the commissioner of the county in which the decedent was registered to vote of the cancellation.

**49.1 Elections included.**

The provisions of this chapter shall apply to all elections except those special elections which by the terms of the statutes authorizing them are exempt from the provisions of this chapter.

[C97, §1088; C24, 27, 31, 35, 39, §719; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §49.1]

**49.2 Repealed by 73 Acts, ch 136, §401.**

**49.3 Election precincts.**

Election precincts shall be drawn by the county board of supervisors or the temporary county redistricting commission in all unincorporated portions of each county, and by the city council of each city in which it is necessary or deemed advisable to establish more than one precinct. Precincts established as provided by this chapter shall be used for all elections, except where temporary merger of established precincts is specifically permitted by law for certain elections, and no political subdivision shall concurrently maintain different sets of precincts for use in different types of elections. Election precincts shall be drawn so that:

1. No precinct shall have a total population in excess of three thousand five hundred, as shown by the most recent federal decennial census.

2. Each precinct is contained wholly within an existing legislative district, except:

a. When adherence to this requirement would force creation of a precinct which includes the places of residence of fewer than fifty registered voters.

b. When the general assembly by resolution designates a period after the federal decennial census is taken and before the next succeeding reapportionment of legislative districts required by Article III, section 35, Constitution of the state of Iowa as amended in 1968, during which precincts may be drawn without regard to the boundaries of existing legislative districts.

3. Precincts established after July 1, 1994, shall be composed of contiguous territory within a single county. The boundaries of all precincts shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census.

4. All election districts, including city wards and county supervisor districts, shall be drawn according to the following standards:

a. All boundaries, except for supervisor districts for counties using supervisor representation plan "two" pursuant to section 331.209, shall follow precinct boundaries.

b. All districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the city or county.

c. All districts shall be composed of contiguous territory as compact as practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. Cities shall not be divided into two or more county supervisor districts unless the population of the city is greater than the ideal size of a district. Cities shall be divided into the smallest number of county supervisor districts possible.

**49.4 Precincts drawn by county board.**

Where action by the board of supervisors is necessary or deemed advisable by the board of supervisors or the temporary county redistricting commission, the boundaries of precincts shall be definitely fixed by ordinance. A public hearing shall be held before final action is taken to adopt changes in the precinct boundaries. Notice of the date, time, and place of the hearing shall be given as provided in chapter 21. In the absence of contrary action by the board of supervisors or the temporary county redistricting commission, each civil township which does not include any part of a city of over two thousand population, and the portion of each civil township containing any such city which lies outside the corporate limits of that city or those cities, shall constitute an election precinct. If no action is necessary to change the county election precincts, the board of supervisors shall certify the retained boundaries to the state commissioner, as required by section 49.7.

1. Where a civil township, or the portion of a civil township outside the corporate limits of any city of over two thousand population contained therein, is divided into two or more election precincts, the precincts shall be so drawn that their total populations shall be reasonably equal on the basis of data available from the most recent federal decennial census.

2. Counties using alternative supervisor representation plans "two" or "three", as described in section 331.206, shall be apportioned into single-member supervisor districts on the basis of population. In counties using representation plan "three", the boundaries of supervisor districts shall follow the boundaries of election precincts.

3. Notwithstanding any other provision of this chapter, the Indian settlement lying in Tama, Toledo and Indian Village townships of Tama county shall be an election precinct, and the polling place of that precinct shall be located in the structure commonly called the Indian school located in section 19, township 83 north, range 15 west, or in such structure as designated by the election commissioner of Tama county.

#### 49.5 City precincts.

The council of a city where establishment of more than one precinct is necessary or deemed advisable shall at the time required by law, divide the city into the number of election precincts as will best serve the convenience of the voters. As used in this section, the term "*the convenience of the voters*" refers to, but is not necessarily limited to, the use of precinct boundaries which can be readily described to and identified by voters and for which there is ease of access by voters to their respective precinct polling places by reasonably direct routes of travel.

The precinct boundaries shall conform to section 49.3 and shall be described in an ordinance adopted by the council within the time required by section 49.7. Before final adoption of any change in election precinct boundaries pursuant to this section or section 49.6, the council shall permit the commissioner not less than seven and not more than ten days time to offer comments on the proposed reprecincting. A public hearing shall be held before final adoption of the ordinance. Notice of the date, time, and place of the hearing shall be given as provided in chapter 21.

**49.6 Power to combine township and city precincts.**

Election precincts composed partially of unincorporated territory and partially of all or any part of a city may be established within a single county in any manner which is not contrary to section 49.3. An agreement mutually satisfactory to the board of supervisors or the temporary county redistricting commission and the city council of the city involved shall be adopted and a copy of the agreement shall be submitted to the state commissioner as part of the certification of precinct boundaries required by section 49.7.

**49.7 Reprecincting schedule and filing requirements.**

Where reprecincting is necessary, city councils and county boards of supervisors or the temporary county redistricting commission shall make any necessary changes in precincts as soon as possible after the redistricting of congressional and legislative districts becomes law.

City councils shall complete any changes in precinct and ward boundaries necessary to comply with sections 49.3 and 49.5 not later than sixty days after the redistricting of congressional and legislative districts becomes law, or September 1 of the year immediately following each year in which the federal decennial census is taken, whichever is later. Different compliance dates may be set by the general assembly by joint resolution.

County boards of supervisors or the temporary county redistricting commission shall complete any changes in precinct and supervisor district boundaries necessary to comply with sections 49.3, 49.4, and 331.209 not later than ninety days after the redistricting of congressional and legislative districts becomes law, or October 15 of the year immediately following each year in which the federal decennial census is taken, whichever is later. Different compliance dates may be set by the general assembly by joint resolution.

Each county board of supervisors or the temporary county redistricting commission and city council shall immediately notify the state commissioner and the commissioner when the boundaries of election precincts are changed, and shall provide a map showing the new boundary lines. Each county board or the temporary county redistricting commission and city council shall certify to the state commissioner the populations of the new election precincts or retained election precincts as determined by the latest federal decennial census. Materials filed with the state commissioner shall be postmarked no later than the deadline specified in this section.

If the state commissioner determines that a county board or the temporary county redistricting commission or city council has failed to make the required changes by the dates specified by this section, the state commissioner shall make or cause to be made the necessary changes as soon as possible. The state commissioner shall assess to the county or city, as the case may be, the expenses incurred in making the necessary changes. The state commissioner may request the services of personnel and materials available to the legislative service bureau to assist the state commissioner in making required changes in election precincts which become the state commissioner's responsibility.

Precinct boundaries shall become effective on January 15 of the second year following the year in which the census was taken and shall be used for all subsequent elections. Precinct boundaries drawn by the state commissioner shall be incorporated into the ordinances of the city or county.

Changes made to precincts in years other than the year following the year in which the federal decennial census is taken shall be filed with the state commissioner as soon as possible.

#### 49.8 Changes in precincts.

After any required changes in precinct boundaries have been made following each federal decennial census, at the time established by or pursuant to section 49.7, the county board or city council shall make no further changes in precinct boundaries until after the next federal decennial census, except in the following circumstances:

1. When deemed necessary by the board of supervisors of any county because of a change in the location of the boundaries, dissolution or establishment of any civil township, the boundaries of precincts actually affected may be changed as necessary to conform to the new township boundaries.

2. When territory is annexed to a city the city council may attach all or any part of the annexed territory to any established precinct or precincts which are contiguous to the annexed territory, however this subsection shall not prohibit establishment of one or more new precincts in the annexed territory.

3. A city may have one special federal census taken each decade and the population figures obtained may be used to revise precinct boundaries in accordance with the requirements of sections 49.3 and 49.5.

**49.12 Election boards.**

There shall be appointed in each election precinct an election board which shall ordinarily consist of three or five precinct election officials. At the commissioner's discretion, additional precinct election officials may be appointed to work at any election. Double election boards may be appointed for any precinct as provided by chapter 51. Not more than a simple majority of the members of the election board in any precinct, or of the two combined boards in any precinct for which a double election board is appointed, shall be members of the same political party or organization if one or more registered voters of another party or organization are qualified and willing to serve on the board.

**49.13 Commissioner to appoint members, chairperson.**

1. The membership of each precinct election board shall be appointed by the commissioner, not less than fifteen days before each election held in the precinct, from the election board panel drawn up as provided in section 49.15. Precinct election officials shall be registered voters of the county, or other political subdivision within which precincts have been merged across county lines pursuant to section 49.11, subsection 1, in which they are appointed. Preference shall be given to appointment of residents of a precinct to serve as precinct election officials for that precinct, but the commissioner may appoint other residents of the county where necessary.

2. Each election board member shall be a member of one of the two political parties whose candidates for president of the United States or for governor, as the case may be, received the largest and next largest number of votes in the precinct at the last general election, except that persons not members of either of these parties may be appointed to serve for any election in which no candidates appear on the ballot under the heading of either of these political parties.

3. In appointing the election board to serve for any election in which candidates' names do appear under the heading of these political parties, the commissioner shall give preference to the persons designated by the respective county chairpersons of these political parties for placement on the election board panel, as provided by section 49.15, in the order that they were so designated. However, the commissioner may for good cause decline to appoint a designee of a county chairperson if that chairperson is notified and allowed two working days to designate a replacement.

4. The commissioner shall designate one member of each precinct election board as chairperson of that board. If a counting board authorized by chapter 51 is appointed, the chairperson shall have authority over the mechanics of the work of both boards. At the discretion of the commissioner, two people who are members of different political parties may be appointed as co-chairpersons. The co-chairpersons shall have joint authority over the work of the precinct election board.

**49.14 Substitute precinct election officials.**

1. The commissioner may appoint substitute precinct election officials as alternates for election board members. A majority of the original election board members shall be present at the precinct polling place at all times; at partisan elections such majority shall include at least one precinct election official from each political party. If the chairperson leaves the polling place, the chairperson shall designate another member of the board to serve as chairperson until the chairperson returns. The responsibilities and duties of a precinct election official present at the time the polling place was opened on the day of an election may be assumed at any later time that day by a substitute appointed as an alternate. The substitute shall serve either for the balance of that election day or for any shorter period of time the commissioner may designate.

2. Substitute precinct election officials shall be appointed and shall serve in accordance with sections 49.12, 49.13, 49.15, and 49.16, and shall receive compensation as provided by sections 49.19, 49.20, and 49.125. Upon arriving at the polling place and prior to performing any official duty, a substitute precinct election official shall take the oath required by section 49.75.

3. The commissioner shall not employ substitute precinct election officials in a partisan election unless:

a. The election board panel drawn up pursuant to section 49.15 contains the names of a sufficient number of political party designees to permit appointment of both the regular precinct election officials and any substitute precinct election officials from that panel; or

**49.27 Precincts where some voters may not vote for all candidates or questions.** Repealed by 97 Acts, ch 170, §93. See §49.30.

**49.28 Commissioner to furnish registers and supplies.**

The commissioner shall prepare and furnish to each precinct an election register and all other books, forms, materials, equipment, and supplies necessary to conduct the election.

After the registration deadline and before election day the commissioner shall prepare an election register for each precinct in which voting will occur on the day of the election. The precinct election register shall be a list of the names and addresses of all registered voters of the precinct. Inactive records listed in the election register shall be clearly identified with a special mark or symbol.

When a precinct is divided by a district boundary, and some, but not all, registered voters of the precinct may vote on an issue or office from that district, the election register shall clearly indicate which of the registered voters are entitled to vote in the district.

**49.29 Voting by ballot or machine.** Repealed by 97 Acts, ch 170, §93. See §49.26.

**49.30 All candidates and issues on one ballot — exceptions.**

All constitutional amendments, all public measures, and the names of all candidates, other than presidential electors, to be voted for in each election precinct, shall be printed on one ballot, except that separate ballots are authorized under the following circumstances:

1. Where special paper ballots are used, if it is not possible to include all offices and public measures on a single ballot, separate ballots may be provided for nonpartisan offices, judges, or public measures.

2. At an election where voting machines are used, the following exceptions apply:

a. If it is impossible to place the names of all candidates on the machine ballot, the commissioner may provide a separate paper ballot for the candidates for judge of the district court, the township offices, and the nonpartisan offices listed in section 39.21. One of the paper ballots shall be furnished to each registered voter.

b. When a precinct has one or more offices or questions on the ballot in any election that may not be legally voted upon by all registered voters of the precinct, the commissioner shall use lockout devices operated by the precinct election officials to restrict each voter to the appropriate parts of the ballot. However, if the voting machine does not have a lockout device, the commissioner may use one or more separate voting machines for each group of voters in the precinct. If neither of the foregoing procedures is feasible, the commissioner shall prepare separate ballots for the candidates or questions which may not be legally voted upon by all registered voters of the precinct, and shall furnish a separate ballot box into which only those ballots shall be deposited.

3. Where paper ballots are used, separate paper ballots shall be used:

a. For the election of township officers in precincts including both incorporated and unincorporated areas or more than one township.

b. For public measures.

c. For judges.

**49.31 Arrangement of names on ballot — restrictions.**

1. All ballots shall be arranged with the names of candidates for each office listed below the office title. For partisan elections the name of the political party or organization which nominated each candidate shall be listed after or below each candidate's name.

The commissioner shall determine the order of political parties and nonparty political organizations on the ballot. The sequence shall be the same for each office on the ballot and for each precinct in the county voting in the election.

2. The commissioner shall prepare a list of the election precincts of the county, by arranging the various townships and cities in the county in alphabetical order, and the wards or precincts in each city or township in numerical order under the name of such city or township. The commissioner shall then arrange the surnames of each political party's candidates for each office to which two or more persons are to be elected at large alphabetically for the respective offices for the first precinct on the list; thereafter, for each political party and for each succeeding precinct, the names appearing first for the respective offices in the last preceding precinct shall be placed last, so that the names that were second before the change shall be first after the change. The commissioner may also rotate the names of candidates of a political party in the reverse order of that provided in this subsection or alternate the rotation so that the candidates of different parties shall not be paired as they proceed through the rotation. The procedure for arrangement of names on ballots provided in this section shall likewise be substantially followed in elections in political subdivisions of less than a county.

3. The ballots for any city elections, school elections, special election, or any other election at which any office is to be filled on a nonpartisan basis and the statutes governing the office to be filled are silent as to the arrangement of names on the ballot, shall contain the names of all nominees or candidates arranged in alphabetical order by surname under the heading of the office to be filled. When a city election, school election, special election, or any other election at which an office is to be filled on a nonpartisan basis, is held in more than one precinct, the candidates' names shall be rotated on the ballot from precinct to precinct in the manner prescribed by subsection 2 unless there are no more candidates for an office than the number of persons to be elected to that office.

4. The heading for each office on the ballot shall be immediately followed by a notation stating, "Vote for no more than \_\_\_", and indicating the maximum number of nominees or candidates for that office for whom each elector may vote.

5. At the end of the list of candidates for each office listed on the ballot one or more blank lines and voting positions shall be printed to allow the elector to write in the name of any person for whom the elector desires to vote for any office or nomination on the ballot. The number of write-in lines shall equal the number of votes that can be cast for that office.

6. The name of a candidate printed on the ballot shall not include parentheses, quotation marks, or any personal or professional title.

7. For the purpose of ballot rotation the absentee ballot and special voters precinct may be considered a separate precinct.

#### **49.32 Candidates for president in place of electors.**

The candidates for electors of president and vice president of any political party or group of petitioners shall not be placed on the ballot, but in the years in which they are to be elected the names of candidates for president and vice president, respectively, of such parties or group of petitioners shall be placed on the ballot, as the names of candidates for United States senators are placed thereon, under their respective party, petition, or adopted titles for each political party, or group of petitioners, nominating a set of candidates for electors.

The machines shall be used for voting at all elections unless the commissioner directs otherwise pursuant to section 49.26. If it shall be impracticable to supply each and every election precinct for which machine voting has been adopted with a voting machine or voting machines at any election following such adoption, as many may be supplied as it is practicable to procure, and the same may be used in such election precincts as the commissioner may direct.

It shall be the duty of the commissioner or the commissioner's duly authorized agents to examine and test the voting machines to be used at any election, after the machines have been prepared for the election and not less than twelve hours before the opening of the polls on the morning of the election. For any election to fill a partisan office, the county chairperson of each political party referred to in section 49.13 shall be notified in writing of the time said machines shall be examined and tested so that they may be present, or have a representative present. For every election, the commissioner shall include the notice in the notice of the election published as required by section 49.53. Those present for the examination and testing shall sign a certificate which shall read substantially as follows:

**52.11 Locking of unused party row.**

At all general elections the commissioner in preparing the ballot upon every voting machine shall cause the party row next underneath the names of the Republican candidates, and also the party row underneath the names of the Democratic candidates, to be locked and left blank except when more than five political parties have nominated candidates whose names are entitled to be placed on the official ballot.

**52.12 Exception — straight party voting.**

**52.13 Sample ballots.**

The commissioner shall provide for each precinct polling place at which votes are to be cast by machine two sample ballots, which shall be arranged in the form of a diagram showing the entire front of the voting machine as it will appear after the official ballots are arranged for voting on election day. Such sample ballots shall be open to public inspection at such polling place during the day of election.

**52.16 Duties of election officers — independent ballots.**

The election board of each precinct in which votes are to be cast by machine shall meet at the precinct polling place, at least one hour before the time set for the opening of the polls at each election, and shall proceed to arrange the furniture, stationery, and voting machine for the conduct of the election. The board shall cause at least two instruction cards to be posted conspicuously within the polling place. If not previously done, they shall arrange, in their proper place on the voting machine, the ballots containing the names of the offices to be filled at the election, and the names of the candidates nominated. If not previously done, the machine shall be so arranged as to show that no vote has been cast, and shall not be thereafter operated, except by electors in voting.

Before the polls are open for election, the board shall carefully examine every machine and see that no vote has been cast, and the machines are subject to inspection of the election officers. If the voting machine is equipped to produce a printed record showing the status of the counters, this record shall be produced by the precinct election officials immediately before the polls are open. The inspection sheets from each machine used in the election shall be available for examination throughout election day.

Ballots voted for any person whose name does not appear on the machine as a nominated candidate for office, are referred to in this section as independent ballots. When two or more persons are to be elected to the same office, and the machine requires that all independent ballots voted for that office be deposited in a single receptacle or device, an elector may vote in or by the receptacle or device for one or more persons whose names do not appear upon the machine with or without the names of one or more persons whose names do so appear. With that exception, and except for presidential electors, no independent ballot shall be voted for any person for any office whose name appears on the machine as a nominated candidate for that office; any independent ballot so voted shall not be counted. An independent ballot must be cast in its appropriate place on the machine, or it shall be void and not counted.

**52.33 Absentee voting by electronic voting system.**

In any county in which the board of supervisors has adopted voting by means of an electronic voting system, the commissioner may elect to also conduct absentee voting by use of such a system if the system so used is compatible with the counting center serving the precinct polling places in the county where voting is by means of an electronic voting system. In any other county, the commissioner may with approval of the board of supervisors conduct absentee voting by use of an electronic voting system. All provisions of chapter 53 shall apply to such absentee voting, so far as applicable. When a ballot card is used for voting by mail it shall be accompanied by a stylus, voter instructions, and a specimen ballot showing the proper positions to vote on the ballot card for each candidate or public question. The card shall be mounted on material suitable to receive the punched out chip. In counties where absentee voting is conducted by use of an electronic voting system, the special precinct counting board shall, at the time required by chapter 53, prepare absentee ballots for delivery to the counting center in the manner prescribed by this chapter.

The absentee and special precinct board shall follow the process prescribed in section 52.37, subsection 2, in handling damaged or defective ballots and in counting write-in votes on special paper ballots.

**52.34 Counting center established.**

Before authorizing the purchase and ordering the use of an electronic voting system under section 52.2, the county board of supervisors shall, with advice of the commissioner, determine whether counting center equipment is to be purchased as a part of the system and operated by the county, or the county will enter into an arrangement to have its ballots tabulated at a counting center maintained by another county, or whether ballots will be tabulated by devices located in each of the precincts in which the board of supervisors has ordered its use. The arrangement may be reviewed and revised, with approval of the board of supervisors, at any time. If a county acquires and operates a counting center at which ballots cast in one or more other counties are tabulated, the commissioner of the county acquiring and operating the center, or that commissioner's designee, shall be responsible for and in control of the operation of that counting center at all times, regardless of the origin of the ballots being tabulated at any particular time.

**52.35 Equipment tested.**

Within five days before the date of any election at which votes are to be cast by means of an electronic voting system and tabulated at a counting center established under section 52.34, the commissioner in charge of the counting center where votes so cast are to be tabulated shall have the

automatic tabulating equipment tested to ascertain that it will correctly count the votes cast for all offices and on all public questions. The procedure for conducting the test shall be as follows:

1. For any election to fill a partisan office, the county chairperson of each political party shall be notified in writing of the time the test will be conducted, so that they may be present or have a representative present. For every election, the commissioner shall include such notice in the notice of the election published as required by section 49.53. The test shall be open to the public.

2. The test shall be conducted by processing a preaudited group of ballots punched or marked so as to record a predetermined number of valid votes for each candidate, and on each public question, on the ballot. The test group shall include for each office and each question one or more ballots having votes in excess of the number allowed by law for that office or question, in order to test the ability of the automatic tabulating equipment to reject such votes. Any observer may submit an additional test group of ballots which, if so submitted, shall also be tested. The state commissioner shall promulgate administrative rules establishing procedures for any additional test group of ballots submitted by an observer. If any error is detected, its cause shall be ascertained and corrected and an errorless count obtained before the automatic tabulating equipment is approved. When so approved, a statement attesting to the fact shall be signed by the commissioner and kept with the records of the election.

3. The test group of ballots used for the test shall be clearly labeled as such, and retained in the counting center. The test prescribed in subsection 2 shall be repeated immediately before the start of the official tabulation of ballots cast in the election, and again immediately after the tabulation is completed. The test group of ballots and the programs used for the counting procedure shall be sealed, retained for the time required for and disposed of in the same manner as ballots cast in the election.

### **52.36 Commissioner in charge of counting center — appointment of resolution board.**

All proceedings at the counting center shall be under the direction of the commissioner and open to the public. The proceedings shall be under the observation of at least one member of each of the political parties referred to in section 49.13, designated by the county chairperson or, if the chairperson fails to make a designation, by the commissioner. No person except those employed and authorized by the commissioner for the purpose shall touch any ballot or ballot container.

The commissioner shall appoint from the lists provided by the county political party chairpersons a resolution board to tabulate write-in votes and to decide questions regarding damaged, defective, or other ballots which cannot be tabulated by machine. The commissioner shall appoint as many people to the resolution board as the commissioner believes are necessary.

The resolution board shall be divided into two-person teams. Each team shall consist of people who are not members of the same political party. If a team is unable to decide how to count one or more ballots, a third person shall be available to consult with the team and to resolve disputes. Ballots which were objected to shall be endorsed and separated as required by section 50.4.

### **52.37 Counting center tabulation procedure.**

The tabulation of ballots cast by means of an electronic voting system, at a counting center established pursuant to this chapter, shall be conducted as follows:

1. The sealed ballot container from each precinct shall be delivered to the counting center by two of the election officials of that precinct, not members of the same political party, who shall travel together in the same vehicle and shall have the container under their immediate joint control until they surrender it to the commissioner or the commissioner's designee in charge of the counting center. The commissioner or designee shall, in the presence of the two precinct election officials who delivered the container, enter on a record kept for the purpose that the container was received, the time the container was received, and the condition of the seal upon receipt.

2. After the record required by subsection 1 has been made, the ballot container shall be opened. If any ballot is found damaged or defective, so that it cannot be counted properly by the automatic tabulating equipment, a true duplicate shall be made by the resolution board team and substituted for the damaged or defective ballot, or, as an alternative, the valid votes on a defective ballot may be manually counted at the counting center by the resolution board, whichever method is best suited to the system being used. All duplicate ballots shall be clearly labeled as such, and shall bear a serial number which shall also be recorded on the damaged or defective ballot.

The resolution board shall also tabulate any write-in votes which were cast. Write-in votes cast for a candidate whose name appears on the ballot for the same office shall be counted as a vote for the candidate indicated, if the vote is otherwise properly cast.

Ballots which are rejected by the tabulating equipment as blank because they have been marked with an unreadable marker shall be duplicated or tabulated as required by this subsection for damaged or defective ballots. The commissioner may instruct the resolution board to mark over voters' unreadable marks using a marker compatible with the tabulating equipment. The resolution board shall take care to leave part of the original mark made by the voter. If it is impossible to mark over the original marks made by the voter without completely obliterating them, the ballot shall be duplicated.

3. The record printed by the automatic tabulating equipment, with the addition of a record of any write-in or other votes manually counted pursuant to this chapter, shall constitute the official return of the precinct. Upon completion of the tabulation of the votes from each individual precinct, the

result shall be announced and reported in substantially the manner required by section 50.11.

4. If for any reason it becomes impracticable to count all or any part of the ballots with the automatic tabulation equipment, the commissioner may direct that they be counted manually, in accordance with chapter 50 so far as applicable.

**52.38 Testing portable tabulating devices.**

All portable tabulating devices shall be tested before any election in which they are to be used following the procedure in section 52.35, subsection 2. Testing shall be completed not later than twelve hours before the opening of the polls on the morning of the election. For any election to fill a partisan office, the chairperson of each political party shall be notified in writing of the time the devices will be tested so that the chairperson or a representative may be present. For every election, the commissioner shall include the notice in the notice of the election published as required by section 49.53. Those present for the test shall sign a certificate which shall read substantially as follows:

The undersigned certify that we were present and witnessed the testing of the portable tabulating devices in the following precincts, that we believe the devices are in proper condition for use in the election of ..... 19.....; that following the test the vote totals were erased from the memory of each portable tabulating device and a report was produced showing that all vote totals in the memory were set at 0000; that the devices were securely locked or sealed; and that the serial numbers and locations of the devices which were tested are listed below.

However, any registered voter who has received an absentee ballot and not returned it, may surrender the absentee ballot to the precinct officials and vote in person at the polls. The precinct officials shall mark the uncast absentee ballot "void" and return it to the commissioner. Any registered voter who has been sent an absentee ballot by mail but for any reason has not received it may appear at the voter's precinct polling place on election day and sign an affidavit to that effect, after which the voter shall be permitted to vote in person. Such voter shall cast a ballot in accordance with section 49.81. The form of the affidavit for use in such cases shall be prescribed by the state commissioner.

**53.20 Special precinct established.**

There is established in each county a special precinct to be known as the absentee ballot and special voters precinct. Its jurisdiction shall be conterminous with the borders of the county, for the purposes specified by sections 53.22 and 53.23, and the requirement that precincts not cross the boundaries of legislative districts shall not be applicable to it. The commissioner shall draw up an election board panel for the special precinct in the manner prescribed by section 49.15, having due regard for the nature and extent of the duties required of members of the election board and the election officers to be appointed from the panel.

[C77, 79, 81, §53.20]

**53.21 Replacement of lost or spoiled absentee ballots.**

A voter who has requested an absentee ballot may obtain a replacement ballot if the voter declares that the original ballot was lost or did not arrive. The commissioner upon receipt of a written or oral request for a replacement ballot shall provide a duplicate ballot. The same serial number that was assigned to the records of the original absentee ballot request shall be used on the envelopes and records of the replacement ballot.

The commissioner shall include with the replacement ballot two copies of a statement in substantially the following form:

The absentee ballot which I requested on ..... (date) has been lost or was never received. If I find this absentee ballot I will return it, unvoted, to the commissioner.

.....  
(Signature of voter)

.....  
(Date)

The voter shall enclose one copy of the above statement in the return carrier envelope with the ballot envelope and retain a copy for the voter's records.

A voter who spoils an absentee ballot may return it to the commissioner. The outside of the return envelope shall be marked "SPOILED BALLOT". The commissioner shall replace the ballot in the manner provided in this section for lost ballots.

An absentee ballot returned to the commissioner without a designation that the ballot was spoiled shall not be replaced.

89 Acts, ch 136, §53; 93 Acts, ch 143, §33

### 53.22 Balloting by confined persons.

1. a. A registered voter who has applied for an absentee ballot, in a manner other than that prescribed by section 53.11, and who is a resident or patient in a health care facility or hospital located in the county to which the application has been submitted shall be delivered the appropriate absentee ballot by two special precinct election officers, one of whom shall be a member of each of the political parties referred to in section 49.13, who shall be appointed by the commissioner from the election board panel for the special precinct established by section 53.20. The special precinct election officers shall be sworn in the manner provided by section 49.75 for election board members, shall receive compensation as provided in section 49.20 and shall perform their duties during the ten calendar days preceding the election and on election day if all ballots requested under section 53.8, subsection 3 have not previously been delivered and returned.

If materials are prepared for the two special precinct election officers, a list shall be made of all voters to whom ballots are to be delivered. The list shall be sent with the officials who deliver the ballots and shall include spaces to indicate whether the person was present at the hospital or health care facility when the officials arrived, whether the person requested assistance from the officials, whether the person was assisted by another person of the voter's choice, the time that the ballot was returned to the officials, and any other notes the officials deem necessary.

The officials shall also be issued a supply of extra ballots to replace spoiled ballots. Receipts shall be issued in substantially the same form as receipts issued to precinct election officials pursuant to section 49.65. All ballots shall be accounted for and shall be returned to the commissioner. Separate envelopes shall be provided for the return of spoiled ballots and unused ballots.

b. If an applicant under this subsection notifies the commissioner that the applicant will not be available at the health care facility or hospital address at any time during the ten-day period immediately prior to the election, but will be available there at some earlier time, the commissioner shall direct the two special precinct election officers to deliver the applicant's ballot at an appropriate time prior to the ten-day period immediately preceding the election. If a person who so requested an absentee ballot has been dismissed from the health care facility or hospital, the special precinct election officer may take the ballot to the voter if the voter is currently residing in the county.

**54.2 How elected.**

A vote for the candidates of any political party, or group of petitioners, for president and vice president of the United States, shall be conclusively deemed to be a vote for each candidate nominated in each district and in the state at large by said party, or group of petitioners, for presidential electors and shall be so counted and recorded for such electors.

[C24, 27, 31, 35, 39, §964; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §54.2]

**54.3 Canvass.**

The canvass of the votes for candidates for president and vice president of the United States and the returns thereof shall be a canvass and return of the votes cast for the electors of the same party or group of petitioners, respectively, and the certificate of such election made by the governor shall be in accord with such return.

However, if the national nominating convention of a political party adjourns later than eighty-nine days before the general election the certificate showing the names of that party's candidates for president and vice president shall be filed within five days after adjournment.

As an alternative to the certificate by the state central committee, the certificate of nomination issued by the political party's national nominating convention may be used to certify the names of the party's candidates for president and vice president. If certificates of nomination are received from both the state central committee and the national nominating convention of a political party, and there are differences between the two certificates, the certificate filed by the state central committee shall prevail.

The state central committee shall also file a list of the names and addresses of the party's presidential electors, one from each congressional district and two from the state at large, not later than five o'clock p.m. on the eighty-first day before the general election.

If a candidate for the office of president or vice president of the United States withdraws, dies, or is otherwise removed from the ballot before the general election, another candidate may be substituted. The substitution shall be made by the state central committee of the political party or by the governing committee of the national party. If there are differences, the substitution made by the state central committee shall prevail. A person who is elected to a municipal, county, state, or federal office shall, upon written application to the employer of that person, be granted a leave of absence from regular employment to serve in that office except where prohibited by the federal law. The leave of absence may be granted without pay and shall be granted without loss of net credited service and benefits earned. This section shall not be construed to require an employer to pay pension, health or other benefits during the leave of absence to an employee taking a leave of absence under this section.

A leave of absence for a person regularly employed pursuant to chapter 19A is subject to section 19A.18.

An employee shall not be prohibited from returning to regular employment before the period expires for which the leave of absence was granted. This section applies only to employers which employ twenty or more full-time persons. The leave of absence granted by this section need not exceed six years. The leave of absence granted by this section does not apply to an elective office held by the employee prior to the election.

Temporary substitute teachers and teachers hired on a temporary basis to replace teachers who have been granted leaves of absence pursuant to this section are not subject to the provisions of chapter 279 relating to the termination of continuing contracts.

A person who is appointed to serve on a state board, upon written application to the person's employer, shall be granted leaves of absence from regular employment to attend the meetings of the state board, except if leaves of absence are prohibited by federal law. The appointing authority may authorize other employees to use accrued vacation leave or accrued compensatory leave instead of leave without pay to cover these periods. An employee who is a candidate for any elective public office shall not campaign while on duty as an employee.

**56.1 Citation.**

This chapter may be cited as the "*Campaign Disclosure–Income Tax Checkoff Act*".

[C75, 77, 79, 81, §56.1]

e. A state statutory political committee and congressional district committees as authorized by the constitution of the state statutory political committee are not subject to this subsection if the state statutory political committee and congressional district political committees file copies of campaign disclosure reports as required by federal law with the board at the times the reports are required to be filed under federal law, provided that the federal reports contain all information required by this chapter. A committee of a national political party is not required to file a disclosure report with the board if it is required by federal law to file a campaign disclosure report with a federal agency.

2. If any committee, after having filed a statement of organization or one or more disclosure reports, dissolves or determines that it shall no longer receive contributions or make disbursements, the treasurer of the committee shall notify the board or the commissioner within thirty days following such dissolution by filing a dissolution report on forms prescribed by the board. Moneys refunded in accordance with a dissolution statement shall be considered a disbursement or expense but the names of persons receiving refunds need not be released or reported unless the contributors' names were required to be reported when the contribution was received.

3. Each report under this section shall disclose:

a. The amount of cash on hand at the beginning of the reporting period.

b. The name and mailing address of each person who has made one or more contributions of money to the committee including the proceeds from any fund-raising events except those reportable under paragraph "f" of this subsection, when the aggregate amount in a calendar year exceeds the amount specified in the following schedule:

(1) For any candidate for school or township office .....	\$ 25
(2) For any candidate for city office .....	\$ 25
(3) For any candidate for county office .....	\$ 25
(4) For any candidate for the general assembly .....	\$ 25
(5) For any candidate for the Congress of the United States .....	\$ 100
(6) For any candidate for statewide office .....	\$ 25
(7) For any committee of a national political party .....	\$ 200
(8) For any state statutory political committee .....	\$ 200
(9) For any county statutory political committee .....	\$ 50
(10) For any other political committee .....	\$ 25
(11) For any ballot issue .....	\$ 25

c. The total amount of contributions made to the political committee during the reporting period and not reported under paragraph "b" of this subsection.

d. The name and mailing address of each person who has made one or more in-kind contributions to the committee when the aggregate market value of the in-kind contribution in a calendar year exceeds the amount specified in subsection 3, paragraph "b", of this section. In-kind contributions shall be designated on a separate schedule from schedules showing contributions of money and shall identify the nature of the contribution and provide its estimated fair market value.

e. Each loan to any person or committee within the calendar year in an aggregate amount in excess of those amounts enumerated in the schedule in paragraph "b" of this subsection, together with the name and mailing address of the lender and endorsers, the date and amount of each loan received, and the date and amount of each loan repayment. Loans received and loan repayments shall be reported on a separate schedule.

f. The total amount of proceeds from any fund-raising event. Contributions and sales at fund-raising events which involve the sale of a product acquired at less than market value and sold for an amount of money in excess of the amount specified in paragraph "b" of this subsection shall be designated separately from in-kind and monetary contributions and the report shall include the name and address of the donor, a description of the product, the market value of the product, the sales price of the product, and the name and address of the purchaser.

g. The name and mailing address of each person to whom disbursements or loan repayments have been made by the committee from contributions during the reporting period and the amount, purpose, and date of each disbursement except that disbursements of less than five dollars may be shown as miscellaneous disbursements so long as the aggregate miscellaneous disbursements to any one person during a calendar year do not exceed one hundred dollars. If disbursements are made to a consultant, the consultant shall provide the committee with a statement of disbursements made by the consultant during the reporting period showing the name and address of the recipient, amount, purpose, and date to the same extent as if made by the candidate, which shall be included in the report by the committee.

h. The amount and nature of debts and obligations owed in excess of those amounts stated in the schedule in paragraph "b" of this subsection by the committee. Loans made to a committee and reported under paragraph "b" of this subsection shall not be considered a debt or obligation under this paragraph. A loan made by a committee to any person shall be considered a disbursement.

i. If a person listed under paragraph "b", "d", "e", or "f" as making a contribution or loan to or purchase from a candidate's committee is related to the candidate within the third degree of consanguinity or affinity, the existence of that person's family relationship shall be indicated on the report.

j. The name and mailing address of each person with whom a candidate's committee has entered into a contract during the reporting period for future or continuing performance and the nature of the performance, period of performance and total, anticipated compensation for performance. For a report filed under subsection 1, paragraph "b", this paragraph also requires the reporting of estimates of performance which the candidate's committee reasonably expects to contract for during the balance of the period running until thirty days after the election.

k. Other pertinent information required by this chapter, by rules adopted pursuant to this chapter, or forms approved by the board.

4. If the report is the first report filed by the committee, the report shall include all information required under subsection 3 covering the period from the beginning of the committee's financial activity, even if from a different calendar year, through the end of the current reporting period. If no contributions have been accepted nor any disbursements made or indebtedness incurred during that reporting period, the treasurer of the committee shall file a disclosure statement which shows only the amount of cash on hand at the beginning of the reporting period.

5. A committee shall not dissolve until all loans, debts and obligations are paid, forgiven, or transferred and the remaining money in the account is distributed according to the organization statement. If a loan is transferred or forgiven, the amount of the transferred or forgiven loan must be reported as an in-kind contribution and deducted from the loans payable balance on the disclosure form. If, upon review of a committee's statement of dissolution and final report, the board determines that the requirements for dissolution have been satisfied, the dissolution shall be certified and the committee relieved of further filing requirements.

A statutory political committee is prohibited from dissolving, but may be placed in an inactive status upon the approval of the board. Inactive status may be requested for a statutory political committee when no officers exist and the statutory political committee has ceased to function. The request shall be made by the previous treasurer or chairperson of the committee and by the appropriate state statutory political committee. A statutory political committee granted inactive status shall not solicit or expend funds in its name until the committee reorganizes and fulfills the requirements of a political committee under this chapter.

6. A permanent organization temporarily engaging in activity which would qualify it as a political committee shall organize a political committee and shall keep the funds relating to that political activity segregated from its operating funds. The political committee shall file reports in accordance with this chapter. When the permanent organization ceases to be involved in the political activity, it shall dissolve the political committee.

A communication regarding any subject by a permanent organization, which is a nonprofit organization, to its dues-paying members is not political activity requiring the organization of a political committee, reporting, or disclosure pursuant to this chapter.

As used in this subsection, "*permanent organization*" means an organization which is continuing, stable, and enduring, and which was originally organized for purposes other than engaging in election activities.

A candidate's committee shall not accept contributions from any other candidate's committee including candidate's committees from other states or for federal office, unless the candidate for whom each committee is established is the same person. For purposes of this section, "*contributions*" does not mean travel costs incurred by a candidate in attending a campaign event of another candidate. This section shall not be construed to prohibit a candidate or candidate's committee from using campaign funds or accepting contributions for tickets to meals if the candidate attends solely for the purpose of enhancing the person's candidacy or the candidacy of another person.

**68B.21 Legislative intent.**

It is the goal of the general assembly that public officials and public employees of the state be extremely cautious and circumspect about accepting a gratuity or favor, especially from persons that have a substantial interest in the legislative, administrative, or political actions of the official or employee. Even where there is a genuine personal friendship, the acceptance of personal benefits from those who could gain advantage by influencing official actions raises suspicions that tend to undermine the public trust. It is therefore the intent of the general assembly that the provisions of this division be construed to discourage all gratuities, but to prohibit only those that create unacceptable conflicts of interest or appearances of impropriety.

## PERSONS WITH MENTAL RETARDATION

**222.16 Petition for adjudication of mental retardation.**

A petition for the adjudication of the mental retardation of a person within the meaning of this chapter may, with the permission of the court, be filed without fee against a person with the clerk of the district court of the county or city in which the person who is alleged to have mental retardation resides or is found. The petition may be filed by any relative of the person, by a guardian, or by any reputable citizen of the county where the person who is alleged to have mental retardation resides or is found.

Commitment of a person pursuant to section 222.31 does not constitute a finding or raise a presumption that the person is incompetent to vote. The court shall make a separate determination as to the person's competency to vote. The court shall find a person incompetent to vote only upon determining that the person lacks sufficient mental capacity to comprehend and exercise the right to vote.

**222.31 Commitment — liability for charges.**

If in the opinion of the court, or of a commission as authorized in section 222.28, the person is mentally retarded within the meaning of this chapter and the court determines that it will be conducive to the welfare of that person and of the community to commit the person to a proper institution for treatment, training, instruction, care, habilitation, and support, and that services or support provided to the family of such a person who is a child will not enable the family to continue to care for the child in the child's home, the court shall by proper order:

1. Commit the person to any public or private facility within or without the state, approved by the director of the department of human services. If the person has not been examined by a commission as appointed in section 222.28, the court shall, prior to issuing an order of commitment, appoint such a commission to examine the person for the purpose of determining the mental condition of the person. No order of commitment shall be issued unless the commission shall recommend that such order be issued and the private institution to which the person is to be committed shall advise the court that it is willing to receive the person.

2. Commit the person to the state hospital-school designated by the administrator to serve the county in which the hearing is being held, or to a special unit. The court shall prior to issuing an order of commitment request that a diagnostic evaluation of the person be made by the superintendent of the hospital-school or the special unit, or the superintendent's qualified designee. The evaluation shall be conducted at a place as the superintendent may direct. The cost of the evaluation shall be defrayed by the county of legal settlement unless otherwise ordered by the court. The cost may be equal to but shall not exceed the actual cost of the evaluation. Persons referred by a court to a hospital-school or the special unit for diagnostic evaluation shall be considered as outpatients of the institution. No order of commitment shall be issued unless the superintendent of the institution recommends that the order be issued, and advises the court that adequate facilities for the care of the person are available.

The court shall examine the report of the county attorney filed pursuant to section 222.13, and if the report shows that neither the person nor those liable for the person's support under section 222.78 are presently able to pay the charges rising out of the person's care in the hospital-school, or special treatment unit, shall enter an order stating that finding and directing that the charges be paid by the person's county of residence. The court may, upon request of the board of supervisors, review its finding at any subsequent time while the person remains at the hospital-school, or is otherwise receiving care or treatment for which this chapter obligates the county to pay. If the court finds upon review that the person or those legally responsible for the person are presently able to pay the expenses, that finding shall apply only to the charges incurred during the period beginning on the date of the board's request for the review and continuing thereafter, unless and until the court again changes its finding. If the court finds that the person, or those liable for the person's support, are able to pay the charges, the court shall enter an order directing that the charges be so paid to the extent required by section 222.78.

3. In its order, the court shall include a finding as to whether the person has sufficient mental capacity to comprehend and exercise the right to vote.

[C24, 27, 31, 35, 39, §3428; C46, 50, 54, 58, 62, §222.18; C66, 71, 73, 75, 77, 79, 81, §222.31]

On the hearing, the court may discharge the person with mental retardation from all supervision, control, and care, or may transfer the person from a public institution to a private institution, or vice versa, or transfer the person from a special unit to a hospital-school, or vice versa, if the court deems appropriate under all the circumstances. If the person has been determined to lack the mental capacity to vote, the court shall include in its order a finding that this determination remains in force or is revoked.

The county commissioner of elections shall give notice of the election by one publication in the same newspaper in which previous notices have been published regarding the proposed school reorganization, and in addition, if more than one county is involved, by one publication in a legal newspaper in each county other than that of the first publication. The publication shall be not less than four nor more than twenty days prior to the election. If the decision published pursuant to section 275.15 or 275.16 includes a description of the proposed school corporation and a description of the director districts, if any, the notice for election and the ballot do not need to include these descriptions. Notice for an election shall not be published until the expiration of time for appeal, which shall be the same as that provided in section 275.15 or 275.16, whichever is applicable; and if there is an appeal, not until the appeal has been disposed of.

The area education agency administrator shall furnish to the commissioner a map of the proposed reorganized area which must be approved by the commissioner as suitable for posting. The map shall be displayed prominently in at least four places within the voting precinct, and inside each voting booth, or on the left-hand side inside the curtain of each voting machine.

**275.23A Redistricting following federal decennial census.**

1. School districts which have directors who represent director districts as provided in section 275.12, subsection 2, paragraphs "b", "c", "d", and "e", shall be divided into director districts according to the following standards:

a. All director district boundaries shall follow the boundaries of areas for which official population figures are available from the most recent federal decennial census and, wherever possible, shall follow precinct boundaries.

b. To the extent possible in order to comply with paragraph "a", all director districts shall be as nearly equal as practicable to the ideal population for the districts as determined by dividing the number of districts to be established into the population of the school district.

c. All districts shall be composed of contiguous territory as compact as practicable unless the school district is composed of marginally adjacent territory. A school district which is composed of marginally adjacent territory shall have director districts composed of contiguous territory to the extent practicable.

d. Consideration shall not be given to the addresses of incumbent officeholders, political affiliations of registered voters, previous election results, or demographic information other than population head counts, except as required by the Constitution and the laws of the United States.

e. Cities shall not be divided into two or more districts unless the population of the city is greater than the ideal size of a director district. Cities shall be divided into the smallest number of director districts possible.

2. Following each federal decennial census the school board shall determine whether the existing director district boundaries meet the standards in subsection 1 according to the most recent federal decennial census. If necessary, the board of directors shall redraw the director district boundaries. The director district boundaries shall be described in a resolution adopted by the school board. The resolution shall be adopted no earlier than November 15 of the year immediately following the year in which the federal decennial census is taken nor later than April 30 of the second year immediately following the year in which the federal decennial census is taken. A copy of the plan shall be filed with the area education agency administrator of the area education agency in which the school's electors reside.

3. The school board shall notify the state commissioner of elections and the county commissioner of elections of each county in which a portion of the school district is located when the boundaries of director districts are changed. The notices of changes submitted to the state commissioner shall be postmarked no later than the deadline for adoption of the resolution under subsection 2. The board shall provide the commissioners with maps showing the new boundaries and shall also certify to the state commissioner the populations of the new director districts as determined under the latest federal decennial census. If, following a federal decennial census a school district elects not to redraw director districts under this section, the school board shall so certify to the state commissioner of elections, and the school board shall also certify to the state commissioner the populations of the retained director districts as determined under the latest federal decennial census. If the state commissioner determines that a district board has failed to make the required changes by the dates specified by this section, the state commissioner of elections shall make or cause to be made the necessary changes as soon as possible. The state commissioner shall assess any expenses incurred to the school district. The state commissioner of elections may request the services of personnel and materials available to the legislative service bureau to assist the state commissioner in making any required boundary changes.

4. If more than one incumbent director resides in a redrawn director district, the terms of office of the affected directors expire at the organizational meeting of the board of directors following the next regular school election following the adoption of the redrawn districts.

5. The boundary changes under this section take effect July 1 following their adoption for the next regular school election.

6. Section 275.9 and sections 275.14 through 275.23 do not apply to changes in director district boundaries made under this section.

### **277.4 Nominations required.**

Nomination papers for all candidates for election to office in each school district shall be filed with the secretary of the school board not more than sixty-four days, nor less than forty days before the election. Nomination petitions shall be filed not later than five p.m. on the last day for filing. If the school board secretary is not readily available during normal office hours, the secretary may designate a full-time employee of the school district who is ordinarily available to accept nomination papers under this section. On the final date for filing nomination papers the office of the school secretary shall remain open until five p.m.

Each candidate shall be nominated by petition. If the candidate is running for a seat in the district which is voted for at-large, the petition must be signed by at least ten eligible electors, or a number of eligible electors equal in number to not less than one percent of the registered voters of the school district, whichever is more. If the candidate is running for a seat which is voted for only by the voters of a director district, the petition must be signed by at least ten eligible electors of the director district or a number of eligible electors equal in number to not less than one percent of the registered voters in the director district, whichever is more. A petition filed under this section shall not be required to have more than one hundred signatures.

Signers of nomination petitions shall include their addresses and the date of signing, and must reside in the same director district as the candidate if directors are elected by the voters of a director district, rather than at-large. A person may sign nomination petitions for more than one candidate for the same office, and the signature is not invalid solely because the person signed nomination petitions for one or more other candidates for the office. The petition shall be filed with the affidavit of the candidate being nominated, stating the candidate's name, place of residence, that such person is a candidate and is eligible for the office the candidate seeks, and that if elected the candidate will qualify for the office. The affidavit shall also state that the candidate is aware that the candidate is disqualified from holding office if the candidate has been convicted of a felony or other infamous crime and the candidate's rights have not been restored by the governor or by the president of the United States.

The secretary of the school board shall accept the petition for filing if on its face it appears to have the requisite number of signatures and if it is timely filed. The secretary of the school board shall note upon each petition and affidavit accepted for filing the date and time that the petition was filed. The secretary of the school board shall deliver all nomination petitions, together with the complete text of any public measure being submitted by the board to the electorate, to the county commissioner of elections not later than five o'clock p.m. on the day following the last day on which nomination petitions can be filed.

Any person on whose behalf nomination petitions have been filed under this section may withdraw as a candidate by filing a signed statement to that effect with the secretary at any time prior to five o'clock p.m. on the thirty-fifth day before the election.

Objections to the legal sufficiency of a nomination petition or to the eligibility of a candidate may be filed by any person who would have the right to vote for a candidate for the office in question. The objection must be filed with the secretary of the school board at least thirty-five days before the day of the school election. When objections are filed notice shall forthwith be given to the candidate affected, addressed to the candidate's place of residence as given on the candidate's affidavit, stating that objections have been made to the legal sufficiency of the petition or to the eligibility of the candidate, and also stating the time and place the objections will be considered.

Objections shall be considered not later than two working days following the receipt of the objections by the president of the school board, the secretary of the school board, and one additional member of the school board chosen by ballot. If objections have been filed to the nominations of either of those school officials, that official shall not pass on the objection. POWERS OF ELECTORS

- 278.1 Enumeration.
  - 278.2 Submission of proposition.
  - 278.3 Power given electors not to limit directors' power.
-

**298.18 Bond tax — election — leasing buildings.**

The board of each school corporation shall, when estimating and certifying the amount of money required for general purposes, estimate and certify to the board of supervisors of the proper county for the debt service fund the amount required to pay interest due or that may become due for the fiscal year beginning July 1, thereafter upon lawful bonded indebtedness, and in addition thereto such amount as the board may deem necessary to apply on the principal.

The amount estimated and certified to apply on principal and interest for any one year shall not exceed two dollars and seventy cents per thousand dollars of the assessed valuation of the taxable property of the school corporation except as hereinafter provided.

For the sole purpose of computing the amount of bonds which may be issued as a result of the application of any limitation referred to in this section, all interest on the bonds in excess of that accruing in the first twelve months may be excluded from the first annual levy of taxes, so that the need for including more than one year's interest in the first annual levy of taxes to pay the bonds and interest shall not operate to further restrict the amount of bonds which may be issued, and in certifying the annual levies to the county auditor or auditors such first annual levy of taxes shall be sufficient to pay all principal of and interest on said bonds becoming due prior to the next succeeding annual levy and the full amount of such first annual levy shall be entered for collection by said auditor or auditors, as provided in chapter 76.

The amount estimated and certified to apply on principal and interest for any one year may exceed two dollars and seventy cents per thousand dollars of assessed value by the amount approved by the voters of the school corporation, but not exceeding four dollars and five cents per thousand of the assessed value of the taxable property within any school corporation, provided that the qualified voters of such school corporation have first approved such increased amount at a special election, which may be held at the same time as the regular school election. The proposition submitted to the voters at such special election shall be in substantially the following form:

Shall the board of directors of the ..... (insert name of school corporation) in the County of ....., State of Iowa, be authorized to levy annually a tax exceeding two dollars and seventy cents per thousand dollars, but not exceeding ..... dollars and ..... cents per thousand dollars of the assessed value of the taxable property within said school corporation to pay the principal of and interest on bonded indebtedness of said school corporation, it being understood that the approval of this proposition shall not limit the source of payment of the bonds and interest but shall only operate to restrict the amount of bonds which may be issued?

Notice of the election shall be given by the county commissioner of elections according to section 49.53. The election shall be held on a date not less than four nor more than twenty days after the last publication of the notice. At such election the ballot used for the submission of said proposition shall be in substantially the form for submitting special questions at general elections. The county commissioner of elections shall conduct the election pursuant to the provisions of chapters 39 to 53 and certify the results to the board of directors. Such proposition shall not be deemed carried or adopted unless the vote in favor of such proposition is equal to at least sixty percent of the total vote cast for and against said proposition at said election. Whenever such a proposition has been approved by the voters of a school corporation as hereinbefore provided, no further approval of the voters of such school corporation shall be required as a result of any subsequent change in the boundaries of such school corporation.

The voted tax levy referred to herein shall not limit the source of payment of bonds and interest but shall only restrict the amount of bonds which may be issued.

The ability of a school corporation to exceed two dollars and seventy cents per thousand dollars of assessed value to service principal and interest payments on bonded indebtedness is limited and conferred only to those school corporations engaged in the administration of elementary and secondary education.

Provided further that if a school corporation leases a building or property which has been used as a junior college by such corporation, to a community college, the annual amounts certified as herein provided by such leasing school corporation for payment of interest and principal due on lawful bonded indebtedness incurred by such leasing school corporation for purchasing, building, furnishing, reconstructing, repairing, improving or remodeling the building leased or acquiring or adding to the site of such property leased, to the extent of the respective annual rent the school corporation will receive under such lease, shall not be considered as a part of the total amount estimated and certified for the purposes of determining if such amount exceeds any limitation contained in this section.

**298.18A Levy adjustment.**

If, in the opinion of the board of a school corporation, after having originally estimated and certified the amount required to pay interest and principal due upon bonded indebtedness incurred before July 1, 1995, an adjustment in the amount certified in excess of that previously levied by the resolution authorizing issuance of the bonds becomes necessary in anticipation of future projected revenue shortfalls resulting from a machinery and equipment-related taxable valuation decrease from the valuation as of January 1, 1994, an adjustment shall be permitted subject to the following limitations:

1. An adjustment shall be permitted only in a district in which machinery and equipment valuation exceeds twenty percent of total taxable valuation as of January 1, 1994.

2. The adjustment shall not result in a total amount levied in excess of the two dollar and seventy cent per thousand dollars of assessed valuation limit provided in section 298.18. An adjustment in excess of the two dollar and seventy cent per thousand dollars of assessed valuation limit shall be subject to the special election provisions for increases of up to four dollars and five cents per thousand dollars of assessed valuation provisions of section 298.18.

3. The amount of the adjustment, when added to the amount originally estimated and certified, for any one year, shall not exceed the least of:

a. The amount required to pay interest and principal due upon bonded indebtedness for the three-year period beginning on the date of the adjustment.

b. One hundred twenty-five percent of the amount originally estimated and certified.

c. One hundred ten percent of the total district levies for the fiscal year preceding the fiscal year in which the adjustment is to be added.

4. The amount of the adjustment plus the amount of state replacement moneys received under section 427B.19A which is attributable to the amount of the adjustment, when added to the amount originally estimated and certified, shall not result in the levying of an amount over the life of the issue in excess of the amount necessary for principal and interest repayment.

5. Amounts collected pursuant to this section shall be deposited in a separate debt service account distinct from the account established to hold principal and interest revenues resulting from the original levy.

6. An adjustment shall not be permitted which results in extending a levy beyond the earlier of the following:

a. Ten years from the original date of certification of the amount required to pay interest and principal.

b. June 30, 2007.

**298.21 School bonds.**

2. To erect, complete, or improve buildings authorized for school purposes.

## EDUCATIONAL AND RECREATIONAL TAX

**300.2 Tax levy.**

The board of directors of a school district may, and upon receipt of a petition signed by eligible electors equal in number to at least twenty-five percent of the number of voters at the last preceding school election, shall, direct the county commissioner of elections to submit to the registered voters of the school district the question of whether to levy a tax of not to exceed thirteen and one-half cents per thousand dollars of assessed valuation for public educational and recreational activities authorized under this chapter. If at the time of filing the petition, it is more than three months until the next regular school election, the board of directors shall submit the question at a special election within sixty days. Otherwise, the question shall be submitted at the next regular school election.

If a majority of the votes cast upon the proposition is in favor of the proposition, the board shall certify the amount required for a fiscal year to the county board of supervisors by April 15 of the preceding fiscal year. The board of supervisors shall levy the amount certified. The amount shall be placed in the public education and recreation levy fund of the district and shall be used only for the purposes specified in this chapter.

The proposition to levy the public recreation and playground tax is not affected by a change in the boundaries of a school district, except as otherwise provided in this section. If each district involved in school reorganization under chapter 275 has adopted the public recreation and playground tax, and if the voters have not voted upon the proposition to levy the public recreation and playground tax in the reorganized district, the existing public recreation and playground tax shall be in effect for the reorganized district for the least amount that has been approved in any of the districts and until discontinued pursuant to section 300.3.

## COUNTY HOSPITALS

**347.7 Tax levies.**

If a county hospital is established, the board of supervisors, at the time of levying ordinary taxes, shall levy a tax at the rate voted not to exceed fifty-four cents per thousand dollars of assessed value in any one year for the erection and equipment of the hospital, and also a tax not to exceed twenty-seven cents per thousand dollars of value for the improvement, maintenance, and replacements of the hospital, as certified by the board of hospital trustees. However, in counties having a population of two hundred twenty-five thousand or over, the levy for taxes payable in the fiscal year beginning July 1, 1996, and for subsequent fiscal years, for improvements and maintenance of the hospital shall not exceed one dollar and seventy-five cents per thousand dollars of assessed value in any one year. The proceeds of the taxes constitute the county public hospital fund and the fund is subject to review by the board of supervisors in counties over two hundred twenty-five thousand. However, the board of trustees of a county hospital, where funds are available in the county public hospital fund of the county which are unappropriated, may use the unappropriated funds for erecting and equipping hospital buildings and additions thereto without authority from the voters of the county.

No levy shall be made for the improvement, maintenance, or replacements of the hospital until the hospital has been constructed, staffed, and receiving patients. If revenue bonds are issued and outstanding under section 331.461, subsection 2, paragraph "d", the board may levy a tax to pay operating and maintenance expenses in lieu of the authority otherwise contained in this section not to exceed twenty-seven cents per thousand dollars of assessed value or not to exceed one dollar and twenty-one and one-half cents per thousand dollars of assessed value for improvements and maintenance of the hospital in counties having a population of two hundred twenty-five thousand or over.

In addition to levies otherwise authorized by this section, the board of supervisors may levy a tax at the rate, not to exceed twenty-seven cents per thousand dollars of assessed value, necessary to raise the amount budgeted by the board of hospital trustees for support of ambulance service as authorized in section 347.14, subsection 14.

The tax levy authorized by this section for operation and maintenance of the hospital may be available in whole or in part to any county with or without a county hospital organized under this chapter, to be used to enhance rural health services in the county. However, the tax levied may be expended for enhancement of rural health care services only following a local planning process. The Iowa department of public health shall establish guidelines to be followed by counties in implementing the local planning process which shall require legal notice, public hearings, and a referendum in accordance with this section and section 347.30 prior to the authorization of any new levy or a change in the use of a levy. Enhancement of rural health services for which the tax levy pursuant to this section may be used includes but is not limited to emergency medical services, health care services shared with other hospitals, rural health clinics, and support for rural health care practitioners and public health services. When alternative use of funds from the tax levy authorized by this section is proposed in a county with a county hospital organized under this chapter, use of the funds shall be agreed upon by the elected board of trustees of the county hospital. When alternative use of funds from the tax levy authorized by this section is proposed in a county without a county hospital organized under this chapter, use of the funds shall be agreed upon by the board of supervisors and any publicly elected hospital board of trustees within the county prior to submission of the question to the voters. Moneys raised from a tax levied in accordance with this paragraph shall be designated and administered by the board of supervisors in a manner consistent with the purposes of the levy.

## POWERS AND DUTIES OF CITIES

**364.2 Vesting of power — franchises.**

1. A power of a city is vested in the city council except as otherwise provided by a state law.

2. The enumeration of a specific power of a city does not limit or restrict the general grant of home rule power conferred by the Constitution. A city may exercise its general powers subject only to limitations expressly imposed by a state or city law.

3. An exercise of a city power is not inconsistent with a state law unless it is irreconcilable with the state law.

4. *a.* A city may grant to any person a franchise to erect, maintain, and operate plants and systems for electric light and power, heating, telegraph, cable television, district telegraph and alarm, motor bus, trolley bus, street railway or other public transit, waterworks, or gasworks, within the city for a term of not more than twenty-five years. When considering whether to grant, amend, extend, or renew a franchise, a city shall hold a public hearing on the question. Notice of the time and place of the hearing shall be published as provided in section 362.3. The franchise may be granted, amended, extended, or renewed only by an ordinance, but no exclusive franchise shall be granted, amended, extended, or renewed.

*b.* No such ordinance shall become effective unless approved at an election. The proposal may be submitted by the council on its own motion to the voters at any city election. Upon receipt of a valid petition as defined in section 362.4 requesting that a proposal be submitted to the voters, the council shall submit the proposal at the next regular city election or at a special election called for that purpose before the next regular city election. If a majority of those voting approves the proposal the city may proceed as proposed. The complete text of the ordinance shall be included on the ballot, if paper ballots are used. If an electronic voting system or voting machine is used, the proposal shall be stated on the ballot and the full text of the ordinance posted for the voters pursuant to section 52.25. All absentee voters shall receive the full text of the ordinance.

*c.* Notice of the election shall be given by publication as prescribed in section 49.53 in a newspaper of general circulation in the city.

*d.* The person asking for the granting, amending, extension, or renewal of a franchise shall pay the costs incurred in holding the election, including the costs of the notice. A franchise shall not be finally effective until an acceptance in writing has been filed with the council and payment of the costs has been made.

e. The franchise ordinance may regulate the conditions required and the manner of use of the streets and public grounds of the city, and it may, for the purpose of providing electrical, gas, heating, or water service, confer the power to appropriate and condemn private property upon the person franchised.

f. If a city franchise fee is assessed to customers of a franchise, the fee shall not be assessed to the city as a customer.

In a case of incorporation or discontinuance, registered voters of the territory or city may vote, and the proposal is authorized if a majority of those voting approves it. In a case of annexation or severance, registered voters of the territory and of the city may vote, and the proposal is authorized if a majority of the total number of persons voting approves it. Appeal must be filed within thirty days of the filing of a decision or the publication of notice of the result of an election.

Appeal of an approval of a petition or plan does not stay the election.

The judicial review provisions of this section and chapter 17A shall be the exclusive means by which a person or party who is aggrieved or adversely affected by agency action may seek judicial review of that agency action. The court's review on appeal of a decision is limited to questions relating to jurisdiction, regularity of proceedings, and whether the decision appealed from is arbitrary, unreasonable, or without substantial supporting evidence. The court may reverse and remand a decision of the board or a committee, with appropriate directions. The following portions of section 17A.19 are not applicable to this chapter:

1. The part of subsection 2 which relates to where proceedings for judicial review shall be instituted.

### 376.3 Nominations.

Candidates for elective city offices must be nominated as provided in sections 376.4 to 376.9 unless by ordinance a city chooses the provisions of chapters 44 or 45. However, a city acting under a special charter in 1973 and having a population of over fifty thousand shall continue to hold partisan elections as provided in sections 43.112 to 43.118 and 420.126 to 420.137 unless the city by election as provided in section 43.112 chooses to conduct city elections under this chapter or chapter 44 or 45. The choice of one of these options by such a special charter city does not otherwise affect the validity of the city's charter. However, special charter cities which choose to exercise the option to conduct nonpartisan city elections may choose in the same manner the original decision was made, to resume holding city elections on a partisan basis.

The city clerk shall deliver all nomination petitions together with the text of any public measure being submitted by the city council to the electorate to the county commissioner of elections not later than five o'clock p.m. on the day following the last day on which nomination petitions can be filed.

Any person on whose behalf nomination petitions have been filed under this section may withdraw as a candidate by filing a signed statement to that effect as prescribed in section 44.9. Objections to the legal sufficiency of petitions shall be filed in accordance with the provisions of sections 44.4, 44.5, and 44.8.

The indebtedness incurred for the purpose provided in this section shall not be considered an indebtedness incurred for general or ordinary purposes.

The provisions of this section shall be applicable to all municipal corporations regardless of form of government or manner of incorporation.

[C75, 77, 79, 81, §394.1]

**394.2 Question submitted to voters.**

Such contracts shall provide for the rate of tax to be levied during the term thereof, not exceeding twenty-seven cents per thousand dollars of assessed valuation. Said contracts may be submitted to the voters of either city and shall not be subject to termination if approved by the voters of both parties.

If not so approved, such contracts may be modified by mutual consent or may be terminated by the voters of either party thereto.

Any such tax shall be subject to cumulative levy limitations applicable generally to the contracting parties unless the contract shall have been approved by the voters.

Any election held hereunder may be held upon notice and in any manner provided by law applicable to the contracting party with respect to elections upon special public propositions; provided that it shall not be necessary to set out the contract provisions in full as a part of the ballot.

6. *a.* If a majority of those voting on the question of imposition of a local option tax favor imposition of a local option tax, the governing body of that county shall impose the tax at the rate specified for an unlimited period. However, in the case of a local sales and services tax, the county shall not impose the tax in any incorporated area or the unincorporated area if the majority of those voting on the tax in that area did not favor its imposition. For purposes of the local sales and services tax, all cities contiguous to each other shall be treated as part of one incorporated area and the tax shall be imposed in each of those contiguous cities only if the majority of those voting on the tax in the total area covered by the contiguous cities favored its imposition. The local option tax may be repealed or the rate increased or decreased or the use thereof changed after an election at which a majority of those voting on the question of repeal or rate or use change favored the repeal or rate or use change. The election at which the question of repeal or rate or use change is offered shall be called and held in the same manner and under the same conditions as provided in subsections 4 and 5 for the election on the imposition of the local option tax. However, in the case of a local sales and services tax where the tax has not been imposed countywide, the question of repeal or imposition or rate or use change shall be voted on only by the registered voters of the areas of the county where the tax has been imposed or has not been imposed, as appropriate. However, the governing body of the incorporated area or unincorporated area where the local sales and services tax is imposed may, upon its own motion, request the county commissioner of elections to hold an election in the incorporated or unincorporated area, as appropriate, on the question of the change in use of local sales and services tax revenues. The election may be held at any time but not sooner than sixty days following publication of the ballot proposition. If a majority of those voting in the incorporated or unincorporated area on the change in use favor the change, the governing body of that area shall change the use to which the revenues shall be used. The ballot proposition shall list the present use of the revenues, the proposed use, and the date after which revenues received will be used for the new use.

When submitting the question of the imposition of a local sales and services tax, the county board of supervisors may direct that the question contain a provision for the repeal, without election, of the local sales and services tax on a specific date, which date shall be the end of a calendar quarter.

*b.* Within ten days of the election at which a majority of those voting on the question favors the imposition, repeal, or change in the rate of a local option tax, the governing body shall give written notice to the director of revenue and finance or, in the case of a local vehicle tax, to the director of the department of transportation, of the result of the election.

7. More than one of the authorized local option taxes may be submitted at a single election and the different taxes shall be separately implemented as provided in this section.

Costs of local option tax elections shall be apportioned among jurisdictions within the county voting on the question at the same election on a pro rata basis in proportion to the number of registered voters in each taxing jurisdiction and the total number of registered voters in all of the taxing jurisdictions.

8. Local option taxes authorized to be imposed as provided in this chapter are a local sales and services tax and a local vehicle tax. The rate of the tax shall be in increments of one dollar per vehicle for a vehicle tax as set on the petition seeking to impose the vehicle tax. The rate of a local sales and services tax shall not be more than one percent as set by the governing body.

9. In a county that has imposed a local option sales and services tax, the board of supervisors shall, notwithstanding any contrary provision of this chapter, repeal the local option sales and services tax in the unincorporated areas or in an incorporated city area in which the tax has been imposed upon adoption of its own motion for repeal in the unincorporated areas or upon receipt of a motion adopted by the governing body of that incorporated city area requesting repeal. The board of supervisors shall repeal the local option sales and services tax effective at the end of the calendar quarter during which it adopted the repeal motion or the motion for the repeal was received. For purposes of this subsection, incorporated city area includes an incorporated city which is contiguous to another incorporated city.

10. Notwithstanding subsection 9 or any other contrary provision of this chapter, a local option sales and services tax shall not be repealed or reduced in rate if obligations are outstanding which are payable as provided in section 422B.12, unless funds sufficient to pay the principal, interest, and premium, if any, on the outstanding obligations at and prior to maturity have been properly set aside and pledged for that purpose.
