Document Notes and Limitations:

- 1) The details of the calculations for each category in each year are provided on subsequent pages of the document.
- 2) Each year's spreadsheet includes document notes on the calculation of the estimates by category. These are important to understanding the comparisons presented here. For instance, State funding for private colleges consists only of the Iowa Tuition Grant (ITG - Nonprofit), and the enrollment used to determine the per student funding is the number of ITG awards in that year. Please review the document notes before using the data presented here.
- 3) When viewing the annual spreadsheets, note the "Last Updated" date near the top. Each year's spreadsheet is created as an "estimated" document and then, one year later, updated to a "final" document. The spreadsheets rarely change after that update.

Please contact the Fiscal Services Division for additional details.

Numbers may not total due to rounding.

1	Includes State aid and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief, and Transportation Equity Fund appropriations used to offset transportation costs for school districts with transportation cost per pupil above an adjusted statewide average.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments are estimated by the Department of Education.
3	The enrollment for Iowa School for the Deaf includes on-campus and off-campus resident students. Statewide Vision Services (formerly Iowa Braille and Sight Saving School) has no on-campus enrollment. Enrollment will be updated when final numbers are available.
4	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes only the General Aid appropriation. Enrollment will be updated when final numbers are available in January 2021.
5	Concurrent Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges. The number of pupils (unduplicated headcount) and actual community college revenue are reported annually by the Department of Education in the Joint Enrollment Report. The FY 2019 and FY 2020 Joint Enrollment Reports were not available at the time of publication. As a result, the number of pupils is assumed to be the same as FY 2018, and the funding is based on the supplementary weighting awarded to high schools for community college courses. Each concurrently enrolled pupil is included in three different enrollment numbers in this spreadsheet: Public Schools, Community Colleges, and Concurrent Enrollment.
6	Funding for the State universities includes appropriations for the Board Office and tuition replacement, the three general university appropriations, and the appropriation for the regional centers. (Does not include research, hospitals, or special purpose appropriations.) Tuition replacement was appropriated from other State funds, not the General Fund. Enrollment will be updated when final numbers are available in January 2021.
7	Pupils include recipients of nonprofit and for-profit tuition grants as reported by the College Student Aid Commission. State funding consists of the annual appropriations for nonprofit and for-profit grants. The number of recipients for FY 2020 is estimated and will be updated when final numbers are available.
8	Funding for Statewide Preschool for 4-Year-Olds is based on Preschool formula funding. Enrollments are estimated.
*	Final enrollment numbers at State universities and community colleges are total <u>Iowa</u> degree credit students (headcount) from the Iowa Enrollment Report prepared by the Iowa Coordinating Council on Post-High School Education.

Statewide Preschool for 4-Year-Olds	8	21,381			66,099,739	3,092	3,092

Numbers may not total due to rounding.

Notes and Limitations:

1	Includes State aid and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments estimated by the Department of Education.
3	The Iowa School for the Deaf serves only on-campus resident students. No itinerant (statewide) teachers are employed. The Iowa Braille and Sight Saving School has no on-campus enrollment.
4	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes the General Aid and salary appropriations.
5	Joint Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges. The number of pupils (unduplicated headcount) and revenue are reported annually by the Department of Education. The pupils are also counted in the Public Schools line item and in the Community Colleges line item. The revenue is estimated by using estimated revenue from school aid weightings, adjusted by the average percentage difference between estimated revenue from school aid weightings and actual revenue from concurrent enrollment in FY 2008 through FY 2013.
6	Includes Board operation, tuition replacement, and general university line items, including regional centers. (Does not include research, hospitals, or other line items). Tuition replacement was provided from other State funds, not the General Fund.
7	Pupils include recipients of nonprofit and for-profit tuition grants as reported by the College Student Aid Commission. State funding annual appropriations for nonprofit and for-profit grants.
8	Statewide Preschool for 4-Year-Olds is based on the State General Fund appropriation for the Program and Preschool formula funding. Enrollments are estimated.
*	Enrollment numbers at State universities and community colleges are total <u>Iowa</u> degree credit students (headcount) from the Iowa Enrollment Report prepared by the Iowa Coordinating Council on Post-High School Education.

Notes and Limitations:

1	Includes State aid and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments estimated by the Department of Education.
3	Beginning in FY 2013, the Iowa School for the Deaf serves only on-campus resident students. No itinerant (statewide) teachers are employed.
4	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes the General Aid and salary appropriations. Both State and property tax funding include revenue from K-12 school districts for jointly enrolled students. The joint enrollment revenue is deducted from the property tax and State funding amounts for K-12 public schools. NOTE: Joint enrollment revenue is not included in this document prior to FY 2010.
5	Joint Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges. The number of pupils (unduplicated headcount) and revenue are reported annually by the Department of Education. The pupils are also counted in the Public Schools line item and the Community Colleges line item. For purposes of this report, all joint enrollment revenue is treated as State funding, although the funding was originally generated by the K-12 districts through a combination of State aid and property taxes.
6	Includes Board operation, tuition replacement, and general university line items, including regional centers. (Does not include research, hospitals, or other line items). Tuition replacement was provided from other State funds, not the General Fund.
7	Pupils include recipients of nonprofit and for-profit tuition grants as reported by the College Student Aid Commission. State funding represents estimates of actual expenditures and may be less than the appropriation.
8	Statewide Preschool for 4-Year-Olds is based on the State General Fund appropriation for the Program and Preschool formula funding. Enrollments are estimated.
*	Enrollment numbers at State universities and community colleges are total <u>Iowa</u> degree credit students (headcount) from the Iowa Enrollment Report prepared by the Iowa Coordinating Council on Post-High School Education.

Notes and Limitations:

1	Includes State aid and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief. Both property tax and State funding reflect a reduction for school district payments to community colleges for jointly enrolled students. The same amounts are added to the property tax and State funding for community colleges.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments estimated by the Department of Education.
3	On-campus enrollment includes all full-time campus students (Iowa residents only).
4	The increase in Statewide students served compared to FY 2010 is a result of improved data management and student tracking.
5	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes the General Aid and salary appropriations.
6	Joint Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges. Notes and Limitations:

1	Includes State aid, ARRA Education Stabilization funds, and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The FY 2011 State aid shortfall of \$156.1 million was adjusted to the K-12 Public School State aid total but not to the amount generated by the Statewide Preschool for 4-Year-Olds through the school aid formula. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief. Both property tax and State funding reflect a reduction for school district payments to community colleges for jointly enrolled students. The same amounts are added to the property tax and State funding for community colleges.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments estimated by the Department of Education.
3	On-campus enrollment includes all full-time campus students (Iowa residents only).
4	The increase in Statewide students served compared to FY 2010 is a result of improved data management and student tracking.

Notes and Limitations:

1	Includes State aid, ARRA Education Stabilization funds, and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. FY 2010 is the initial year that State Categorical Supplements are included in State aid. That amount totals \$309.0 million (\$648 per pupil). State Foundation Aid funding to the Department of Human Services is included. The 10.0% ATB reduction for State school aid was adjusted to the K-12 Public School State aid total but not to the amount generated by the Statewide Preschool for 4-Year-Olds through the school aid formula. Both property tax and State funding reflect a reduction for school district payments to community colleges for jointly enrolled students. The same amounts are added to the property tax and State funding for community colleges.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments estimated by the Department of Education.
3	On-campus enrollment includes all full-time campus students (Iowa residents only). State funding and ARRA funding are allocated proportionately to the total expenditures for on-campus and statewide.
4	State funding and ARRA funding are allocated proportionately to the total expenditures for on-campus and statewide.
5	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes the General Aid and salary appropriations.
6	Joint Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges.
