**Document Notes and Limitations:**

- 1) Funding includes property tax receipts related to the operational budgets for K-12 and community colleges.
- 2) Funding for private colleges is based solely on the appropriation for the Iowa Tuition Grant (nonprofit) and the For-Profit Iowa Tuition Grant. The enrollment used for the per pupil calculation is the number of grant recipients.
- 3) State university funding includes Board of Regents Office operations, tuition replacement, and general university line items. (Does not include research, hospitals, or other line-items.)
- 4) Enrollment numbers at State universities and community colleges are total Iowa degree credit students (headcount) from the Iowa Enrollment Report prepared by the Registrar at the University of Iowa for the Iowa Coordinating Council on Post-High School Education.
- 5) Per pupil amounts include federal American Reinvestment and Recovery Act funding appropriated in FY 2009 and FY 2010.
- 6) FY 2010 is the first year of K-12 funding of the State Categorical Supplements through the school aid formula; it accounted for \$648 per pupil in FY 2010.
- 7) Joint Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges. The number of pupils (unduplicated headcount) and revenue are reported annually by the Department of Education in the Joint Enrollment Report. The pupils are also counted in the Public Schools line item and in the Community Colleges line item. The FY 2016 and FY 2017 Joint Enrollment Reports were not available at the time of publication. As a result, the number of pupils is assumed to be the same as FY 2015. The revenue is estimated by using estimated revenue from school aid weightings, adjusted by the average percentage difference between estimated revenue from school aid weightings and actual revenue from concurrent enrollment in FY 2008 through FY 2013.
- 8) Nonpublic K-12 School funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils.
- 9) Statewide Preschool for Four-Year-Olds through FY 2011 includes State General Fund appropriations and Preschool Formula funding specified in Iowa Code chapter 256C. Enrollments are based on preschool weightings.

1	Includes State aid and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments are estimated by the Department of Education.
3	The enrollment for Iowa School for the Deaf includes on-campus and off-campus resident students. The Iowa Braille and Sight Saving School has no on-campus enrollment.
4	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes the General Aid and salary appropriations.
5	Concurrent Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges. The number of pupils (unduplicated headcount) and actual community college revenue are reported annually by the Department of Education in the Joint Enrollment Report. The FY 2016 and FY 2017 Joint Enrollment Reports were not available at the time of publication. As a result, the number of pupils is assumed to be the same as FY 2015, and the funding is based on the supplementary weighting awarded to high schools for community college courses. Each concurrently enrolled pupil is included in three different enrollment numbers in this spreadsheet: Public Schools, Community Colleges, and Concurrent Enrollment.
6	Funding for the State universities includes appropriations for the Board Office and tuition replacement, the three general university appropriations, and appropriations for the three regional centers. (Does not include research, hospitals, or special purpose appropriations.) Tuition replacement was appropriated from other State funds, not the General Fund.
7	Pupils include recipients of nonprofit and for-profit tuition grants as reported by the College Student Aid Commission. The actual number of recipients for FY 2017 is not yet available and is estimated at the FY 2016 level. State funding consists of the annual appropriations for nonprofit and for-profit grants.
8	Funding for Statewide Preschool for 4-Year-Olds is based on Preschool formula funding. Enrollments are estimated.
*	Enrollment numbers at State universities and community colleges are total <u>Iowa</u> degree credit students (headcount) from the Iowa Enrollment Report prepared by the Iowa Coordinating Council on Post-High School Education.

Statewide Preschool for 4-Year-Olds	<b>9</b>	19,800			58,378,261	2,948	2,948

Numbers may not total due to rounding.

**Notes and Limitations:**

<b>1</b>	Includes State aid and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief. Both property tax and State funding reflect a reduction for school district payments to community colleges for jointly enrolled students. The same amounts are added to the property tax and State funding for community colleges.
<b>2</b>	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments estimated by the Department of Education.
<b>3</b>	On Campus enrollment includes all full-time campus students (Iowa residents only).
<b>4</b>	The increase in Statewide students served compared to FY 2010 is a result of improved data management and student tracking.
<b>5</b>	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes the General Aid and salary appropriations.
<b>6</b>	Joint Enrollment pertains to K-12 students taking coursework through the community colleges under contracts negotiated between school districts and colleges. The number of pupils (unduplicated headcount) and revenue are reported annually by the Department of Education. The pupils are also counted in the Public Schools line item and the Community Colleges line item. For purposes of this report, all joint enrollment revenue is treated as State funding, although the funding was originally generated by the K-12 districts through a combination of State aid and property taxes.
<b>7</b>	Includes Board operation, tuition replacement, and general university line-items, including graduate centers. (Does not include research, hospitals, or other line-items). Tuition replacement was provided from other State funds, not the General Fund.
<b>8</b>	Pupils include recipients of tuition grants as reported by the College Student Aid Commission. State funding represents estimates of actual expenditures and may be less than the appropriation.
<b>9</b>	Statewide Preschool for 4-Year-Olds is based on the State General Fund appropriation for the Program and Preschool formula funding. Enrollments are estimated.
<b>*</b>	Enrollment numbers at State universities and community colleges are total <u>Iowa</u> degree credit students (headcount) from the Iowa Enrollment Report prepared by the Registrar at the University of Iowa for the Iowa Coordinating Council on Post-High School Education.

**Notes and Limitations:**

1	Includes State aid, ARRA Education Stabilization funds, and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. State Foundation Aid funding to the Department of Human Services is included. The FY 2011 State aid shortfall of \$156.1 million was adjusted to the K-12 Public School State aid total but not to the amount generated by the Statewide Preschool for 4-Year-Olds through the school aid formula. The State funding amount includes Property Tax Equity and Relief (PTER) funds used for property tax relief. Both property tax and State funding reflect a reduction for school district payments to community colleges for jointly enrolled students. The same amounts are added to the property tax and State funding for community colleges.

#### Notes and Limitations:

1	Includes State aid, ARRA Education Stabilization funds, and property tax generated by the school aid formula and included in combined district cost. Does not include preschool formula State aid. FY 2010 is the initial year that State Categorical Supplements are included in State aid. That amount totals \$309.0 million (\$648 per pupil). State Foundation Aid funding to the Department of Human Services is included. The 10.0% ATB reduction for State school aid was adjusted to the K-12 Public School State aid total but not to the amount generated by the Statewide Reschool for 4-Year-Olds through the school aid formula. Both property tax and State funding reflect a reduction for school district payments to community colleges for jointly enrolled students. The same amounts are added to the property tax and State funding for community colleges.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils. Nonpublic enrollments estimated by the Department of Education.
3	On Campus enrollment includes all full-time campus students (Iowa residents only). State funding and ARRA funding are allocated proportionately to the total expenditures for on-campus and statewide.
4	State funding and ARRA funding are allocated proportionately to the total expenditures for on-campus and statewide.
5	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy. State funding includes the General Aid and salary appropriations.

### Notes and Limitations:

1	Includes only property tax generated by the school aid formula and included in combined district cost. It is assumed shortfalls due to the 2.5% across-the-board reduction will be offset by property tax (Cash Reserve Levy). Property tax funding is overstated to the extent school districts cut expenditures rather than offset the reduction with property tax. State funding includes General Fund amounts after the 2.5% across-the-board reduction and partial restoration of the reduction. State Foundation Aid funding to the Department of Human Services is not included.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils.

*Numbers may not total due to rounding.*

#### Notes and Limitations:

1	Includes only property tax generated by the school aid formula and included in combined district cost. State funding includes General Fund, Economic Emergency Fund, and wagering tax revenue monies.
2	Nonpublic K-12 State funding includes State General Fund appropriations for Nonpublic Textbook Services and Transportation of Nonpublic Pupils.
3	Enrollment includes all full-time campus students (Iowa residents and nonresidents).
4	Property tax for community colleges includes only the estimated proceeds from the 20.25 cent operating levy.
5	Includes Board operation, tuition replacement, and general university line-items. (Does not include research, hospitals, or other line-items). Tuition replacement and salary adjustment were provided from other State funds, not the General Fund.
6	Pupils include recipients of tuition grants as reported by the College Student Aid Commission.
*	Enrollment numbers at State universities and community colleges are total <u>Iowa</u> degree credit students (headcount) from the Iowa Enrollment Report prepared by the Registrar at the University of Iowa for the Iowa Coordinating Council on Post-High School Education.
