Notes:

- 1) The per-diem rates for the State Resource Centers do not reflect the actual cost of care, but rather the capped county billing rates for residents not eligible for Medical Assistance (Medicaid). The counties are charged 80.0% of this rate. Few counties are billed, as the vast majority of residents are eligible for Medicaid.
- 2) The per-diem rates for the Mental Health Institutes do not reflect the actual cost of care, but rather the capped county billing per diem rates for adult psychiatric care. The counties are charged 80.0% of this rate.
- 3) The per-diem rates for Juvenile Institutions reflect "net" of education and grant funding. For SFY 2014, Toledo is averaged from July 1, 2013, to December 31, 2014.
