**Description**

[Senate File 595](#) combines the regulation of motor vehicle service contracts (MVSC), currently under Iowa Code chapter [516E](#), and residential service contracts (RSC), currently under Iowa Code chapter [523C](#). Going forward, both MVSCs and RSCs will be regulated under Iowa Code chapter [523C](#) and Iowa Code chapter [516E](#) would be repealed. The existing oversight framework will remain in its current form. [Senate File 595](#) proposes fee changes displayed in **Table 1**.

[Senate File 595](#) also creates the Service Company Oversight Fund (SCOF), which will receive one-third of all fees collected under Iowa Code chapter [523C](#), while the remaining two-thirds will be deposited in the Commerce Revolving Fund (CRF). The SCOF may be used for administration and enforcement as well as education and outreach. The Insurance Division anticipates using the SCOF to develop an electronic filing system and database.

[Senate File 595](#) proposes the following changes to existing fees:

- The MVSC provider filing fee is eliminated.
- The RSC annual license fee is increased from \$250 to \$500 to match the MVSC annual license fee.
- The MVSC form filing fee is increased from \$10 to \$50 per service contract.

**Assumptions**

The number of service contract providers and transactions will remain relatively consistent in future fiscal years.

**Fiscal Impact**

[Senate File 595](#) will result in an annual estimated net increase in revenue of \$111,800 beginning in FY 2020. Of this net increase, the SCOF will receive \$37,300 and the CRF will receive \$74,500. **Table 1** below illustrates in greater detail the fee and revenue changes. Despite creating a net increase in total revenue, [Senate File 595](#) will reduce revenues for the CRF by an estimated \$96,900 (**Table 2**).
