

[HF 642](#) – Special Education Sharing (LSB2065HV)
 Staff Contact: Michael Guanci (515.725.1286) michael.guanci@legis.iowa.gov
 Fiscal Note Version – New

Description

[House File 642](#) adds a special education director to the list of eligible operational functions and job positions eligible for a supplementary weighting of 3.0 pupils. The Bill provisions would apply to the school year beginning in FY 2022. The first year of funding would begin in FY 2023.

Background

Iowa Code section [257.11\(5\)](#) allows for supplementary weighting for school districts and Area Education Agencies (AEAs) that share Iowa Code-specified job positions for at least 20.0% of the school year. Supplementary weighting under this provision is available through FY 2025. For more information on shared operational functions, see the *Issue Review* [School Aid — Supplementary Weightings](#).

A special education director has specific licensure requirements set by the Board of Educational Examiners (BOEE), and AEA special education directors have delineated duties under Iowa Administrative Code. Due to program oversight responsibilities, there may be a conflict with an AEA special education director sharing the position with a school district.

Assumptions

- Based on preliminary 2020-2021 school year data, 200 school districts will be eligible to receive the full weighting for the shared operational function, and 12 school districts will be eligible for partial weightings.
- For estimation purposes, it is assumed that 20.0% of the eligible districts will begin sharing in FY 2022.
- Funding for eligible school districts will begin in FY 2023, and end in FY 2025.
- Supplementary weighting is funded through a combination of State aid and property taxes.
- Under current law, the State cost per pupil (SCPP) is \$7,048 and the Property Tax Replacement Payment (PTRP) is \$131 for FY 2023.
- Any legislative changes to the SCPP will alter the fiscal impact provided.

Fiscal Impact

House File 642 will increase funding for school districts from the General Fund appropriation for State aid and property taxes in the amounts listed below.

Fiscal Year	Number of School Districts	State Aid	Property Taxes	Total
2023	43	\$ 787,125	\$ 93,750	\$ 880,875
2024	43	787,125	93,750	880,875
2025	43	787,125	93,750	880,875

It is not known if any AEAs will share the special education director function with a school district. Each additional AEA that is eligible, and is not currently generating funding for supplementary weighting, will increase State aid funding by \$30,000.
