Fiscal Note Version – New

#### Description

<u>House File 186</u> adds Land Use Districts created under subchapter IV of Iowa Code chapter <u>303</u> to the list of entities allowed to impose a local option hotel and motel tax. That optional tax is currently only available to cities and counties.

Under current law, the use of revenue derived from a hotel and motel tax is controlled by Iowa Code subsection <u>423A.7(4)</u> and that subsection is not changed by this Bill. The Bill allows a Land Use District to use the hotel and motel tax revenue for any lawful purpose of the Land Use District.

#### **Background**

The local option hotel and motel tax is created in lowa Code chapter <u>423A</u>. A hotel and motel tax of up to 7.0% is allowed on the sales price of rented lodging. A county may impose a tax that applies to lodging within a city, but not if the city has in place its own hotel and motel tax.

lowa's only Land Use District is the Amana Colonies in northeast Iowa County. Iowa County currently has a 7.0% hotel and motel tax that applies to lodging within the Amana Colonies. Current law does not allow the Amana Colonies to establish its own hotel and motel tax, as the Colonies does not qualify as a city or county.

For FY 2015 and FY 2016, lowa County collected an average of \$127,000 in hotel and motel tax each year. A portion of that \$127,000 was derived from rented lodging within the Amana Colonies.

lowa Code section 303.66 allows a Land Use District to levy a property tax of up to \$0.27 per thousand dollars of taxed value on property within the Land Use District that is not tillable farmland, pastureland, timber pasture, or forestland. The Amana Colonies levies the maximum rate and the levy is budgeted to produce \$26,000 in FY 2017.

### **Fiscal Impact**

The Bill allows the Amana Colonies to put in place its own hotel and motel tax at a rate of up to 7.0% and utilize the revenue derived for any lawful purpose. If the Amana Colonies implements a local option hotel and motel tax, some unknown portion of \$127,000 will be raised by the tax each year.

Implementation of a hotel and motel tax by the Amana Colonies will reduce lowa County revenue by whatever portion of the current county hotel and motel tax revenue is derived from lodging within the Amana Colonies.
