Fiscal Note Version – New

Description

[Senate File 2393](#) (Secure an Advanced Vision for Education Extension) contains two provisions regarding the Secure an Advanced Vision for Education (SAVE) and Property Tax Equity Relief (PTER) funds. The Bill provides for the extension of the one-cent sales tax that is distributed to school districts for the following uses:

- Reduction of bond levies.
- Reduction of regular and voted physical, plant, and equipment levies (PPEL).
- Reduction of the public educational and recreation levy (PERL).
- Authorized infrastructure projects.
- Payment of principal and interest on bonds issued under the School Infrastructure Local Option (SILO) Sales Tax or SAVE.

The Bill extends the sunset of SAVE to January 1, 2050, and adjusts the amount of funds being directed into the PTER fund. For fiscal years in which the growth of SAVE is more than 2.0% over the previous fiscal year, the amount directed into the PTER Fund will increase by 1.0%, until it reaches a cap of 10.0% of the funds generated by SAVE.

Background

During the 2008 Legislative Session, the General Assembly enacted [HF 2663](#) (State Sales and Use Tax for School Infrastructure Act). Beginning July 1, 2008, the Act repealed the SILO Sales Tax, which was enacted by individual counties; increased the State sales tax from 5.0% to 6.0%; and designated the increase to be used for school infrastructure purposes and property tax relief. The State sales/use tax for school infrastructure (SAVE) is currently set to be repealed at the end of 2029.

In FY 2015, the rate of distribution into the PTER Fund was set at 2.1% of the total funding generated by the 1.0% SAVE sales tax. The remaining 97.9% of the 1.0% sales tax is distributed on a per pupil basis to school districts. The PTER funding generated by SAVE is combined with an annual \$24.0 million General Fund standing appropriation and is used within the State school aid formula to reduce the additional property tax levy for districts with the highest property tax rates. For the purpose of the FY 2018 school aid formula, the 2.1% allocation generated \$9.7 million, or a total of \$33.7 million, in funding for PTER, which was distributed across 61 school districts with the highest additional property tax rates. The FY 2018 PTER distribution was based on the total FY 2016 generated by SAVE.

Assumptions

- Estimated FY 2017 and FY 2018 increases in SAVE are set at a 2.45% growth rate.
- The growth rate for estimated FY 2019 to FY 2050 is set at 2.48% based on the average annual growth of SAVE from FY 2009 to estimated FY 2017.
- The amount of the PTER Fund transfer will increase by 1.0% annually beginning in FY 2019 until FY 2026, when it will reach 10.0%. If SAVE revenue does not grow at a greater than

2.0% rate each year between FY 2019 and FY 2026, it may take longer to reach the 10.0% cap.

Fiscal Impact

Table 1 shows the estimated fiscal impact on distribution to schools for SAVE purposes and distribution to the PTER Fund until FY 2050. Fiscal Year 2050 is a half fiscal year.
