Fiscal Note Version — Amendment H-1281 – Revised
Requested by: Representative Philip Wise

Description

Amendment H-1281 removes sand and chemicals from the foundry sales tax exemption proposed in House File 654.

Fiscal Impact

Removing sand and chemicals from the sales and use tax exemption proposed by Amendment H-1281 to HF 654 would reduce the Bill's impact on General Fund revenues. The fiscal impact of Amendment H-1281 would be a reduction in General Fund revenues of $133,000 in FY 2004 and $138,000 in FY 2005. Similar reductions would occur in future fiscal years.

Also, the retroactive application of the exemption (mold and core making equipment only) contained in HF 654 would reduce General Fund net revenues in FY 2004 by an additional $800,000.

The tax exemption could also impact those local governments with a local option sales tax. House File 654, as amended by H-1281, could reduce local sales tax revenues by $27,000 per year.
