# Federal COVID Relief Funding

**CARES Act, ARPA, and Other Federal Stimulus Acts.** In response to the COVID-19 pandemic, the federal government has enacted six Acts since March 2020. Those Acts are:

- [H.R. 6074](#) — Coronavirus Preparedness and Response Supplemental Appropriations Act, enacted March 6, 2020.
- [H.R. 6201](#) — Families First Coronavirus Response Act, enacted March 18, 2020.
- [H.R. 748](#) — Coronavirus Aid, Relief, and Economic Security (CARES) Act, enacted March 27, 2020.
- [H.R. 266](#) — Paycheck Protection Program and Health Care Enhancement Act, enacted April 24, 2020.
- [H.R. 133](#) — Consolidated Appropriations Act, 2021, enacted December 27, 2020.
- [H.R. 1319](#) — American Rescue Plan Act of 2021 (ARPA), enacted March 11, 2021.

Through September 5, 2025, State agencies in Iowa have reported federal awards totaling \$11.471 billion related to the six Acts to address a wide variety of expenses related to the COVID-19 pandemic. Of this total, \$8.256 billion was awarded directly to agencies, \$1.253 billion was awarded to the Iowa Coronavirus Relief Fund (ICRF), \$1.810 billion was awarded to the Iowa Coronavirus State and Local Fiscal Recovery Fund (SLFRF) for the State and nonentitlement units of government, and \$152.2 million was awarded to the Coronavirus Capitals Fund. Although expenditure for some programs is no longer authorized, many will continue with the final performance date extending to 2027.

Funds Received by Iowa State Agencies as of September 5, 2025

Note: Funds awarded to the ICRF and the SLFRF include earned interest.

# Federal COVID Relief Funding

Total expenditures from the eight programs that have accounted for the most funding across all six federal Acts are outlined in the figure below. The majority of expenditures (70.9%) occurred from FY 2020 to FY 2022. Expenditures have decreased each year since FY 2021 with 6.1% of expenditures occurring in FY 2025 and 0.5% occurring so far in FY 2026.

Note: This figure reflects expenditures that occurred between July 1 and June 30 without regard to accrual adjustments.

Federal payments for unemployment insurance, which are separate from any payments made to unemployment insurance from the ICRF and SLFRF, were more than half of all expenditures in FY 2020 (58.1%) and FY 2021 (55.8%). The ICRF was the second major program from which expenditures were made and comprised 26.2% of expenditures in FY 2020 and 18.9% in FY 2021. Medicaid expenditures were made monthly until the end of calendar year 2023. The Medicaid Program has comprised 12.4% of total expenditures since FY 2020. Epidemiology and Laboratory Capacity for Infectious Diseases spending has remained relatively steady since FY 2021 and has comprised 2.0% of total expenditures. The Child Care and Development Block Grant has comprised 4.9% of total expenditures. Two separate programs related to the Elementary and Secondary School Emergency Relief Fund have been major sources of expenditures with a combined \$1,185.9 million (11.7%) in spending since FY 2020. Beginning in FY 2022, the SLFRF began to contribute to spending with a total of \$1,285.4 million in expenditures. This will continue to be one of the major programs in the future. As of September 5, 2025, a total of \$54.6 million from COVID-19 funds has been spent in FY 2026.

# Federal COVID Relief Funding

The figure above shows how federal relief funding has been spent by quarter and how expenditures have slowed. The figure displays larger expenditures at the start of the COVID-19 pandemic (FY 2020 Q4) in response to the public health emergency and economic slowdown with expenditures decreasing as the situation began to stabilize. The ICRF accounted for a large part of spending through FY 2021 Q3, but expenditures since then have decreased. Funding provided directly to departments has provided the largest share of expenditures in most quarters. Expenditures from the SLFRF began in FY 2022 Q1, but these expenditures were driven by the two largest payments. One was a transfer to the Unemployment Compensation Trust Fund, and the second was a transfer to nonentitlement units of government in Iowa.

To summarize, the ICRF is nearing the point of final closeout with nearly all funds spent. Funding allocated directly to departments is the largest source of expenditures, but these funding streams will begin sunsetting. Approximately one-third of the awards to the SLFRF have yet to be expended, though most of these funds have been obligated.

# Federal COVID Relief Funding

The figure below focuses more closely on the eight programs with the most expenditures in FY 2025. The SLFRF comprised the majority of FY 2025 expenditures (60.6%). The American Rescue Plan Elementary and Secondary Emergency Relief was 13.5% of all expenditures. The Epidemiology and Laboratory Capacity for Infectious Diseases was 6.6% of all expenditures.

The following sections go into more detail on the four main types of federal awards made to the State of Iowa:

- Funding made directly to departments
- Funding to the ICRF
- Funding to the SLFRF
- Funding to the Coronavirus Capitals Fund

# Federal Funding Directly to Departments

## Federal Funding Directly to Departments

The figure below displays the eight agencies that received the most funding that was awarded directly to agencies. Of the \$8.256 billion in federal funds awarded directly to State agencies, \$7.554 billion (91.5%) has been expended as of September 5, 2025. Of the total year-to-date expenditures, \$3.027 billion (40.1%) has been expended for worker unemployment benefits and child care grants. This figure does not include the funds from the ICRF and SLFRF allocated for this same purpose. The then-Department of Human Services has expended \$1.852 billion (24.5%), the majority of which has been dedicated to the Medical Assistance Program. The Department of Education has expended \$1.475 billion (19.5%), with approximately half of expenditures going to American Rescue Plan Elementary and Secondary School Emergency Relief. The then-Department of Public Health has expended \$380.0 million (5.0%). The Board of Regents has expended \$318.4 million (4.2%). The Department of Transportation has expended \$180.7 million (2.4%). The Iowa Finance Authority has expended \$151.1 million (2.0%). The then-Department of Human Rights has expended \$104.4 million (1.4%). The **Appendix** at the end of this document details the \$8.256 billion awarded directly to State agencies by program.

Note: Awards to State agencies were made prior to State government alignment.

# Iowa Coronavirus Relief Fund

---

## **Iowa Coronavirus Relief Fund (ICRF)**

Iowa received \$1.250 billion in federal funds through the CARES Act on April 20, 2020. To date, \$2.6 million in interest earnings has been credited to the ICRF. As of September 5, 2025, net transfers to agencies total \$1.247 billion, with some funds having been returned to the ICRF. The current balance in the ICRF is \$2.2 million. Of the \$1.247 billion transferred to State agencies, a total of \$293,000 remains unexpended. The U.S. Department of the Treasury has revised the guidance to provide that a cost associated with a necessary expenditure incurred due to the public health emergency shall be considered to have been incurred by December 31, 2021, if the recipient has incurred an obligation concerning such cost by December 31, 2021. Recipients were allowed to record expenditures through September 30, 2022. As of this date, \$3.2 million has been returned to the federal government. A final report has not been issued on all ICRF expenditures, but the State is allowed to retain interest earnings for administrative expenses.

# Iowa Coronavirus State and Local Fiscal Recovery Fund

## **Iowa Coronavirus State and Local Fiscal Recovery Fund (SLFRF)**

The State of Iowa has received \$1.703 billion in federal support and \$107.1 million in interest as of September 5, 2025, that has been deposited in the SLFRF. A total of \$1.332 billion has been transferred to various agencies. The first \$237.5 million was transferred to the Iowa Workforce Development (IWD) Unemployment Insurance Trust Fund. These funds are used to support ongoing unemployment benefits for Iowans. An additional \$221.2 million was transferred to the Iowa Department of Revenue for payments to nonentitlement units of government, which are cities with a population of less than 50,000. Funds provided to State and local governments have broad spending flexibility, including addressing emergency and economic effects of the pandemic; replenishing revenue losses due to the shutdown of the economy; investments in water, sewer, and broadband infrastructure; and premium pay to essential workers.

Funds in the SLFRF must be used to cover costs incurred by recipients between March 3, 2021, and December 31, 2024. Funds must be obligated by December 31, 2024, and expended by December 31, 2026, or they will revert to the federal government. As of September 5, 2025, \$524.3 million remains unexpended.

The figure below reflects SLFRF activity across the State. Total unexpended funds includes moneys that remain in the SLFRF and moneys that were transferred to departments but have not been expended by the State.

The following figures show expenditures at a program level. Note that some programs may show expenditures that exceed transfers that have been made to a department. The discrepancy is primarily due to the ongoing nature of transaction reporting. The Legislative Services Agency (LSA) will monitor these programs.

- **IowaWORKS Mobile:** The Governor has transferred \$308,000 for a mobile workforce center. The goal of the center is to expand the reach of Iowa's workforce-related programs and speed up the response in situations where there are large layoffs in a particular community. The IWD has expended \$353,000. This expenditure exceeds the amount transferred to date by \$46,000, but additional funds are expected to be transferred in the future.
- **Home Base Iowa Portal:** The Governor has transferred \$197,000 to improve job resources and data collection through the IowaWORKS platform related to veterans employed through Home Base Iowa. The IWD has expended \$145,000, and there is a balance of \$52,000 remaining.

# Coronavirus Capitals Fund and Other Information

## Coronavirus Capitals Fund

The Coronavirus Capitals Fund is another source of federal funding under the discretion of the Governor. The funding for this Program will total \$152.2 million. These funds will be allocated for broadband expansion in Iowa. As of September 5, 2025, \$36.6 million has been transferred to the Broadband Fund and the OCIO is reporting \$36.8 million in expenses. Additional transfers to the Broadband Fund are expected.

## Other Information

**Reporting Requirements.** On June 17, 2021, the U.S. Department of the Treasury released [Compliance and Reporting Guidance](#) for the State and Local Fiscal Recovery Funds, which required the State to submit an Interim Report and a Recovery Plan Performance Report to the federal government by August 31, 2021.

In addition to the requirement to submit the reports to the federal government, 2021 Iowa Acts, [HF 895](#) (FY 2022 and FY 2023 Federal Block Grant Appropriations Act), requires that whenever the DOM is required to report to the U.S. Department of the Treasury on the State and Local Fiscal Recovery Funds, the DOM is also required to submit the same information to the LSA. The DOM filed the information with the LSA on August 4, 2025. The [report](#) is available on the Legislative website under required reports.

**Dashboard: Federal COVID-19 Relief — Awards and Expenditures.** The Fiscal Services Division of the LSA has published an interactive Tableau dashboard that displays details regarding federally provided COVID-19 relief. The dashboard details statewide awards and expenses at the program level. The dashboard is available at: [www.legis.iowa.gov/publications/covid19Relief](http://www.legis.iowa.gov/publications/covid19Relief).
