Gaming Regulation (Riverboat and Pari-Mutuel) — Gaming Regulatory Revolving Fund

Purpose

The Gaming Regulation appropriation provides for administration of pari-mutuel and excursion (riverboat) gambling boat laws under Iowa Code chapters [99D](#) and [99F](#), respectively, as well as associated administrative rules. The Iowa Racing and Gaming Commission (IRGC) approves the regulatory fees at its June meeting each year in order to have the regulatory fees established at the beginning of the fiscal year. Regulatory costs include the annual IRGC appropriation and the Department of Public Safety's Division of Criminal Investigation (DCI) costs for both pari-mutuel and excursion gambling. Upon establishment of the regulatory fees, the IRGC releases a memo to the general managers of all gaming entities, informing them of the regulatory fees for the following fiscal year.

Prior to FY 2016, the appropriation associated with Gaming Regulation consisted of two separate budget units. Beginning in FY 2016, these budget units were consolidated into one budget unit. Gaming Regulation funding is determined by the Administration and Regulation Appropriations Subcommittee.

Pari-Mutuel Regulation

The Racing and Gaming Commission's racing (pari-mutuel) services include the areas of licensing, compliance, and information services, as well as racing animal welfare. Rules are in place for drug-testing greyhounds and horses racing at pari-mutuel racetracks. The Commission employs qualified veterinarians to oversee the animals. The veterinarians are responsible for performing pre- and postrace examinations of the animals, obtaining specimens for drug testing, and performing stable/kennel inspections, among other responsibilities.

Riverboat Regulation

The Racing and Gaming Commission's nonracing (riverboat) services are categorized into three main areas:

- **Licensing:** Gaming facilities, all persons working and participating at the facilities, and all manufacturers and distributors participating in businesses with the facilities are licensed by the Commission prior to conducting business or working for a facility. Licensure involves completing an application and undergoing a background check.
- **Compliance:** The Commission ensures compliance with all rules and statutes governing racing and gaming. From the first step of approving electronic gaming devices to the final administrative action, the Commission monitors all aspects of racing and gaming in Iowa. The Commission verifies all racing and gaming revenues that are due to the State to ensure that the related government entities
