Department of Administrative Services Operations

Overview

The Iowa Department of Administrative Services (DAS) was created in 2003 Iowa Acts, chapter [145](#) (Department of Administrative Services Act), to manage and coordinate the central support functions of State government with an entrepreneurial, customer-focused approach. The Department is organized into the following areas:

- Core/Finance — The DAS Core is responsible for internal and administrative operations within the Department, including budgeting, accounts payable, accounts receivable, mail service, the Customer Service Center, legal counsel, legislative liaison, marketing, communications, Customer Council Support, and the Director's office. Collectively, these functions are known as "shared services," services that were consolidated at the formation of the DAS.
- Human Resources Enterprise (HRE) — HRE provides personnel services to Iowa State government, including qualification of applicants for State jobs, classification, compensation, selection assistance, affirmative action, workforce planning, performance evaluation, workforce data gathering, reporting and analysis, labor relations, benefits, risk management and leave administration, safety, workers' compensation and Return to Work, wellness, training and development, and consultation with and advice to State agencies on human resources matters. The Board of Regents, Community-Based Corrections, and the State Fair Authority use HRE services on a limited basis.
- General Services Enterprise (GSE) — The GSE maintains all Capitol Complex and Ankeny Laboratory buildings, grounds, and monuments; provides statewide architectural and engineering project management services for construction projects; and provides mail services to State agencies.
- Central Procurement and Fleet Services Enterprise (CPFSE) — The CPFSE manages procurement activities for most Executive Branch agencies and operates the State's vehicle fleet.
- State Accounting Enterprise (SAE) — The SAE collects and reports financial information and processes financial transactions for all branches of government. The SAE also administers State payroll.

Funding

The DAS receives a General Fund appropriation in the Administration and Regulation Appropriations Act to support its operations. Enterprise services are supported by fees billed to other State agencies for services received.
