Budget Unit Brief — FY 2027

Alton Garage Replacement — PRF

July 1, 2026

Purpose and History

This appropriation for FY 2027 is intended to fund the renovation of the Department of Transportation (DOT) garage in Alton. The Alton maintenance facility was constructed in 1940 and is no longer properly sized or arranged to operate larger modern equipment that the DOT uses. The facility does not meet current building code safety and Americans with Disabilities Act (ADA) standards; and has wash bay, plumbing, and water pressure issues.

Funding

The General Assembly appropriated \$13.0 million from the Primary Road Fund (PRF) to the DOT in FY 2027 to renovate the Alton garage facility.
