Criminal and Juvenile Justice Planning Division, Department of Human Rights

Overview

The Division of Criminal and Juvenile Justice Planning (CJJP), Department of Human Rights, performs research, policy analysis, program development, and data analysis activities to assist policymakers, justice system agencies, and others to identify issues and improve the operation and effectiveness of Iowa's justice system. The Division operates a justice system information clearinghouse, serves as the Iowa Statistical Analysis Center, and is a member of the Justice Research and Statistics Association (JRSA). The CJJP uses its data warehouse to provide correctional impact estimates for changes to Iowa law for use by the Legislative Services Agency in Fiscal Notes with correctional impact statements.

The Division also administers federal and State grant programs to fund local and State projects to prevent juvenile crime, provide services to juvenile offenders, and otherwise improve Iowa's juvenile justice system. These funds are distributed through competitive grants and formula allocation procedures. The Iowa Criminal and Juvenile Justice Planning Advisory Council and the Iowa Juvenile Justice Advisory Council oversee CJJP activities.

The Division has several boards and councils:

- Juvenile Justice Advisory Council (JJAC): The JJAC is responsible for monitoring the condition of juvenile justice within Iowa, making juvenile justice recommendations to the Governor and the Legislature, helping develop and implement the State's three-year plan for juvenile justice, advising on the use of federal funds allocated to the State for juvenile justice efforts, and monitoring Iowa's compliance with the federal Juvenile Justice and Delinquency Prevention Act.
- Disproportionate Minority Contact (DMC) Committee: The DMC Committee is charged with planning and implementing activities to reduce the overrepresentation of minority youth in the juvenile justice system.
- Iowa Task Force for Young Women (ITFYW): The purpose of the ITFYW is to facilitate a comprehensive, fundamental change in the juvenile justice system that will enhance the understanding and utilization of innovative female-responsive approaches in all programs and services, particularly those that serve the adolescent female population of Iowa's juvenile justice system.
- Iowa Sex Offender Research Council (SORC): The charge of the SORC is to study and make recommendations for treating and supervising adult and juvenile sex offenders in institutions, community-based programs, and the community. The Council studies sex offense charge and conviction rates, sex offender prison admissions and releases, sex offending crime nature (offender to victim relationship), community supervision efforts, and juvenile sex offenders.
