University of Iowa — General Education

Purpose and History

Iowa has three public universities under the authority of the Iowa Board of Regents. Each university provides a broad array of programs and degrees while maintaining its own cultural heritage.

University of Iowa (UI) was established in 1847 and is a major national research university. The University offers more than 100 areas for both undergraduate and graduate study that range across the arts, sciences, and humanities, and it offers seven professional degrees. The areas of study are organized into 11 colleges: Liberal Arts and Sciences, Education, Engineering, Law, Nursing, Pharmacy, Dentistry, Public Health, the Henry B. Tippie College of Business, the Roy J. and Lucille A. Carver College of Medicine, and the Graduate College.

Funding

The annual General Fund appropriation to UI has been at \$211.6 million since FY 2018. For FY 2019, the General Assembly gave the Board of Regents a lump sum appropriation of \$8.3 million to be allocated to provide the three universities with an increase in funding at the discretion of the Board. The Board allocated \$3.2 million of the appropriation to the UI, bringing total State funding for General Education at UI to \$214.8 million for FY 2019.
