Maternal and Child Health Data Integration — RIF

Purpose

This appropriation was intended to integrate data systems related to programs for maternal, child, and infant dental health. The funding will merge five data collection systems into one and allow for quicker data sharing and analysis. The system will be web-based and will replace older systems. The goal of the project is to reduce staff time allocated to data and records management and increase time with customers.

Funding

This appropriation received funding of \$500,000 from the Rebuild Iowa Infrastructure Fund in FY 2016 and \$500,000 in FY 2017.
