Flood Mitigation Program and Sales Tax Funding

History and Purpose

The [Flood Mitigation Program](#) was created in [2012](#). The Program provides a State funding source to finance flood mitigation projects undertaken by approved local governments. The funding source is a diversion of State sales tax revenue from the State General Fund to the approved local governments. The [Iowa Flood Mitigation Board](#) manages the Program.

The Iowa Department of Revenue provides assistance in determining the amount of funding available to each of the approved local governments. The amount of funding available each quarter is determined by comparing the retail sales within a specific geographic area¹ in a given quarter to the amount of retail sales in that same area for that same quarter in a base year. No provision is made in the calculation for ordinary retail sales growth within the area since the base year. The calculated State sales tax from the retail sales growth is available to the local governments for flood mitigation finance. Local governments are permitted to issue bonds that will be repaid with the sales tax revenue made available under the Program.

Table 1
Flood Mitigation Funding Summary
In Millions

Local Government	Approved Sales Tax Funding	Sales Tax Funding Time Frame	Total Funds, All Public Sources	Budgeted Bond Debt
Burlington	\$ 26.2	2016-2035	\$ 64.2	\$ 6.9
Cedar Falls	5.7	2015-2020	13.3	0.0
Cedar Rapids	269.4	2014-2033	576.1	0.0
Coralville	9.8	2014-2027	23.5	0.0
Council Bluffs	57.0	2015-2034	114.0	0.0
Des Moines *	111.1	2016-2035	308.6	0.0
Dubuque	98.5	2014-2033	200.9	28.8
Iowa City	8.5	2014-2021	63.4	6.0
Storm Lake	4.1	2015-2033	8.2	3.1
Waverly	5.6	2014-2025	11.3	9.1
Total	\$ 595.9		\$ 1,383.5	\$ 53.9

* City of Des Moines and Metropolitan Wastewater Reclamation Authority

The Board is allowed to approve sales tax funding for local government projects. A local government is allowed to receive sales tax revenue for flood mitigation for up to 20 years after the local government's

¹ For nine cities, the geographic area for the increment calculation is the entire city. For the Des Moines/Metro Wastewater Reclamation Authority, the geographic area encompasses Des Moines and many surrounding cities.

project has been approved by the Board.² No local government is allowed to receive more than \$15.0 million in sales tax revenue under the Program in any one fiscal year. The first quarterly sales from which sales tax revenue growth could be calculated and transferred for the Program was the third quarter of FY 2014. Sales tax allocations to six of the 10 local governments continue through at least FY 2033.

The Board has approved a total of \$595.9 million in sales tax funding for the projects of 10 approved local governments. The funding schedule runs from FY 2014 through FY 2035. The total sales tax funding approved, sales tax diversion time frames, total funds from all sources,³ and project bond debt are provided above in **Table 1**. **Table 1** reflects reports filed by the approved local governments through the end of April 2020. The reported debt column represents original debt to be repaid with diverted sales tax revenue. Some debt repayment may have occurred since the original debt amount was reported. Iowa Code section [418.14](#) authorizes the issuance of bonds that are to be repaid in whole or in part with the sales tax revenue authorized under the Program.

Current Budget Impact

Sales tax funding of the Flood Mitigation Program negatively impacts State General Fund revenue through periodic transfers out of the State General Fund to the Sales Tax Increment Fund. The transfers to the Sales Tax Increment Fund decrease, dollar for dollar, State General Fund revenue for the year.

For FY 2014 through the end of FY 2020, a total of \$158.1 million has been transferred from the State General Fund to the Sales Tax Increment Fund. Of the \$158.1 million, a total of \$153.6 million has been remitted to the 10 approved local governments, leaving a balance in the Sales Tax Increment Fund of \$4.5 million, as shown in **Table 2**.

Iowa Code section [418.12\(4\)\(a\)](#) limits the aggregate amount that may be remitted to local governments in one fiscal year to no more than \$30.0 million. The State Accounting System indicates that for FY 2020, the total amount of sales tax withdrawn from the State General Fund for the Flood Mitigation Program was \$31.4 million, and the total amount remitted to local governments was \$30.1 million.

	FY 2014	FY 2015	FY 2016	FY 2017	FY 2018	FY 2019	FY 2020	Total
Beginning Balance	\$ 0	\$ 154,611	\$ 12,148,548	\$ 3,050,921	\$ 5,155,493	\$ 6,140,404	\$ 3,165,616	\$ 0
Sales Tax Revenue	\$ 2,185,642	\$ 26,738,512	\$ 20,899,482	\$ 29,073,364	\$ 24,644,752	\$ 23,134,203	\$ 31,448,842	\$ 158,124,797
Distributions:
