Iowa Law Enforcement Academy Internal Training Clearing Fund

Background and Purpose

The Iowa Law Enforcement Academy (ILEA) Internal Training Clearing Fund was established in 2017 Iowa Acts, chapter [167](#) (FY 2018 Justice System Appropriations Act). The Fund was created as a separate Fund within the State Treasury and administered by the ILEA. The purpose of the Fund, pursuant to Iowa Code section [80B.19](#), is for moneys collected primarily from billings in accordance with Iowa Code chapter [80B](#) to government entities for services rendered by the Academy. Moneys remaining in the Fund do not revert at the close of the fiscal year and remain available for expenditure, and any interest earned is credited to the Fund.

Other moneys that can be obtained or accepted by the Academy include but are not limited to gifts, loans, donations, grants, and contributions, which are obtained or designated to support the activities of the ILEA. The proceeds of the Fund are used by the ILEA for the operations consistent with Iowa Code chapter 80B.

Fund Revenue

The Fund is supported primarily through billings to State and local government entities for training services rendered by the ILEA such as continuing education courses, certification programs, and other specialized training not covered under the ILEA Basic Academy training curriculum. As stated in Iowa Code section [80B.11B](#)(3), attendance fees for courses, schools, and seminars other than the Basic Academy training course determined by the ILEA Director and approved by the [Academy Council](#) shall be used at the direction of the ILEA to fulfill its responsibilities.

Moneys collected from government agencies are deposited into the Fund and used to pay for the cost of the services provided. Because the Fund is driven by demand for Academy services, revenue varies based on training volume and participation by government agencies. The Fund helps the ILEA maintain cost recovery and continuity for services outside its core training mission.
